

Extreme Networks to Participate in Mid-America Telecom Showcase & Seminar

Extreme Networks Showcasing RUS Accepted Next-Generation Ethernet Transport Solutions

SANTA CLARA, Calif., Oct 19, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- Extreme Networks, Inc. (Nasdaq: EXTR) today announced that it will showcase its RUS Accepted next-generation Ethernet Transport solutions at the Mid-America Telecom Showcase & Seminar (MATSS), October 19-20, 2009 at the Hyatt Regency Crown Center in Kansas City, Missouri.

The company will highlight how its Ethernet Transport solutions enable carriers to increase network longevity by gracefully expanding video and other services on their networks, delight their subscribers with proactive service management, and lower their total cost of ownership by deploying easy-to-operate next-generation networks.

A Diamond sponsor of MATSS, Extreme Networks has the honor of addressing attendees at the general session. Extreme Networks will highlight a 10 Gigabit Ethernet Transport reference architecture built with the company's Metro Ethernet Forum (MEF) certified and RUS-Accepted Summit(R) and BlackDiamond(R) Ethernet transport switch families.

Extreme Networks, Inc.

Extreme Networks provides converged Ethernet networks that support data, voice and video for enterprises and service providers.
