Item 1. Business

Overview

Extreme Networks, Inc. (“Extreme” or “Company”) is a leading provider of cloud networking solutions and industry leading services and support. Extreme designs, develops, and manufactures wired, wireless, and software-defined wide area-network (“SD- WAN”) infrastructure equipment, software and cloud-based network management solutions. The Company's cloud solution is a single platform that offers unified network management of wireless access points, switches, and SD-WAN. It leverages machine learning, Artificial Intelligence for Information Technology Operations (“AIOps”) and analytics to help customers deliver secure connectivity at the edge of the network, speed cloud deployments, and uncover actionable insights to save time, lower costs, and streamline operations.

Extreme has been pushing the boundaries of networking technology since 1996, driven by a higher purpose of helping our customers connect beyond the network. Extreme’s cloud networking technologies provide flexibility and scalability in deployment, management, and licensing of networks globally. Our global footprint provides service to over 50,000 customers including some of the world’s leading names in business, hospitality, retail, transportation and logistics, education, government, healthcare, manufacturing, and service providers. We derive all our revenues from the sale of our networking equipment, software subscriptions, and related maintenance contracts.

Our global headquarters is located at 2121 RDU Center Drive, Suite 300, Morrisville, North Carolina 27560, and our telephone number is (408) 579-2800. We have several corporate offices in the United States and international locations. Our website is www.extremenetworks.com.

Industry Background

Enterprises across every industry are going through unprecedented changes, such as leading digital initiatives, migrating their workloads to cloud-based environments, modernizing applications, finding new ways to leverage generative AI ("GenAI") technology, and adopting to a distributed workforce. In order to accomplish this, they are adopting new Information Technology (“IT”) delivery models and applications that require fundamental network alterations and enhancements spanning from the access edge to the data center. As networks become more complex and more distributed in nature, we believe IT teams in every industry will need more control and better insights than ever before to ensure secure, distributed connectivity and comprehensive centralized visibility. Networking is mission critical and touches all elements of how services are delivered to customers, employees, students, and patients. Managing networks from cloud-based applications where customers can run their entire end-to-end networks, from wired or wireless infrastructure to SD-WAN, while ensuring full IT management of the business becomes critical. In addition, Machine Learning (“ML”) and Gen AI technologies have the potential to vastly improve the network experience in today's world by collating large data sets to increase accuracy and derive resolutions to improve the operation of the network. When ML and GenAI are applied with cloud-driven networking and automation, administrators can quickly scale to provide productivity, availability, accessibility, manageability, security, and speed, regardless of the distribution of the network.

As the edge of the network continues to expand, our customers are managing more endpoints which comes with a host of challenges. This continued expansion creates issues such as a higher risk of cyberattacks and a need for more bandwidth as a result of an increase in applications running across the network.

Network complexity manifests itself in the form of more endpoints to manage, more applications to monitor, and more services that rely on the network for service delivery and enablement. When performance suffers, and the tug on internal systems and IT staff becomes more intense, technology is often being overworked. Resolving network problems expeditiously and identifying their root cause, can improve organizational productivity and result in higher performance of operations.

We believe that the network has never been more vital than it is today. As administrators grapple with more data, coming from more places, more connected devices, and more Software-as-a-service (“SaaS”) based applications, the cloud is fundamental to managing and maintaining a modern network. Traditional network offerings are not well-suited to fulfill enterprise expectations for rapid delivery of new services, more flexible business models, real-time response, and massive scalability.

As enterprises continue to migrate increasing numbers of applications and services to either private clouds or public clouds offered by third parties and to adopt new IT delivery models and applications, they are required to make fundamental network alterations and enhancements spanning from device access points (“APs”) to the network core. In either case, the network infrastructure must adapt to this new dynamic environment. Intelligence and automation are key if enterprises are to derive maximum benefit from their cloud deployments. With automation applications becoming increasingly critical in manufacturing, warehousing, logistics, healthcare and other key industries, we believe this will continue to create demand for networking technology to serve as a foundation to run these services.

Service providers are investing in network enhancements with platforms and applications that deliver data insights, provide flexibility, and can quickly respond to new user demands and 5G use cases.

We believe Extreme will continue to benefit from the use of its technology to manage distributed campus network architecture centrally from the cloud. Extreme has blended a dynamic fabric attach architecture that delivers simplicity for moves and changes at the edge of the network, together with corporate-wide role-based policy. This enables customers to migrate to new cloud managed switching, Wi-Fi, and SD-WAN, agnostic of the existing switching or wireless equipment they already have installed. In the end, we expect these customers to see lower operating and capital expenditures, lower subscription costs, lower overall cost of ownership and more flexibility along with a more resilient network.

We estimate the total addressable market for our Enterprise Networking solutions consisting of cloud networking, wireless local area networks ("WLAN"), data center networking, ethernet switching, campus local area networks ("LAN"), SD-WAN solutions and management, automation, and elements of the Secure Access Services Edge ("SASE") market to be over $47 billion, and growing at approximately 13% annually over the next five years. This comprises over $36 billion for networking and infrastructure spanning enterprise and service provider (largely 5G) applications, and $11 billion for networking cloud and security software, which is expected to grow to $31 billion by 2028.

The Extreme Strategy

We are driven to help our customers find new ways to deliver better outcomes. Connectivity is just the foundation. We make the network a strategic asset. The combination of our solutions provides the connectivity, bandwidth, performance and insights that organizations of all sizes need to move their organizations forward. IT leaders are now tasked with ensuring the global, hybrid workforce is functional and successful no matter where they are, and ensuring people can work wherever they want.

The integration of AI, security and analytics into a single platform is a key differentiator for Extreme, as it allows us to bring greater simplicity and flexibility for customers. Modern networking approaches enhance security and flexibility for enterprises and there is a rise in cloud-based services, SD-WAN and other driving forces to deliver services to customers and employees while minimizing cyber security threats. Extreme is investing in products that help customers drive flexibility and resilience in infrastructure.

Customers recognize that Extreme offers the simplest and easiest to manage, end-to-end enterprise networking platform in the industry. Our One Network, One Cloud, One Extreme solution, enhanced with our AI Ops capabilities, excels relative to the complex and high total cost of ownership solutions of our competitors. This framework remains a competitive differentiator, particularly at a time when major competitors have created complexity with disjointed solutions and uncertainty in their long-term rationalization of products and solutions. We are focused on helping customers find new ways to deliver better outcomes such as increased IT productivity, reduced operating expenses, or securing their business. Our sole focus on networking allows us to offer a differentiated and integrated portfolio and a clear roadmap to meet customers' needs.

Cloud networking management allows customers to gain real-time visibility and insights into areas such as application usage, location and workflow patterns across their environment, helping to inform strategic business decisions and create personalized experiences. Customers benefit from visibility, control and reduced time to resolution. This is the cornerstone of our One Network, One Cloud, One Extreme vision. Subscription services allow us to deliver more value over time to this installed base. Our flexibility in delivering management, AI, security and other capabilities to customers both on premises and in the cloud gives them much more value than our competitors. We have one license per device and compared to the complicated offerings of our competitors, this is a very differentiated value proposition. Extreme's broad product, solutions, and technology portfolio supports these tenets and continues to innovate and evolve them to help businesses succeed.

Extreme has recognized that the way we and our customers communicate has changed and given rise to these distributed enterprise environments, or in other words, the Infinite Enterprise, which has three tenets:

- **Infinitely distributed connectivity** is the enterprise-grade reliable connectivity that allows users to connect anywhere, from anywhere. It is always present, available and assured, while being secure and manageable.
- **Scalable cloud** allows administrators to harness the power of the cloud to efficiently onboard, manage, orchestrate, troubleshoot the network, and find data and insights of the distributed connectivity at their pace in their way.
- **Consumer-centric experience** designed to deliver a best-in-class experience to users who consume network services.

Extreme's broad product, solutions and technology portfolio supports these three tenets and continues to innovate and evolve them to help businesses succeed.

Key elements of Extreme's strategy and differentiation include:

- **Creating effortless networking solutions that allow all of us to advance.** We believe that progress is achieved when we connect—allowing us to learn, understand, create, and grow. We make connecting simple and easy with effortless networking experiences that enable all of us to advance how we live, work, and share.

- **Provide a differentiated end-to-end cloud architecture.** Cloud networking is estimated to be a $11 billion segment of the networking market comprising cloud-managed services and cloud-managed products, which are largely WLAN access points and ethernet switches, growing at 31% annually over the next five years, according to data from the 650 Group, Gartner, IDC and Dell'Oro. Cloud management technology has evolved significantly over the past decade. We believe we deliver a combination of innovation, reliability, and security with the leading end-to-end cloud management platform powered by ML and AI that spans from the Internet of Things ("IoT") edge to the enterprise data center. Key characteristics of our cloud architecture include:
    - A robust cloud management platform that delivers visibility, intelligence, and assurance from the IoT edge to the network core.
    - Cloud Choice for customers: Our cloud networking solution is available on all major cloud providers (Amazon Web Services ("AWS"), Google Cloud Platform ("GCP") and Microsoft Azure).
    - Consumption Flexibility: Offer a range of financing and network purchase options. Our value-based subscription tiers provide customers with flexibility to grow, as well as offer pool-able and portable licenses that can be transferred between products (*e.g.* access points and switches) at one fixed price.

