Accordingly, management uses these non-GAAP measures, along with the comparable GAAP information, in evaluating our historical performance and in planning our future business activities. Please note that our non-GAAP measures may be different than those used by other companies. The additional non-GAAP financial information we present should be considered in conjunction with, and not as a substitute for, our financial information presented in accordance with GAAP. We have provided a non-GAAP reconciliation of the Condensed Consolidated Statement of Operations for the periods presented in this release, which are adjusted to exclude restructuring charges, share-based compensation expense and litigation settlements for these periods.
