“If our network can't provide a highly reliable, seamless experience throughout the game, our fans will stay home.”

VICE PRESIDENT OF FACILITIES AND GAME DAY OPERATIONS
“It’s very rare to find a solution that drives automation, minimizes security risk, and reduces costs without sacrificing one for another.”

DIRECTOR NETWORK SERVICES, OSF HEALTHCARE
“We needed a new mission critical network solution that would help us identify new efficiencies and automate manual processes.”

VP, INFORMATION SYSTEMS, STIB
“Our network infrastructure is the lifeblood of our organization and represents an important enabler for digital transformation.”

DIRECTOR IT SERVICES, LEEDS BECKETT UNIVERSITY
WE ARE EXTREME