- **AI** is a dynamic tool and is leveraged to drive productivity across our company and to offer security and GenAI solutions to our customers. Extreme's journey in AI began in 2020 with the advent of machine learning and purpose-built AI. We then introduced Co-Pilot AIOps in 2022 to further enhance network performance and troubleshooting. Today we have next exciting chapter – Extreme AI Expert – a GenAI solution that will help optimize networks, provide better design, improve mean time to resolution for technical issues, and create cost savings in the overall design and implementation of networks. We are utilizing AI to improve mean time to resolution for customers, both through our AIOps offerings as well as internal use of Extreme AI Expert. We announced a technology preview of our Extreme AI Expert showcasing its ability to speed up documentation searches and resolution of network performance issues. This allows our customers to optimize their network performance and make it easier to focus on value-added activities.
- There are several ways customers will be able to leverage our AI in the future:
  - **Knowledge queries** provide the ability to answer any question in context (*i.e.*, role, application, conversation). Questions are answered with Extreme's product documentation, GTAC knowledge base and selected training, and best practices material.
  - **Intelligent Queries** are answered with customer network data from multiple applications (XIQ, SD-WAN, etc.). User Manuals, Release Notes, How to Guides, EOSL, EOL, Licensing, Service Contracts ,and Company information.
  - **"What-If" Queries** give the ability for the system to work autonomously and optimize itself based on business key performance indicators ("KPIs"). These scenarios work on an on-demand, scheduled, or always-on basis. Predictive and scenario questions that are answered apply further processing to the network data, anomaly detections, pattern recognition, root cause analysis, predictive analytics and network optimization.
- **Enable a common fabric to simplify and automate the network.** Fabric technologies virtualize the network infrastructure (decoupling network services from physical connectivity) which enables network services to be turned up faster, with lower likelihood of error. They make the underlying network much easier to design, implement, manage and troubleshoot.
- **Offer a frictionless experience for secure hybrid work.** Our layered security approach is managed from one cloud and secure by design. We offer tightly integrated security with network fabric and infrastructure.
  - **We launched ExtremeCloud Universal ZTNA,** the first network security offering to integrate network, application, and device security within a single solution. By combining Cloud Network Access Control ("NAC") and Zero Trust Network Authentication ("ZTNA") into a single, easy-to-use SaaS offering, we help customers ensure unified observability, frictionless user experiences and a consistent security policy for applications and devices and supports secure hybrid work use cases for customers. As the VPN market transitions to ZTNA, the proliferation of individual applications, each with their own policy and dashboard, is adding complexity and expense for enterprise customers. We expect the broadening of our security offering to drive significant traction for our business with growth opportunities.
  - **Extreme's unique and highly differentiated fabric** makes it simple to orchestrate applications and policy across the entire campus, from the core to the wireless edge, and across the wide area network. We bring enhanced security, the ability to segment networks and zero touch provisioning, thus eliminating confusion, complexity and the need for additional IT staff. This is in stark contrast to our competitors' fabric solutions, which were designed for service provider and data center networks and not meant for the campus.
  - **Extreme AirDefense** delivers intrusion detection and prevention capabilities across the wireless portfolio.
- **End-to-End Portfolio.** Our cloud-driven solutions provide visibility, control and strategic intelligence from the edge to the data center, across networks and applications. Our solutions include wired switching, wireless switching, wireless access points, WLAN controllers, routers, and an extensive portfolio of software applications that deliver AI-enhanced access control, network and application analytics, as well as network management. All can be managed, assessed, and controlled from a single pane of glass on premises or from the cloud.
- **Provide high-quality in-house customer service and support.** We seek to enhance customer satisfaction and build customer loyalty through high-quality service and support. This includes a wide range of standard support programs to the level of service our customers require, from standard business hours to global 24-hour-a-day, 365-days-a-year real-time responsive support.

- **Extend switching and routing technology leadership.** Our technological leadership is based on innovative switching, routing and wireless products, the depth and focus of our market experience and our operating systems - the software that runs on all of our networking products. Our products reduce operating expenses for our customers and enable a more flexible and dynamic network environment that will help them meet the upcoming demands of IoT, mobile, and cloud.
- **Expand Wi-Fi technology leadership.** Wireless is today's network access method of choice and every business must deal with scale, density and BYOD challenges. The network edge landscape is changing as the explosion of mobile and IoT devices increases the demand for high-performance, transparent, and always-on wired to wireless edge services. The unified access layer requires distributed intelligent components to ensure that access control and resiliency of business services are available across the entire infrastructure and manageable from a single console. We are at a technology inflection point with the pending migration from Wi-Fi 6 solutions to 6 GHz Wi-Fi (Wi-Fi 6E and Wi-Fi 7), focused on providing more efficient access to the broad array of connected devices. We believe we have the industry's broadest 6 GHz indoor and outdoor wireless portfolio, providing intelligence and security for wired/wireless networks by leveraging our cloud architecture, end-to-end fabric services, Universal Zero Trust Network Access, and AIOps management platform with Explainable ML insights.
- **Offer a superior quality of experience.** Our network-powered application analytics provide actionable business insights by capturing and analyzing context-based data about the network and applications to deliver meaningful intelligence about applications, users, locations and devices. With an easy to comprehend dashboard, our applications help businesses turn their network into a strategic business asset that helps executives make faster and more effective decisions.
- **Expand market penetration by targeting high-growth market segments.** Within the campus, we focus on the mobile user, leveraging our automation capabilities and tracking WLAN growth. Our data center approach leverages our product portfolio to address the needs of public and private cloud data center providers. We believe that the cloud networking compound annual growth rate will continue to outpace the compound annual growth rate for on-premises managed networking. Our focus is on expanding our technology foothold in the critical cloud networking segment to accelerate not only cloud management adoption, but also subscription-based licensing consumption.
- **Leverage and expand multiple distribution channels.** We distribute our products through select distributors, a large number of resellers and system-integrators worldwide, as well as several large strategic partners. We maintain a field sales force to support our channel partners and to sell directly to certain strategic accounts. As an independent networking vendor, we seek to provide products that, when combined with the offerings of our channel partners, create compelling solutions for end-user customers.
- **Maintain and extend our strategic relationships.** We have established strategic relationships with a number of industry-leading vendors to both provide increased and enhanced routes to market, and collaboratively develop unique solutions.

  Our campus switch portfolio also includes next-generation, low-profile, high-density Ethernet switches that empower the creation of versatile always-on campus solutions that are fabric-enabled and 25 to 100 gigabit-ready. The technologies supported by these innovative platforms can also leverage automated network attachment to proactively reduce operational burden and time-to-service.

  Extreme's data center switches and routers provide high levels of reliability and throughput - specifically designed to address the exacting demands of high-performance enterprise and cloud data centers. These products are available in both fixed and modular chassis configurations and include a set of advanced features such as redundant management and fabric modules, hot-swappable line cards on our chassis-based platforms, as well as multi-speed stacking of up to 100G and flexible 10/25/40/50/100G port options on our fixed-form platforms, which makes these switches well-suited for enterprise data center environments. Both platform types also provide redundant power supplies and fan trays to ensure high hardware availability.

  These switches also provide key feature extensions for data centers through technologies that include Virtual Extensible LAN, MPLS/VPLS, and Shortest Path Bridging capabilities. Our industry-first integrated Extreme Fabric Automation simplifies and adds scalability to even the highest performance environments. In addition to these capabilities, our data center switches offer innovative traffic optimization enabling virtual machine mobility via Layer 3 Data Center Interconnect. Our architecture delivers tens of millions of flows for deep visibility and control over users, services, and applications to meet the analytic and policy demands of today's business applications.
- **SD-WAN:** ExtremeCloud SD-WAN is a software-defined wide area networks solution offered as an all-inclusive subscription, which includes hardware, the cloud-based SD-WAN service, support and maintenance, and customer success support. This helps customers reduce total cost of ownership as they deliver quality user experience for applications used in site-to-site and site-to-cloud environments. This solution detects and optimizes applications automatically and can apply performance-based dynamic WAN selection for quality and reliability. Included also are security options such as a built-in zone-based firewall, EdgeSentry (in partnership with Check Point) for cloud-based firewall as a service and other advanced security capabilities, and integration with Secure Web Gateway partners such as Palo Alto Networks, Zscaler, and Symantec.

- **Cloud Native Platforms and Applications for Service Providers:** 5G is the first generation of cellular technologies built on cloud-native principles, and most traditional network visibility tools cannot be easily adapted for future use cases like autonomous vehicles or industrial IoT. Because many 5G use cases are still undefined, service providers need a composable solution that provides visibility into highly distributed environments and is flexible enough to be adjusted for specific purposes as they arise, without requiring expensive, time-consuming infrastructure upgrades. Extreme has introduced the 9000 series switches and related software, featuring the Extreme 9920 intelligent network visibility platform built with cloud-native design principles and a composable data pipeline to provide highly scalable traffic aggregation, packet filtering, replication, and advanced network packet processing for analytics tools in distributed network environments. The Extreme Visibility Manager has an intuitive graphical user interface to establish new rule sets and commands for all of Extreme's visibility devices. It provides full visibility into every aspect of the network, from a highly geographically dispersed environment with regions and zones to the services running on the system.
- **Universal ZTNA.** ExtremeCloud Universal ZTNA is designed to be the easiest, most complete network access security solution for users everywhere. It is intended to deliver a frictionless user experience and consistent security policy for applications and devices, including IoT. We offer one secure access solution that uses a single identity-based zero trust policy engine for both networks and applications. As a result, customers could have just one solution to secure employees, guests and IoT devices. We offer automated security configuration and enforcement via cloud-managed Universal Devices and unified visualization and reporting for enhanced insight and simplified management.
- **Customer Service and Support:** Our customers seek high reliability and maximum uptime for their networks. To that extent, we provide the following service offerings:
    - **Support services for end-users, resellers and distributors.** We meet the service requirements of our customers and channel partners through our Technical Assistance Centers (“TACs”), located in Morrisville, North Carolina; Salem, New Hampshire; Aurora, Illinois; San Jose, California; Reading, United Kingdom; Penang, Malaysia; Brno, Czech Republic; Bangalore; Chennai, India; Seoul, Korea and Tokyo, Japan. Our TAC engineers and technicians assist in diagnosing and troubleshooting technical issues regarding customer networks. Development engineers work with the TACs to resolve product functionality issues specific to each customer.
    - **Premier services.** Premier Support is a proactive, high touch post-sale support service that assists customers in managing their Extreme Networks products and network. All resources and deliverables are designed to manage day-to-day technical needs, provide analysis and recommendations while building strong customer relationships, all focused on the network level.
    - **Professional services.** We provide consultative services to improve customer productivity in all phases of the network lifecycle – planning, design, implementation, operations and optimization management. Our network architects develop and execute customized software and service-led networking solutions for deployment plans to meet individualized network strategies. These activities may include the management and coordination of the design and network configuration, resource planning, staging, logistics, migration and deployment. We also provide customized training and operational best practices manuals to assist customers in the transition and sustenance of their networks.
    - **Education.** We offer classes covering a wide range of topics such as installation, configuration, operation, management and optimization – providing customers with the necessary knowledge and experience to successfully deploy and manage our products in various networking environments. Classes may be scheduled and available at numerous locations worldwide. We deliver training using our staff, on-line training classes and authorized training partners. In addition, we make much of our training materials accessible free-of-charge on our internet site for customers and partners to use in self-education. We believe this approach enhances the market’s ability to learn and understand the broad array of advantages of our products.

Sales, Marketing and Distribution

We conduct our sales and marketing activities on a worldwide basis through a channel that utilizes distributors, resellers and our field sales organization. As of June 30, 2024, our worldwide sales and marketing organization consisted of 872 employees. We have domestic sales offices located in four states within the United States and international sales offices located in 28 countries.

We sell our products primarily through an ecosystem of channel partners who combine our infinite enterprise vision and product portfolio consisting of cloud-driven applications, wired, wireless, management and analytics software products with their vertical specific offerings to create compelling information technology solutions for end-user customers. We utilize our field sales organization to support our channel partners and to sell directly to certain end-user customers, including some large enterprise and service provider global accounts.

The details of our sales and distribution channels are as follows:

- **Original Equipment Manufacturers ("OEM") and Strategic Relationships**. We have active alliance, OEM and strategic relationships with Barco NV, Ericsson Enterprise AB, Lenovo, Motorola Solutions, Schneider Electric, and Verizon as well as other global industry technology leaders in which our products are qualified to be included into an overall solution or reference architecture. These tested and validated solutions are then marketed and sold by the alliance, OEM or strategic partners into their specific verticals, market segments and customers as turnkey offerings.
- **Distributors**. We have established several key relationships with leading distributors in the electronics and computer networking industries. Each of our distributors primarily resells our products to resellers. The distributors enhance our ability to sell and provide support to resellers who may benefit from the broad service and product fulfillment capabilities offered by these distributors. Extreme maintains distribution agreements with our largest distributors, Westcon Group Inc., TD Synnex Corporation and Jenne Inc. on substantially the same material terms as we generally enter into with each of our distribution partners. Distributors are generally given the right to return a portion of inventory to us for the purpose of stock rotation, to claim rebates for competitive discounts and participate in various cooperative marketing programs to promote the sale of our products and services.
- **Resellers**. We rely on many resellers worldwide that sell directly to the end-user customer. Our resellers include regional networking system resellers, resellers who focus on specific vertical markets, value added resellers, network integrators and wholesale resellers. We provide training and support to our resellers and our resellers generally provide the first level of contact to end-users of our products. Our relationships with resellers are on a non-exclusive basis. Our resellers are not given rights to return inventory and do not automatically participate in any cooperative marketing programs.
- **Field Sales**. Our field sales organization is trained to sell solutions, support and develop leads for our resellers and to establish and maintain key accounts and strategic end-user customers. To support these objectives, our field sales force:
    - Assists end-user customers in finding solutions to complex network system and architecture problems;
    - Differentiates the features and capabilities of our products from competitive offerings;
    - Continually monitors and understands the evolving networking needs of enterprise and service provider customers;
    - Promotes our products and ensures direct contact with current and potential customers; and
    - Assists our resellers to drive business opportunities to closure.

Although we compete in many vertical markets, we have focused on the specific verticals of healthcare, education, retail, manufacturing, government, sports, and entertainment venues. Years of experience and a track record of success in the verticals we serve enable us to address industry-specific problems.

Customer Profiles:

We focus on the following customer profiles where we believe we can add the most value:

- **Customer size:** Those customers with annual revenues of $100 million to $2.5 billion.
- **Target deployment:** Enterprise campus, data center, or branch networks with 250 to 5,000 employees or educational institutions with 1,000 to 15,000 students.
- **Target data centers:** Data centers with 1,000 or fewer racks, with an emphasis on service provider networks.
- **Vertical markets:** Healthcare, education, government, manufacturing, retail, and hospitality, which includes sports and entertainment venues.
- **Customer characteristics:** Our customers tend to operate in transient environments, such as college campuses, hospitals and sports venues, where BYOD and secure network access and identity control are critical. Their networks must be highly available with the ability to continue operations in the event of a service interruption. Secure remote and network access is essential to ensuring the protection of mission-critical systems and confidential information. Often tasked to manage the network with a limited IT staff, our customers appreciate the excellent service and support we strive to provide.

Customers with 10% of net revenues or greater

See Note 3, *Revenues*, in the Notes to Consolidated Financial Statements in this Annual Report on Form 10-K for more information regarding our customers with 10% of net revenues or greater.

International sales

International sales are an important portion of our business. In fiscal 2024, sales to customers outside of the United States accounted for 48% of our consolidated net revenues, compared to 56% in fiscal 2023, and 55% in fiscal 2022. These sales are conducted primarily through foreign-based distributors and resellers managed by our worldwide sales organization. In addition, we have direct sales to end-user customers, including large global accounts. The primary markets for sales outside of the United States are countries in Europe and Asia, as well as Canada, Mexico, Central America and South America.

We operate in one segment, the development and marketing of network infrastructure equipment and related software. Information concerning revenues, results of operations and revenues by geographic area is set forth under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations." Information on risks attendant to our foreign operations is set forth below in Item 1A. "Risk Factors."

Marketing

We continue to develop and execute a number of marketing programs to support the sale and distribution of our products by communicating the value of our solutions to our existing and potential customers, our distribution channels, our resellers and our technology alliance partners. Our marketing efforts include participation in industry tradeshows, conferences and seminars, publication of technical and educational articles in industry journals, communication across social media channels, frequent updates to our publicly available website, promotions, web-based training courses, advertising, analyst relations and public relations. We also submit our products for independent product testing and evaluation. Extreme participates in numerous industry analyst recognitions and placements including Gartner Magic Quadrants, Gartner Critical Capabilities, Gartner Peer Insights, Gartner Customer Choice, Forrester Waves and IDC MarketScapes.

Backlog

Our products are sold based on standard purchase orders and backlog represents confirmed orders with a purchase order for products to be fulfilled and billed to customers with approved credit status. Actual shipments of products depend on the then-current capacity of our contract manufacturers and the availability of materials and components from our vendors. Although, we believe the orders included in the backlog are firm, all orders are subject to possible rescheduling by customers, and cancellations by customers, which we may elect to allow on an exception basis. Therefore, we do not believe our backlog, as of any particular date is necessarily indicative of actual revenues for any future period.

Our product backlog at June 30, 2024, net of anticipated back-end rebates for distributor sales, was $64.0 million, compared to $267.3 million at June 30, 2023. The decrease in backlog year over year is primarily due to resumption in shipment of orders during fiscal 2023 and 2024, after experiencing significant delays due to supply chain constraints in prior years.

Seasonality

Like many of our competitors, we historically have experienced seasonal fluctuations in customer spending patterns, which generally adversely affect our first and third fiscal quarters. This pattern should not be relied upon or be considered indicative of our future performance, as it has varied in the past.

Manufacturing

We utilize a global sourcing strategy that emphasizes procurement of materials and product manufacturing in competitive geographies. We rely upon original design manufacturers ("ODM"), such as Alpha Networks, Inc., Lite-On Technology Corporation, Quanta Computer Inc., Senao Networks, Inc., Sercomm Corporation and Wistron Neweb Corporation to manufacture, support and ship our products, and therefore are exposed to risks associated with their businesses, financial condition, and geopolitical conflict in geographies in which they operate. Our arrangements with these manufacturing partners generally provide for quality, cost, and delivery requirements, as well as manufacturing process terms, such as continuity of supply; inventory management; flexible capacity, quality, and cost management; oversight of manufacturing; and conditions for use of our intellectual property that allow us to adjust more quickly to changing end-customer demand. We also leverage and depend on the strong Environmental, Social and Governance policies and standards of our manufacturing partners. The ODM manufacturing process uses automated testing equipment and burn-in procedures, as well as comprehensive inspection, testing, and statistical process controls, which are designed to help ensure the quality and reliability of our products. To mitigate security risks associated with conducting business across our interconnected supply chain we have a *Supply Chain and Information Security Policy* and related procedures for communicating our requirements to suppliers and conducting annual compliance assessments. Additionally, we have launched new product features such as Secure Boot, which are being designed to provide additional integrity assurance of the firmware and software running on our hardware platform by establishing an encrypted key-based chain-of-trust relationship in the boot process. The manufacturing processes and procedures are generally certified to International

Organization for Standardization ("ISO") 9001 standards. The manufacturing process and material supply chains are flexible enough to be moved to steer away from geopolitical conflicts that impact cost and delivery.

We use a collaborative sales and operations planning forecast of expected demand based upon historical trends and analyses from our Sales and Product Management functions as adjusted for overall market conditions. Demand Planning, Supply Operations and our Distributors work closely using a 'continuous planning' methodology as part of our Sales and Operations Execution process to determine and position our material requirements to support customer demand. Our manufacturing partners procure the components needed to build our products based on our demand forecasts that cover material lead times. This allows us to leverage the expertise and purchasing power of our manufacturing partners. Our products rely on key components, including merchant silicon, integrated circuit components and power supplies purchased from a limited number of suppliers, including certain sole source providers. Lead times for materials and components vary significantly, and depend on factors such as the specific supplier, technology, complexity, contract terms, demand and availability for a component at a given time. From time to time, we may experience price volatility or supply constraints for certain components that are not available from multiple qualified sources or where our suppliers are geographically concentrated. Over the past year, we have experienced improvement in supply chain constraints, however risks still exist as supply chain logistics continue to evolve and adapt to new expectations and planning around lead-times. We continue to learn from the evolving global supply chain and build upon innovative strategies to enhance resilience and agility into our supply chain. Utilizing technology brought forward from our ongoing Digital Transformation project, which entailed integrating digital technology into all areas of our business, changed how we operate and deliver value to customers. In this case, new systems and processes gave us better visibility and control over inventory. Collaborative partnerships with our ODMs and diversified sourcing strategies also emerged, fostering greater flexibility and risk mitigation. Our product development efforts also depend upon continued collaboration with our key suppliers, including our merchant silicon vendors such as Broadcom. As we develop our product roadmap and continue to expand our relationships with these and other merchant silicon vendors, it is critical that we work in tandem with our key vendors to ensure that their silicon includes improved features and that our products take advantage of such improved features. Further information on risks relating to our inventory forecasting and supply chain is set forth below in Item 1A. "Risk Factors."

We believe our sourcing and manufacturing strategy allows us to adjust quickly to changes in market demand, working with our ODM suppliers and developing direct relationships with key component suppliers to support the backlog. We continue to focus on optimizing product availability through multi-sourcing, visibility and control of key supply lines, rationalizing our supply chain, outsourcing or virtualizing certain activities, and consolidating distribution sites and service logistics partners. These efforts also include process optimization initiatives, such as vendor managed inventory, and other operational models and strategies designed to drive improved efficiencies in our sourcing, production, logistics and fulfillment.

Research and Development

The success of our products to date is due in large part to our focus on research and development. We believe that continued success in the marketplace relies on our ability to regularly bring to the market new and enhanced products employing leading-edge technology that provide business solutions affordably, securely, and effortlessly. Accordingly, we are undertaking development efforts with an emphasis on increasing the scalability, reliability, usability, and security while innovating our user and buyer experience reducing complexity and the overall network operating costs of customers.

Our product research and development activities focus on solving the needs of customers in the enterprise campus edge and core by providing a unified wired, wireless, and SD-WAN cloud-driven network, enabling secure access from edge to public, hybrid, or private clouds in targeted verticals. Current activities include the continuing development of our innovative switching technology aimed at giving our customers flexibility in how they deploy, connect to the cloud, monitor, and configure instantly saving time and money. Our ongoing research activities cover a broad range of areas, including cloud native technologies and solutions, generative AI, network security, identity management, wired and wireless networking, switching, and routing, open standards interfaces, software defined networks, campus, and data center fabrics. In addition, we continue to invest in ML/AI technology solutions targeting self-healing autonomous networking, Cloud Wi-Fi, IoT anomaly detection, and user recommendations.

We continue to enhance the functionality of our network operating systems which have been designed to provide high reliability, scale, and availability. This allows us to leverage a common operating system across different hardware and network chipsets.

As of June 30, 2024, our research and development organization consisted of 926 employees. Research and development efforts are conducted in several of our locations, including Morrisville, North Carolina; San Jose, California; Salem, New Hampshire; Toronto, Canada; Shannon, Ireland; Hangzhou, China; and Bangalore and Chennai, India.

Intellectual Property

We rely on a combination of patent, copyright, trademark and trade secret laws and restrictions on disclosure to protect our intellectual property rights. As of June 30, 2024, we had 681 issued patents in the United States and 451 patents outside of the United States. The expiration dates of our issued patents in the United States range from calendar years 2024 to 2041. Although we have patent applications pending, there can be no assurance that patents will be issued from pending applications or that claims allowed on any future patents will be sufficiently broad to protect our technology. As of June 30, 2024, we had 31 registered trademarks in the United States and 341 registered trademarks outside of the United States.

We enter into confidentiality, inventions assignment or license agreements with our employees, consultants and other third parties with whom we do business, and control access to, and distribution of, our software, documentation and other proprietary information. In addition, we provide our software products to end-user customers primarily under "clickwrap" license agreements. These agreements are not negotiated with or signed by the licensee, and thus these agreements may not be enforceable in some jurisdictions. Despite our efforts to protect our proprietary rights, unauthorized parties may attempt to copy or otherwise obtain and use our products or technology, particularly in foreign countries where the laws may not protect our proprietary rights as fully as in the United States.

Competition

The market for network switches, routers and software (including analytics) which is part of the broader market for networking equipment, is extremely competitive and characterized by rapid technological progress, frequent new product introductions, changes in customer requirements and evolving industry standards. We believe the principal competitive factors in this market are:

- expertise and familiarity with network protocols, network switching/routing/wireless and network management;
- robust, cloud-driven options that reduce the cost of acquisition, provisioning, and ongoing management of network management;
- expertise and familiarity with application analytics software;
- expertise with network operations and management software;
- expertise in machine learning and artificial intelligence;
- product performance, features, functionality and reliability;
- price/performance characteristics;
- timeliness of new product introductions;
- adoption of emerging industry standards;
- customer service and support;
- size and scope of distribution network;
- brand name;
- breadth of product offering;
- access to customers; and
- size of installed customer base.

We believe we compete with our competitors with respect to many of the foregoing factors. However, the market for network switching solutions is dominated by a few large companies, particularly Cisco Systems, Inc., Hewlett-Packard Enterprise Co., Huawei Technologies Co. Ltd., and Juniper Networks Inc. To a lesser extent, Extreme competes with products and solutions from Arista Networks Inc., CommScope Holding Company, Inc., Fortinet, Inc., and Ubiquiti Inc. Most of these competitors have longer operating histories, greater name recognition, larger customer bases, broader product lines and substantially greater financial, technical, sales, marketing and other resources.

We expect to face increased competition from both traditional networking solutions companies and cloud platform companies offering Infrastructure-as-a-Service ("IaaS") and Platform-as-a-Service ("PaaS") products to enterprise customers. In that regard, we expect to face increased competition from certain cloud computing companies such as Amazon, Microsoft, and Google providing a cloud-based platform of data center compute and networking services for enterprise customers.

We believe Extreme is uniquely positioned to address its overarching vision of the future, the Infinite Enterprise, with its bet on industry-leading cloud solutions, automation and AI. Although we believe that our solutions and strategy will improve our ability to meet the needs of our current and potential customers, we cannot guarantee future success.

Restructuring and Impairment

Fiscal year 2022

During fiscal year 2022, the Company completed the reduction and realignment of the headcount and relocation of lab test equipment under its 2020 reduction in force plan, which was initiated during fiscal year 2020 due to the global disruptions and slow-down in the demand of our products caused by the global pandemic outbreak of COVID-19, and the uncertainty around the timing of the recovery of the market.

Fiscal year 2023

During fiscal 2023, the Company initiated a restructuring plan to transform our business infrastructure and reduce our facilities footprint and the facilities related charges (the "2023 Plan"). As part of this project the Company is moving engineering labs from its San Jose, California location to its Salem, New Hampshire location. This move is expected to help reduce the cost of operating our labs.

Fiscal year 2024

During fiscal year 2024, the Company initiated various restructuring plans, including the "Q1 2024", "Q2 2024", and "Q3 2024" Plans, to reorganize and rebalance the workforce to create greater efficiency and improve execution, in alignment with the Company's business and strategic priorities, reduce its ongoing operating expenses, and focus its sales and marketing efforts on specific geographies and industry segments with higher growth opportunities. As of June 30, 2024, the Q1 2024 Plan is complete. The Q2 2024 and Q3 2024 Plans are expected to be completed by the end of calendar year 2024. Additionally, the Company continued its efforts associated with the "2023 Plan" related to the lab move from San Jose, California to Salem, New Hampshire. The Company expects to complete the 2023 Plan during fiscal year 2025.

Environmental Matters

We are subject to various environmental and other regulations governing product safety, materials usage, packaging and other environmental impacts in the United States and in various countries where our products are manufactured and sold. We are also subject to regulatory developments, including SEC disclosure regulations relating to so-called "conflict minerals," relating to ethically responsible sourcing of the components and materials used in our products. To date, compliance with federal, state, local, and foreign laws enacted for the protection of the environment has had no material effect on our capital expenditures, earnings, or competitive position.

We are committed to improving energy efficiency in our product lines. Accordingly, we believe this is an area that affords us a competitive advantage for our products in the marketplace. We maintain compliance with various regulations related to the environment, including the Waste Electrical and Electronic Equipment and the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment regulations adopted by the European Union. To date, our compliance efforts with various United States and foreign regulations related to the environment have not had a material effect on our operating results.

Human Capital

At Extreme, we manage our human capital guided by our core values of Candor, Transparency, Curiosity, Teamwork, Ownership, and Inclusion. We apply these principles to talent acquisition and management, compensation and benefits, and diversity and inclusion.

As of June 30, 2024, we employed 2,656 people. Of these, 32.8% work in sales and marketing, 34.9% in research and development, 5.4% in operations, 16.0% in customer support and services and 10.9% in finance and administration. These employees were located worldwide, with 42.8% located in the United States, 8.6% in other locations in the Americas, 29.2% in the Asia Pacific region ("APAC"), which includes India and 19.4% in the regions of Europe, Middle East and Africa ("EMEA").

Talent Acquisition and Development. We strive to attract and retain the most qualified employees for each role within the Company. To do this, we utilize various recruiting channels, including employee referrals and those targeting diverse candidates. We on-board new employees through the New Hire Academy and encourage skill development throughout the employee journey utilizing various role-specific training programs, career development tools, manager training, coaching, and mentorship. We continue to develop our employees with regular performance management reviews.

Compensation and Benefits. Our compensation philosophy is to offer a competitive compensation package designed to reward achievement of the Company's goals. Our short-term bonus plan is designed to motivate employees to meet half-year goals, and our employee stock purchase plan and grants of restricted stock units to eligible employees reward longer-term stock price appreciation.

Our U.S. benefits plan includes health benefits, life and disability insurance, various voluntary insurances, flexible time off and leave programs, an employee assistance plan, an educational assistance policy, and a 401(k) plan with a competitive employer match. Our international benefits plans are competitive locally and generally provide similar benefits.

Diversity and Inclusion. We believe that we gain valuable perspective that drives better decision making when we listen to diverse voices. To foster an inclusive environment, we support several employee resource groups, including Women in Networking, Black @ Extreme (Black/African American), LaRaza (Hispanic), Maitri (employees in India), Pride Alliance (LGBTQ+), Global Veterans Council, API (Asian Pacific Islanders), APEX (Aspiring Professionals @ Extreme) and Abilities Alliance (employees with disabilities). We are stepping up to this challenge of fostering an inclusive environment through efforts to improve recruiting of diverse candidates, identify and support high potential employees, and retain diverse employees.

Item 1A. Risk Factors

We face a number of risks and uncertainties which may have a material and adverse effect on our business, operations, industry, financial condition, operating results or future financial performance. While we believe we have identified and discussed below the key risk factors affecting our business, there may be additional risks and uncertainties that are not presently known or that are not currently believed to be significant that may materially adversely affect our business, financial condition, operating results, and future financial performance.

Risks Related to Our Business, Operations, and Industry

Intense competition in the market for networking equipment and cloud platform companies could prevent us from increasing revenues.

The market for network switching solutions is intensely competitive and dominated primarily by Cisco Systems Inc., Hewlett-Packard Enterprise Company, Juniper Networks, Huawei Technologies Co. Ltd., and Arista Networks, Inc. Most of our competitors have longer operating histories, greater name recognition, larger customer bases, broader product lines and substantially greater financial, technical, sales, marketing and other resources. As a result, these competitors are able to devote greater resources to the development, promotion, sale and support of their products. In addition, they have larger distribution channels, stronger brand names, access to more customers, a larger installed customer base and a greater ability to make attractive offers to channel partners and customers than we do. Further, many of our competitors have made substantial investments in hardware networking capabilities and offerings. These competitors may be able to gain market share by leveraging their investments in hardware networking capabilities to attract customers at lower prices or with greater synergies.

We may also face increased competition from both traditional networking solutions companies and cloud platform companies offering IaaS and PaaS products to enterprise customers. In particular, Amazon Web Services, Microsoft Azure, and Google Cloud Platform may provide enterprise customers with a cloud-based platform of data center computing and networking services.

The pricing policies of our competitors impact the overall demand for our products and services. Some of our competitors are capable of operating at significant losses for extended periods of time, increasing pricing pressure on our products and services. If we do not maintain competitive pricing, the demand for our products and services, as well as our market share, may decline. From time to time, we may lower the prices of our products and services in response to competitive pressure. When this happens, if we are unable to reduce our component costs or improve operating efficiencies, our revenues and gross margins will be adversely affected.

One of our key differentiators is the quality of our support and services. Our failure to continue to provide high-quality support and services could have materially adversely affect our business, financial condition, operating results, and future growth prospects.

Adverse general economic conditions or reduced information technology spending may adversely impact our business.

A substantial portion of our business depends on the demand for enterprise scale networking and the overall economic health of our current and prospective end-customers. Volatility in the global economic market or other global or regional economic uncertainty, limited availability of credit, a reduction in business confidence and activity, deficit-driven austerity measures impacting governments and educational institutions, and other difficulties may affect one or more of the industries to which we sell our products and services. If economic conditions continue to be uncertain, many existing and prospective end-customers may delay or reduce their IT spending.

This could result in reductions in sales of our products and services, longer sales cycles, slower adoption of new technologies and increased price competition. Any of these events could materially adversely affect our business, financial condition, operating results, and future financial performance.

If we are not able to effectively forecast demand or manage our inventory, we may be required to record write-downs for excess or obsolete inventory.

We maintain sufficient inventory of finished goods and, to a lesser extent, raw materials and drive demand with our third-party manufacturers in amounts that we believe allow for timely fulfillment of sales. We estimate required levels of inventory based on current and anticipated demand, market conditions, and product development cycles. Our estimates are also based on inventory levels and sales data from our distributors, which are not always reliable or timely. The actual levels of inventory are subject to the impact of external factors such as supply shortages, macroeconomic conditions, technology shifts, or price changes. Distributors may increase or decrease the levels of inventory that they order to meet supply shortages or expected demand. If distributors increase orders to build up stock out of concern for product shortages, or to meet anticipated demand that does not materialize, we may have excess channel inventory, leading to reductions in future period orders from our distributors.

If we incorrectly forecast demand, we may build up excess inventory. Higher levels of inventory expose us to a greater risk of carrying excess or obsolete inventory, which may in turn lead to write-downs. We may also record write-downs in connection with the end-of-life for specific products in our inventory. In the fourth quarter of 2024, we recorded additional reserves due to certain excess and obsolete inventory. However, if we have insufficient inventory, we risk not being able to maximize sales, thus negatively impacting

revenue and could impair our distributor relationships, potentially jeopardizing our ability to build revenue in the future. Any of these situations could materially adversely affect our business, financial conditions, and operating results.

We enter into agreements with contract manufacturers and suppliers based on our anticipated demand, market conditions, and product development cycles. These contracts obligate us to purchase commitments for raw materials and finished goods. If demand for our products is lower than expected, we may be obligated to purchase excess product or raw materials from our suppliers, resulting in an adverse impact on our cash flows, operating expenses, financial condition, and operating results. During fiscal 2024, we recorded significant charges due to excess inventory and such commitments to our suppliers.

If we incorrectly forecast demand, our financial performance could suffer and we have in the past and could in the future be required to write-off the value of excess products or components inventory. If we are unable to manage our inventory or commitments to suppliers in the future, particularly in light of continuing excess inventory in the channel, we could be required to record additional charges, which would materially adversely affect our business, financial condition, and operating results.

System security risks, data breaches, and cyberattacks could compromise our proprietary information, disrupt our internal operations, impact services to customers, and harm public perception of our products, which could materially adversely affect our business, financial condition, operating results, and future growth prospects.

In the ordinary course of business using systems that we own and manage, we provide cloud-based services and store data, including our proprietary business information and that of our customers, suppliers and business partners on our networks and information about customers, employees, business partners and others. In addition, we store information through cloud-based services that may be hosted by third parties and in data center infrastructure maintained by third parties. The secure provision of services and maintenance of this information and our IT systems is critical to our operations and business strategy.

We face numerous and evolving cybersecurity risks that threaten the confidentiality, integrity and availability of our IT systems and data including from diverse threat actors, such as state-sponsored organizations, opportunistic hackers and hacktivists, as well as through diverse attack vectors, such as social engineering/phishing, malware (including ransomware), technological error, and as a result of bugs, misconfigurations or exploited vulnerabilities in software or hardware, including vulnerabilities in commercial software that is integrated into our (or our suppliers' or service providers') IT systems, products or services. Increasingly, companies, including us, are subject to a variety of attacks on their networks and/or cloud-based services on an ongoing basis. The number of sophisticated attacks continues to increase on a global scale in frequency and magnitude. Attacks could include supply chain attacks targeting our suppliers and attempts to penetrate our systems or disrupt our services directly. In some cases, sophisticated hardware and operating system software and applications that we produce or procure from third parties may contain vulnerabilities in design or manufacture that could allow network intrusion or unexpectedly interfere with the operation of our systems, products or services we provide to customers. Usage of "legacy" products that have been determined to have reached an end-of-life engineering status but will continue to operate for a limited amount of time may subject us or our customers to vulnerabilities. Further, employee error, malfeasance, or other disruptions can result in a security or data breach.

Despite our security measures, we may not be able to effectively detect, prevent, or protect against or otherwise mitigate losses from all cyberattacks or prevent all security or data breaches. There can also be no assurance that our cybersecurity risk management program and processes, including our policies, controls, or procedures, will be fully implemented, complied with or effective in protecting our IT systems and data. Because the techniques and tools used by bad actors, many of whom are highly sophisticated and well-funded, to access or sabotage networks change frequently and generally are not recognized until after they are used, we may be unable to anticipate or immediately detect and remediate these techniques. Any such breach could compromise our networks, products, or cloud-based services by creating system disruptions, slowdowns or even shutdowns, and exploiting security vulnerabilities of our products or services, and the information stored as part of our operations could be accessed, publicly disclosed, lost or stolen. Such events, which could subject us to liability to our customers, suppliers, business partners and others, could require significant management attention and resources, could result in the loss of business, regulatory actions and potential liability, and could cause us reputational and financial harm. Additionally, because our products and services are integrated with our customers' systems and processes, any circumvention or failure of our cybersecurity defenses or measures could compromise the confidentiality, integrity, and availability of our customers' own IT systems and/or our customers' proprietary or other sensitive information.

Any adverse impact to the availability, integrity or confidentiality of our IT systems, including any actual or perceived breach of network security occurs in our products, network, or in the network of a customer of our networking products, regardless of whether the breach is attributable to our products, the market perception of the effectiveness or security of our products could be harmed. This could impede our sales, manufacturing, distribution, or other critical functions, which could materially adversely affect our business, financial condition, operating results, and future growth prospects. Further, this could result in legal claims or proceedings (such as class actions), regulatory investigations and enforcement actions, fines and penalties. In addition, the economic costs to us to eliminate, mitigate, or recover from, or remediate cyber or other security problems, such as bugs, viruses, worms, ransomware or other malware, and security vulnerabilities could be significant and may be difficult to anticipate or measure. We cannot guarantee that any costs and liabilities incurred in relation to an attack or incident will be covered by our existing insurance policies or that applicable insurance will be available

to us in the future on economically reasonable terms or at all. Any or all of the foregoing could materially adversely affect our business, operating results, and financial condition.

Supply chain issues such as concentration of suppliers and manufacturing partners, supplier disruptions, shipping delays, material or components shortages, quality control, regulatory impacts, and inability to reduce manufacturing costs could harm our business, financial condition, and operating results.

We primarily rely on our manufacturing partners Alpha Networks, Inc, Senao Networks, Inc., Wistron Neweb Corporation, Sercomm Corporation, Quanta Computer Inc, Lite-On Technology Corp, and select other partners to manufacture our products. In addition, we currently purchase some key components used in the manufacturing of our products from single or limited sources and are dependent upon supply from these sources to meet our needs. Our top six suppliers accounted for a significant portion of our purchases during the year. Given the concentration of our supply chain, particularly with certain sole or limited source providers, any significant disruption to any of the key suppliers or a termination of a relationship could temporarily impact our operations.

Such disruptions could be caused by natural disasters, public health emergencies such as pandemics, business interruption related to financial or operational factors, geopolitical events such as the threat of political or military actions, including between China and Taiwan, energy constraints, regulatory constraints, labor or raw materials shortages, quality issues, transportation or shipping delays, tariffs or other trade restrictions, or other events. In the past, for example, semiconductor chips and other components have been difficult to obtain due to high demand or limited supply. These disruptions could result in sustained lead-times, higher overall costs, extra delivery costs for expedited shipments, and shortages and allocations of certain components, resulting in delays in filling orders or even delayed product introductions. Additional factors that may impact costs and shipments include energy, raw material, and transportation costs, as well as an increased demand from the AI industry. Similar delays could occur in the future with similar impacts.

In addition, while we maintain strong relationships with our manufacturing partners and suppliers, our agreements with them are generally of limited duration and pricing, quality, and volume commitments are negotiated on a recurring basis. Manufacturing partners and suppliers may be unable or unwilling to renew agreements with consistent terms, and could materially increase prices (including increases related to inflationary pressures) or reduce quantity, quality, volume, or service level standards. We may not be able to pass along increased costs to our customers, which could negatively impact gross margin. Reductions in quantity or quality of finished product could decrease the amount of product for sale and could negatively impact the Company's reputation, financial condition, and operating results.

Qualifying new suppliers to compensate for such shortages or delays may be time-consuming and costly and may increase the likelihood of errors in design or production as replacement suppliers may not meet the quality requirements of our customers.

The Company actively works to reduce these exposures, but is unable to completely eliminate them. For example, manufacturing operations have been moved out of China to other countries. While this has eliminated the impact of current import tariffs, the uncertainty of new import tariffs still exists. If we are unable to mitigate these effects, this could have a material adverse effect on our ability to meet customer orders and will negatively impact our gross margin and operating results.

Additionally, our operations are materially dependent upon the continued market acceptance and quality of these manufacturers' products and their ability to continue to manufacture products that are competitive and comply with laws relating to environmental and efficiency standards. Our inability to obtain products from one or more of these suppliers or a decline in market acceptance of these suppliers' products could have a material adverse effect on our business, financial condition and operating results.

As part of our cost-reduction efforts, we will need to realize lower per unit product costs from our manufacturing partners by means of volume efficiencies and the utilization of manufacturing sites in lower-cost geographies. However, we cannot be certain when or if such price reductions will occur, particularly in light of supply chain disruptions and inflationary pressures. The failure to obtain such price reductions would materially adversely affect our business, financial condition, operating results, and future financial performance.

We depend upon international sales for a significant portion of our revenues, which imposes a number of risks on our business.

International sales constitute a significant portion of our net revenues. Our ability to grow will depend in part on the expansion of international sales. Our international sales primarily depend on the success of our resellers and distributors. The failure of these resellers and distributors to sell our products internationally would limit our ability to sustain and grow our revenues. There are a number of risks arising from our international business, including:

- difficulties in managing operations across disparate geographic areas;
- longer accounts receivable collection cycles;
- higher credit risks requiring cash in advance or letters of credit;
- potential adverse tax consequences;
- increased complexity of accounting rules and financial reporting requirements;

- the payment of operating expenses in local currencies, which exposes us to risks of currency fluctuations;
- fluctuations in local economies;
- difficulties associated with enforcing agreements through foreign legal systems
- reduced or limited protection of intellectual property rights, particularly in jurisdictions that have less developed intellectual property regimes, such as China and India;
- differing privacy regulations, data localization requirements, and restrictions on cross-border data transfers;
- compliance with regulatory requirements of foreign countries, including compliance with rapidly evolving environmental regulations;
- import tariffs imposed by the United States and the possibility of reciprocal tariffs by foreign countries;
- compliance with trade compliance laws and regulations, including restrictions on trade with embargoed or sanctioned countries or with denied parties, and rules related to the export of encryption technology
- compliance with U.S. laws and regulations pertaining to the sale and distribution of products to customers in foreign countries, including anti-corruption laws such as the Foreign Corrupt Practices Act ("FCPA") and the U.K. Bribery Act 2010;
- difficulty in conducting due diligence with respect to business partners in certain international markets;
- political and economic turbulence or uncertainty;
- terrorism, war or other armed conflict; and
- natural disasters, epidemics, and pandemics.

Any or all of these factors could have a material adverse impact on our business, financial condition, and operating results.

Substantially all of our international sales are U.S. Dollar-denominated. The continued strength and future increases in the value of the U.S. Dollar relative to foreign currencies could make our products less competitive in international markets. In the future, we may elect to invoice a larger portion of our international customers in local currency, which would expose us to greater fluctuations in exchange rates between the U.S. Dollar and the particular local currency. If we do so, we may decide to engage in hedging transactions to minimize the risk of such fluctuations.

We have entered into foreign exchange forward contracts to offset the impact of payment of operating expenses in local currencies to some of our operating foreign subsidiaries. However, if we are not successful in managing these foreign currency transactions, we could incur losses from these activities.

There are compliance risks associated with complex tariff regulations and trade compliance laws. If we fail to comply with these laws and regulations, we could incur penalties and sanctions from governments, and could be restricted from exporting products.

World events such as a pandemic or geopolitical events can spread quickly around the world and result in impacts to the supply chain and the business environment that result in a material negative impact on our business, financial condition, and operating results. Uncertainty in the global economy and financial markets are likely to impact the Company and could materially adversely affect our business, financial condition, operating results, and future financial performance.

If we fail to anticipate technological shifts, market needs and opportunities, and fail to develop products, product enhancements and business strategies that meet those technological shifts, needs and opportunities in a timely manner or if they do not gain market acceptance, we may not be able to compete effectively and our ability to generate revenues will suffer.

The markets for our products are constantly evolving and characterized by rapid technological change, frequent product introductions, changes in customer requirements, evolving industry standards, and continuous pricing pressures.

For example, the cloud networking market is the fastest growing segment of the networking industry. Our success may be impacted by our ability to provide successful cloud networking solutions that address the needs of our customers more effectively and economically than those of other competitors or existing technologies. If the cloud networking solutions market does not develop in the way we anticipate, if our solutions do not offer significant benefits compared to competing legacy network switching products, or if end customers do not recognize the benefits that our solutions provide, then our potential for growth in this cloud networking market could be adversely affected. If we are unsuccessful in attaching cloud services and maintenance services to our hardware product, our ability to grow our subscription revenue could be limited.

When we announce new products or product enhancements that have the potential to replace or shorten the life cycle of our existing products, customers may defer or cancel orders for our existing products; in addition, ending sales of existing products may cause customers to cancel or defer orders for our existing products. These actions could have a material adverse effect on our operating results by unexpectedly decreasing sales, increasing inventory levels of older products and exposing us to greater risk of product obsolescence.

We cannot guarantee that we will be able to anticipate future technological shifts, market needs and opportunities or be able to develop new products, product enhancements and business strategies to meet such technological shifts, needs or opportunities in a timely manner or at all. If we fail to anticipate market requirements or opportunities or fail to develop and introduce new products, product enhancements or business strategies to meet those requirements or opportunities in a timely manner, it could cause us to lose customers, and such failure could substantially decrease or delay market acceptance and sales of our present and future products and services, which would materially adversely affect our business, financial condition, and operating results. Even if we are able to anticipate, develop, and commercially introduce new products and enhancements, we cannot assure that new products or enhancements will achieve widespread market acceptance.

Industry consolidation may lead to stronger competition and may harm our business, financial condition, and operating results.

There has been a trend toward industry consolidation in our markets for several years. We expect this trend to continue as companies attempt to strengthen or hold their market positions in an evolving industry and as companies are acquired or are unable to continue operations. Companies that are strategic alliance partners in some areas of our business may acquire or form alliances with our competitors, thereby reducing their business with us. We believe industry consolidation may result in stronger competitors that are better able to compete as sole-source vendors for customers. This could lead to more variability in our operating results and could have a material adverse effect on our business, operating results, and financial condition. Furthermore, particularly in the service provider market, rapid consolidation will lead to fewer customers, with the effect that loss of a major customer could have a material impact on results not anticipated in a customer marketplace composed of more numerous participants.

We rely on third-party providers for services needed to deliver our cloud solutions and other third-party providers for our internal operations. Any disruption in the services provided by such third-party providers could adversely affect our business and subject us to liability.

Our cloud solutions are hosted from and use computing infrastructure provided by third parties, including Amazon Web Services, Google Cloud Platform, and Microsoft Azure. We do not own or control the operation of the third-party facilities or equipment used to provide the cloud services. Our computing infrastructure service providers have no obligation to renew their agreements with us on commercially reasonable terms or at all. If we are unable to renew these agreements on commercially reasonable terms, or if one of our computing infrastructure service providers is acquired, we may be required to transition to a new provider and we may incur significant costs and possible service interruption in connection with doing so. In addition, such service providers could decide to close their facilities or change or suspend their service offerings without adequate notice to us. Moreover, any financial difficulties, such as bankruptcy, faced by such service providers may have negative effects on our business, the nature and extent of which are difficult to predict.

If these third-party service providers experience service outages, performance problems or errors, this could adversely affect the experience of our customers. Our agreements with third-party computing infrastructure service providers may not entitle us to corresponding service level credits to those we offer to our customers. Any changes in third-party service levels at our computing infrastructure service providers or any related disruptions or performance problems with our solutions could adversely affect our reputation and impact our customers' operations, result in lengthy interruptions in our services, or result in potential losses of customer data. Interruptions in our services might reduce our revenues, cause us to issue refunds to customers for prepaid and unused subscriptions, subject us to service level credit claims and potential liability, or adversely affect our renewal rates.

Additionally, if a third-party service provider fails to maintain compliance with standards such as SOC2 or ISO27001, it could affect the underlying controls that we maintain, or that our customers rely upon. This could entail additional costs to compensate for the lost controls, or have a negative impact on revenue if our customers do not perceive our vendors as secure.

We rely on third-party cloud service providers such as Salesforce and Oracle to support internal operations. Disruptions to such services or data breaches related to those services could impact our ability to maintain efficient operations and to provide services to our customers and could materially adversely affect our business, financial condition, operating results, and future growth prospects.

To successfully manage our business or achieve our goals, we must attract, retain, train, motivate, develop and promote key employees, and a failure to do so can harm us.

Our success depends to a significant degree upon the continued contributions of our key management, engineering, sales and marketing, service and operations personnel, many of whom would be difficult to replace. We have experienced and may in the future experience significant turnover in our executive personnel. Changes in our management and key employees could affect our financial results, and our prior reductions in force may impede our ability to attract and retain highly skilled personnel. We believe our future success will also depend in large part upon our ability to attract and retain highly skilled managerial, engineering, sales and marketing, service, finance, and operations personnel. The market for such personnel is competitive in certain regions for certain types of technical skills.

A number of our employees are foreign nationals who rely on visas and entry permits in order to legally work in the United States and other countries. Changes in immigration laws could require us to incur additional unexpected labor costs and expenses or could

restrain our ability to retain skilled professionals. Any of these restrictions could have a material adverse effect on our business, financial conditions, and operating results.

Military actions and other geopolitical tensions could adversely affect our business, financial condition and operating results.

In recent years, various military actions such as the February 2022 Russian military action in Ukraine or the October 2023 Israel-Hamas military action have occurred. Although the length, impact, and outcome of such conflicts are highly unpredictable, these conflicts and others that could arise could lead to significant market and other disruptions, including significant volatility in commodity prices and supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as increases in cyberattacks and espionage.

In addition, such military actions could lead to, and have led to, expansion of sanction programs and export control restrictions imposed by the United States and other countries whose sanctions or export control programs could impact the Company's operations. These government measures could and do include export controls restricting certain exports, re-exports, transfers or releases of commodities, software, and technology to certain countries, and sanctions targeting certain officials, individuals, entities, regions, and industries in those countries, including the financial, defense, and energy sectors. Such sanctions and other measures, as well as the existing and potential further responses from military actors or allies to such sanctions, tensions, and military actions, could adversely affect the global economy and financial markets and could materially adversely affect our business, financial condition, operating results, and future financial performance.

Military or terrorist actions could impact suppliers' ability to procure raw materials, or to finish or transport goods. As a result of such disruptions, we may experience in the future extended lead times, delays in supplier deliveries, increased transportation and component costs, and increased costs for expedited shipments. These potential supply chain disruptions may result in delayed deliveries of several key components used in the manufacturing of our products.

We regularly assess the impact of the geopolitical climate on our business, including our business partners and customers. The extent and duration of military actions, sanctions and resulting market disruptions could be significant and could potentially have substantial impact on the global economy and our business for an unknown period of time. Any of the abovementioned factors could affect our business, financial condition, and operating results. Any such disruptions may also magnify the impact of other risks described in this "Risk Factors" section.

The adoption, use, and development of AI products may result in reputational harm or liability.

We incorporate artificial intelligence into various products that we offer, and we continue to develop additional use cases and products based on GenAI. We use and will continue to use tools and processes that incorporate GenAI. The field of AI is rapidly developing, both technologically and from a regulatory and legal standpoint. Known challenges such as algorithmic bias, black box training sets, and "hallucinations" exist. As we incorporate this technology into our products and our internal tools and systems, we may experience unexpected outcomes or impacts related to the technology, creating reputational, legal, and regulatory risks.

The regulatory framework for AI is rapidly evolving as many federal, state, and foreign government bodies and agencies have introduced or are currently considering additional laws and regulations. For example, in the United States, the Biden administration issued a broad Executive Order on the Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence, that sets out principles intended to guide AI design and deployment for the public and private sector and signals the increase in governmental involvement and regulation over AI technologies. Further, in Europe, on July 12, 2024, the EU Artificial Intelligence Act (the "EU AI Act") was published in the EU Official Journal, and establishes a comprehensive, risk-based governance framework for AI in the EU market. The EU AI Act applies to companies that develop, use and/or provide AI in the EU and includes requirements around transparency, conformity assessments and monitoring, risk assessments, human oversight, security, accuracy, general purpose AI and foundation models, and fines for breach of up to 7% of worldwide annual turnover. Legislation related to AI technologies has also been introduced at the U.S. federal level and is advancing at the state level. For example, the California Privacy Protection Agency is currently in the process of finalizing regulations under the California Consumer Privacy Act ("CCPA") regarding the use of automated decision-making. Such additional regulations may impact our ability to develop, use and commercialize AI technologies in the future.

Additionally, existing laws and regulations may be interpreted in ways that may affect our use of AI. As a result, implementation standards and enforcement practices are likely to remain uncertain for the foreseeable future, and we cannot yet determine the impact future laws, regulations, standards, or market perception of their requirements may have on our business and may not always be able to anticipate how to respond to these laws or regulations.

Any investigation or litigation related to our use of AI could have an adverse impact on our results of operations due to the associated costs and any related fines, and could also have an adverse impact on our customer relationships.

If our products do not effectively interoperate with our customers' networks and result in cancellations and delays of installations, our business, financial condition and operating results could be harmed.

Our products are designed to interface with our customers' existing networks, each of which have different specifications and utilize multiple protocol standards and products from other vendors. Many of our customers' networks contain multiple generations of products that have been added over time as these networks have grown and evolved. Our products must inter-operate with many or all of the products within these networks as well as future products in order to meet our customers' requirements. If we find errors in the existing software or defects in the hardware used in our customers' networks, we may need to modify our software networking solutions to fix or overcome these errors so that our products will inter-operate and scale with the existing software and hardware, which could be costly and could negatively affect our business, financial condition, and operating results. In addition, if our products do not inter-operate with those of our customers' networks, demand for our products could be adversely affected or orders for our products could be canceled. This could materially adversely affect our business, financial condition, operating results, and future financial performance.

When our products contain undetected errors, we may incur significant unexpected expenses and could lose sales.

Network products frequently contain undetected errors when new products or new versions or updates of existing products are released to the marketplace. In the past, we have experienced such errors in connection with new products and product updates. We have experienced component problems in prior years that caused us to incur higher than expected warranty, service costs and expenses, and other related operating expenses. In the future, we expect that, from time to time, such errors or component failures will be found in new or existing products after the commencement of commercial shipments. These problems may have a material adverse effect on our business by causing us to incur significant warranty, repair and replacement costs, diverting the attention of our engineering personnel from new product development efforts, delaying the recognition of revenue, and causing significant customer relations problems. Further, if products are not accepted by customers due to such defects, and such returns exceed the amount we accrued for defective returns, this would materially adversely affect our business, financial condition, operating results, and future financial performance.

Our products must successfully inter-operate with products from other vendors. As a result, when problems occur in a network, it may be difficult to identify the sources of these problems. The occurrence of system errors, whether or not caused by our products, could result in the delay or loss of market acceptance of our products and any necessary revisions may cause us to incur significant expenses. The occurrence of any such problems would likely have a material adverse effect on our business, operating results, and financial condition.

We must continue to develop and increase the productivity of our indirect distribution channels to increase net revenues and improve our operating results.

Our distribution strategy focuses primarily on developing and increasing the productivity of our indirect distribution channels. If we fail to develop and cultivate relationships with significant channel partners, if we are unable to meet their needs, or if these channel partners are not successful in their sales efforts, sales of our products may decrease and our operating results could suffer. Many of our channel partners also sell products from other vendors that compete with our products. Our channel partners may not continue to market or sell our products effectively or to devote the resources necessary to provide us with effective sales, marketing, and technical support. We may not be able to successfully manage our sales channels or enter into additional reseller and/or distribution agreements. Our failure to do any of these could limit our ability to grow or sustain revenues.

Our operating results for any given period have and will continue to depend to a significant extent on large orders from a relatively small number of channel partners and other customers. However, we do not have binding purchase commitments from any of them. A substantial reduction or delay in sales of our products to a significant reseller, distributor or other customer could harm our business, operating results and financial condition because our expense levels are based on our expectations as to future revenues and, to a large extent, are fixed in the short term. Under specified conditions, some third-party distributors are allowed to return products to us and unexpected returns could materially adversely affect our business, financial condition, operating results, and future financial performance.

The sales cycle for our products is long and we may incur substantial non-recoverable expenses or devote significant resources to sales that do not occur when anticipated.

The purchase of our products represents a significant strategic decision by a customer regarding its communications infrastructure. The decision by customers to purchase our products is often based on the results of a variety of internal procedures associated with the evaluation, testing, implementation, and acceptance of new technologies. Accordingly, the product evaluation process frequently results in a lengthy sales cycle, typically ranging from three months to longer than a year, and as a result, our ability to sell products is subject to a number of significant risks, including risks that:

- budgetary constraints and internal acceptance reviews by customers will result in the loss of potential sales;
- there may be substantial variation in the length of the sales cycle from customer to customer, making decisions on the expenditure of resources difficult to assess;
- we may incur substantial sales and marketing expenses and expend significant management time in an attempt to initiate or increase the sale of products to customers, but not succeed;

- when a sales forecast from a specific customer for a particular quarter is not achieved in that quarter, we may be unable to compensate for the shortfall, which could harm our operating results; and
- downward pricing pressures could occur during the lengthy sales cycle for our products.

Risks Related to Financial Matters

We cannot assure future profitability, and our financial results may fluctuate significantly from period to period.

We have not been consistently profitable. Even in years when we reported profits, we may not have been profitable in each quarter during those years. We anticipate continuing to incur significant sales and marketing, product development and general and administrative expenses. Any delay in generating or recognizing revenue could result in a loss for a quarter or full year. Even if we are profitable, our operating results may fall below our expectations and those of our investors, which could cause the price of our stock to fall.

We may experience challenges or delays in forecasting, generating or recognizing revenue for a number of reasons and our revenues and operating results have varied significantly in the past and may vary significantly in the future due to a number of factors, including, but not limited to, the following:

- our dependence on obtaining orders during a quarter and shipping those orders in the same quarter;
- orders in our backlog could be cancelled by customers
- decreases in the prices of the products we sell;
- the mix of products sold and the mix of distribution channels through which products are sold;
- acceptance provisions in customer contracts;
- our ability to deliver installation or customer acceptance by the end of the quarter;
- seasonal fluctuations in demand for our products and services;
- a disproportionate percentage of our sales occurring in the last month of a quarter;
- reduced visibility into the implementation cycles for our products and our customers' spending plans;
- our ability to forecast demand for our products, which in the case of lower-than-expected sales, may result in excess or obsolete inventory in addition to non-cancelable purchase commitments for component parts;
- our sales to the telecommunications service provider market, which represents a significant source of large product orders, being especially volatile and difficult to forecast;
- product returns or the cancellation or rescheduling of orders;
- announcements and new product introductions by our competitors;
- our ability to develop and support relationships with enterprise customers, service providers and other potential large customers;
- our ability to obtain sufficient supplies of sole- or limited-source components for our products on a timely basis; and
- changes in funding for customer technology purchases in our markets.

In addition to risks related to revenue, we are subject to risks related to costs, which may be influenced by a number of factors, including, but not limited to, the following:

- our ability to achieve and maintain targeted cost reductions;
- fluctuations in warranty or other service expenses actually incurred;
- increases in the price of the components we purchase;
- increases in costs associated with sourcing and shipping components and finished products;
- general inflationary pressures, increasing the cost of all inputs; and
- rising interest rates, increasing the cost of borrowing.

We are subject to changes in general and specific macroeconomic conditions in the economy as a whole as well as in the networking industry, which could affect both revenue and costs. In particular, rising interest rates could decrease demand for our products and services, as the cost and access to capital to fund large projects may be limited for certain customers.

Due to the foregoing and other factors, many of which are described herein, period-to-period comparisons of our operating results should not be relied upon as an indicator of our future performance.

Our stock price has been volatile in the past and may significantly fluctuate in the future.

In the past, the trading price of shares of our common stock has fluctuated significantly. This could continue as we or our competitors announce new products, our results or those of our customers or competition fluctuate, conditions in the networking or

semiconductor industry change, conditions in the global economy change, or when investors change their sentiment toward stocks in the networking technology sector.

In addition, fluctuations in our stock price and our enterprise value to sales valuation may make our stock attractive to momentum, hedge or day-trading investors who often shift funds into and out of stock rapidly, exacerbating price fluctuations in either direction, particularly when viewed on a quarterly basis. These fluctuations may adversely affect the trading price or liquidity of our common stock. Some companies, including us, that have had volatile market prices for their securities have had securities class action lawsuits filed against them. If a suit were filed against us, regardless of its merits or outcome, it could result in substantial costs and divert management's attention and resources.

If we do not adequately manage and evolve our financial reporting and managerial systems and processes, our ability to manage and grow our business may be harmed.

Our ability to successfully implement our business plan and comply with regulations requires an effective planning and management process. We need to continue improving our existing, and implement new, operational and financial systems, procedures and controls. Disruptions to our existing systems, procedures, or controls or any delay or disruption in the implementation of or the transition to new or enhanced systems, procedures, or controls, or any delay or disruption in the integration of acquired businesses, could have a significant impact on our business. Failure to properly or adequately address such issues could harm our ability to manage our business, meet our obligations to our customers, accurately forecast sales demand, manage our supply chain, record and report financial and management information on a timely and accurate basis, or forecast future results, which could result in a material adverse effect on our business, financial condition, and operating results.

Our credit facilities impose financial and operating restrictions on us and if we fail to meet our payment or other obligations under our 2023 Credit Agreement, as amended (as defined in Item 7, "Liquidity and Capital Resources"), the lenders under such 2023 Credit Agreement could foreclose on, and acquire control of, substantially all of our assets.

Our 2023 Credit Agreement imposes, and the terms of any future debt may impose, operating and other restrictions on us. These restrictions could affect, and in many respects limit or prohibit, among other items, our ability to:

- incur additional indebtedness;
- create liens;
- make investments;
- enter into transactions with affiliates;
- sell assets;
- guarantee indebtedness;
- declare or pay dividends or other distributions to stockholders;
- repurchase equity interests;
- change the nature of our business;
- enter into swap agreements;
- issue or sell capital stock of certain of our subsidiaries; and
- consolidate, merge, or transfer all or substantially all of our assets and the assets of our subsidiaries on a consolidated basis.

Our 2023 Credit Agreement also requires us to achieve and maintain compliance with specified financial ratios. A breach of any of these restrictive covenants or the inability to comply with the required financial ratios or metrics could result in a default under our 2023 Credit Agreement. The lenders under our 2023 Credit Agreement also have the right in the event of a breach of the restrictive covenants to terminate any commitments they have to provide further borrowings. Reductions in earnings could increase our costs of borrowing, reduce our ability to comply with these covenants, or make extensions of credit unavailable to us.

Further, our 2023 Credit Agreement is jointly and severally guaranteed by us and certain of our subsidiaries. Borrowings under our 2023 Credit Agreement are secured by liens on substantially all of our assets, including the capital stock of certain of our subsidiaries, and the assets of our subsidiaries that are loan party guarantors. If we are unable to repay outstanding borrowings when due or comply with other obligations and covenants under our 2023 Credit Agreement, the lenders under our 2023 Credit Agreement will have the right to proceed against these pledged capital stock and take control of substantially all of our assets.

Our cash requirements may require us to seek additional debt or equity financing and we may not be able to obtain such financing on favorable terms, or at all.

Our 2023 Credit Agreement may not be sufficient for our future working capital, investments and cash requirements, in which case we would need to seek additional debt or equity financing or scale back our operations. In addition, we may need to seek additional financing to achieve and maintain compliance with specified financial ratios under our 2023 Credit Agreement. We may not be able to

access additional capital resources due to a variety of reasons, including the restrictive covenants in our 2023 Credit Agreement and the lack of available capital due to global economic conditions. If our financing requirements are not met and we are unable to access additional financing on favorable terms, or at all, our business, financial condition, operating results, and future growth prospects could be materially adversely affected.

Our indebtedness could expose us to interest rate risk to the extent of our variable rate debt.

Our 2023 Credit Agreement provides for interest to be calculated based on the prime rate, the federal funds rate and/or the secured overnight financing rate. The Federal Reserve increased interest rates in 2022 and 2023 and these increases could continue in 2024 or beyond. Increases in interest rates on which the 2023 Credit Agreement interest rates are based would increase interest rates on our debt, which could materially adversely impact our interest expense, operating results and cash flows.

Our revenues may decline as a result of changes in public funding of educational institutions.

A significant portion of our revenues comes from sales to both public and private K-12 educational institutions. Public schools receive funding from local tax revenues, and from state and federal governments through a variety of programs, many of which seek to assist schools located in underprivileged or rural areas. The funding for a portion of our sales to U.S.-based educational institutions comes from a federal funding program known as the E-Rate program. E-Rate is a program of the Federal Communications Commission (the "FCC") that subsidizes the purchase of approved telecommunications, Internet access, and internal connection costs for eligible public educational institutions. The E-Rate program, its eligibility criteria, the timing and specific amount of federal funding actually available and which Wi-Fi infrastructure and product sectors will benefit, are uncertain and subject to final federal program approval and funding appropriation continues to be under review by the FCC, and we cannot assure that this program or its equivalent will continue, and as a result, our business may be harmed. Furthermore, if state or local funding of public education is significantly reduced because of legislative or policy changes or by reductions in tax revenues due to changing economic conditions, our sales to educational institutions may be negatively impacted by these changed conditions. Any reduction in spending on information technology systems by educational institutions could materially adversely affect our business, financial condition, operating results, and future financial performance.

We intend to invest in engineering, sales, services, marketing and manufacturing on a long-term basis, and delays or inability to attain the expected benefits may result in unfavorable operating results.

While we intend to focus on managing our costs and expenses, over the long term, we also intend to invest in personnel and other resources related to our engineering, sales, services, marketing and manufacturing functions as we focus on our foundational priorities, such as leadership in our core products and solutions and architectures for business transformation. We are likely to recognize the costs associated with these investments earlier than some of the anticipated benefits and the return on these investments may be lower, or may develop more slowly, than we expect. If we do not achieve the benefits anticipated from these investments, or if the achievement of these benefits is delayed, our business, financial condition, and operating results may be adversely affected.

We are exposed to the credit risk of our channel partners and direct customers, which could result in material losses.

Most of our sales are on an open credit basis, with standard payment terms of 30 days in the United States and, because of local customs or conditions, longer in some markets outside the U.S. We monitor partners' and direct end customers' payment capability in granting such open credit arrangements, seek to limit such open credit to amounts we believe the end customers can pay and maintain reserves we believe are adequate to cover exposure for doubtful accounts. Any significant delay or default in the collection of significant accounts receivable could potentially result in an increased need for us to obtain working capital from other sources, possibly on less favorable terms than we could have negotiated if we had established such working capital resources prior to such delays or defaults. Any significant default could adversely affect our operating results and delay our ability to recognize revenue.

A material portion of our sales is derived through our distributors, systems integrators, and value-added resellers. Some of our distributors, systems integrators and value-added resellers may experience financial difficulties, which could adversely affect our collection of accounts receivable. Our exposure to credit risks of our channel partners may increase if our channel partners and their end customers are adversely affected by global or regional economic conditions. One or more of these channel partners could delay payments or default on credit extended to them, either of which could materially adversely affect our business, financial condition, operating results, and future financial performance.

Rising interest rates and increasing inflation could put additional financial pressures on some partners and customers, which could result in longer collection times or default on payment to us.

We are required to evaluate the effectiveness of our internal control over financial reporting on an annual basis and publicly disclose any material weaknesses in our controls. Any adverse results from such evaluation could result in a loss of investor confidence in our financial reports and significant expense to remediate, and ultimately could have an adverse effect on our stock price.

Section 404 of the Sarbanes-Oxley Act of 2002 requires our management to assess the effectiveness of our internal control over financial reporting and to disclose if such controls were unable to provide assurance that a material error would be prevented or detected

in a timely manner. We have an ongoing program to review the design of our internal controls framework in keeping with changes in business needs, implement necessary changes to our controls design and test the system and process controls necessary to comply with these requirements. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within our Company will have been detected.

If we or our independent registered public accounting firm identifies material weaknesses in our internal controls, the disclosure of that fact, even if quickly remedied, may cause investors to lose confidence in our financial statements and its stock price may decline. Remediation of a material weakness could require us to incur significant expenses and, if we fail to remedy any material weakness, our ability to report our financial results on a timely and accurate basis may be adversely affected, our access to the capital markets may be restricted, our stock price may decline, and we may be subject to sanctions or investigation by regulatory authorities, including the SEC or Nasdaq. We may also be required to restate our financial statements from prior periods. Execution of restatements create a significant strain on our internal resources and could cause delays in our filing of quarterly or annual financial results, increase our costs and cause management distraction. Restatements may also significantly affect our stock price in a materially adverse manner.

We may not fully realize the anticipated positive impacts to future financial results from our restructuring efforts.

We have undertaken restructuring efforts in the past to streamline operations and reduce operating expenses. Our ability to achieve the anticipated cost savings and other benefits from our restructuring efforts within expected time frames is subject to many estimates and assumptions and may vary materially based on factors such as market conditions and the effect of our restructuring efforts on our work force. These estimates and assumptions are subject to significant economic, competitive and other uncertainties, some of which are beyond our control. We cannot assure that we will fully realize the anticipated positive impacts to future financial results from our current or future restructuring efforts. If our estimates and assumptions are incorrect or if other unforeseen events occur, we may not achieve the cost savings expected from such restructurings, and our business, financial condition, operating results and future financial performance could be materially adversely affected.

We may not realize anticipated benefits of past or future acquisitions, divestitures and strategic investments, and the integration of acquired companies or technologies may negatively impact our business, financial condition and operating results or dilute the ownership interests of our stockholders.

As part of our business strategy, we review acquisition and strategic investment prospects that we believe would complement our current product offerings, augment our market coverage or enhance our technical capabilities, or otherwise offer growth opportunities. For example, on September 14, 2021, we acquired Ipanematech SAS, the SD-WAN division of InfoVista SAS, for EUR 60 million in cash consideration. In the event of any future acquisitions, we could:

- issue equity securities which would dilute current stockholders' percentage ownership;
- incur substantial debt;
- assume contingent liabilities; or
- expend significant cash

These actions could have a material adverse effect on our business, financial condition, and operating results or the price of our common stock.

There can be no assurance we will achieve the revenues, growth prospects, and synergies expected from any acquisition or that we will achieve such revenues, growth prospects, and synergies in the anticipated time period and our failure to do so could have a material adverse effect on our business, financial condition, and operating results. Moreover, even if we do obtain benefits in the form of increased sales and earnings, these benefits may be recognized much later than the time when the expenses associated with an acquisition are incurred. This is particularly relevant in cases where it would be necessary to integrate new types of technology into our existing portfolio and new types of products may be targeted for potential customers with which we do not have pre-existing relationships.

Our ability to realize the anticipated benefits of any current and future acquisitions, divestitures and investment activities also entail numerous risks, including, but not limited to:

- difficulties in the assimilation and successful integration of acquired operations, sales functions, technologies, products, and/or personnel;
- unanticipated costs, litigation or other contingent liabilities associated with the acquisition or investment transaction;
- incurrence of acquisition- and integration-related costs, goodwill or in-process research and development impairment charges, or amortization costs for acquired intangible assets, that could negatively impact our business, financial condition, and operating results;
- the diversion of management's attention from other business concerns;
- adverse effects on existing business relationships with suppliers and customers;

- risks associated with entering markets in which we have no or limited prior experience;
- the potential loss of key employees of acquired organizations and inability to attract or retain other key employees; and
- substantial charges for the amortization of certain purchased intangible assets, deferred stock compensation or similar items.

If any of these risks occur, it could have a material adverse impact on our business, financial condition, operating results and future financial performance.

Regulatory, Tax and Legal Risks

We are subject to complex tariff regulations, export control laws and economic and trade sanctions. If we fail to comply with these laws and regulations, we could incur penalties and sanctions from governments, and could be restricted from exporting products.

We are required to comply with laws, rules and regulations of the United States and other countries, as applicable, relating to export controls and economic sanctions, including, but not limited to, trade sanctions administered by the Office of Foreign Assets Control within the U.S. Department of the Treasury, as well as the Export Administration Regulations administered by the U.S. Department of Commerce. These regulations restrict our ability to market, sell, distribute or otherwise transfer our products or technology to prohibited countries or persons. Violations of these regulations, laws, or key control policies by our employees, contractors, channel partners, or agents could result in termination of our relationship, financial reporting problems, fines, and/or civil or criminal penalties for us, or prohibition on the importation or exportation of our products and could have a material adverse effect on our business, financial condition, and operating results. For example, on October 7, 2022, we submitted voluntary disclosures to the U.S. Treasury Department's Office of Foreign Assets Control, the Bureau of Industry and Security's Office of Export Enforcement, and the Department of Justice (collectively, the "Agencies") regarding the potential export and sale of certain of our networking equipment to end users in Russia subject to U.S. sanctions and export control restrictions. We are continuing our review of the matter in conjunction with outside counsel. Given the uncertainty of the outcome of the investigation, and the potential outcome of the Agencies' determination, we cannot estimate at this time the possible loss or range of loss that may result from this action.

Our employees may engage in misconduct or other improper activities, including noncompliance with regulatory standards and requirements, which could have a material adverse effect on our business.

We are exposed to the risk of employee fraud or other misconduct. Local laws and customs in many countries differ significantly from, or conflict with, those in the United States or in other countries in which we operate. In many foreign countries, it is common for others to engage in business practices that are prohibited by our internal policies and procedures or U.S. regulations applicable to us. Although we have implemented policies, procedures and training designed to ensure compliance with these U.S. and foreign laws and policies, there can be no complete assurance that any individual employee, contractor, channel partner, or agent will not violate our policies, procedures or applicable law, for which we may be ultimately held responsible. Misconduct by employees could include intentional failures to:

- comply with securities laws and regulations or similar regulations of comparable foreign regulatory authorities;
- comply with export controls and sanctions laws and regulations or similar regulations of comparable foreign regulatory authorities;
- comply with anti-corruption laws such as the FCPA and regulations or similar regulations of comparable foreign regulatory authorities;
- comply with internal controls that we have established;
- report financial information or data accurately; or
- disclose unauthorized activities to us.

The precautions we take to detect and prevent misconduct may not be effective in controlling unknown or unmanaged risks or losses or in protecting us from governmental investigations or other actions or lawsuits stemming from a failure to be in compliance with such laws or regulations. Violations of these regulations, laws, or key control policies by our employees, contractors, channel partners, or agents could result in termination of our relationship, financial reporting problems, fines, and/or civil or criminal penalties for us and could have a material adverse effect on our business, financial condition, and operating results.

Our operating results may be negatively affected by legal proceedings.

We have in the past, currently are and will likely in the future pursue or be subject to claims or lawsuits in the normal course of our business. In addition to the risks related to the intellectual property lawsuits described above, we are currently parties to other litigation as described in Note 10, *Commitments and Contingencies*, in the Notes to Consolidated Financial Statements included elsewhere in this Annual Report on Form 10-K. Regardless of the result, litigation can be expensive, lengthy and disruptive to normal business operations. Moreover, the results of complex legal proceedings are difficult to predict. An unfavorable resolution of a lawsuit

in which we are a defendant could result in a court order against us or payments to other parties that would have a material adverse effect on our business, financial condition, or operating results. Even if we are successful in prosecuting claims and lawsuits, we may not recover damages sufficient to cover our expenses incurred to manage, investigate and pursue the litigation. In addition, subject to certain limitations, we may be obligated to indemnify our current and former customers, suppliers, directors, officers and employees in certain lawsuits. We may not have adequate insurance coverage to cover all of our litigation costs and liabilities.

Claims of infringement by others may increase and the resolution of such claims may materially adversely affect our business, financial condition, and operating results.

Our industry is characterized by the existence of a large number of patents and frequent claims and related litigation regarding patents, copyrights (including rights to "open source" software) and other intellectual property rights. As we have grown, we have, and may continue to, experience greater revenues and increased public visibility, which may cause competitors, customers, and governmental authorities to be more likely to initiate litigation against us. Because of the existence of a large number of patents in the networking field, the secrecy of some pending patents and the issuance of new patents at a rapid pace, it is not possible to determine in advance if a product or component might infringe the patent rights of others. Because of the potential for courts awarding substantial damages, or internationally prohibiting us from exporting our products, in the case of China, or importing our products, in the case of Germany, the lack of predictability of such awards and the high legal costs associated with the defense of such patent infringement matters that would be expended to prove lack of infringement, it is not uncommon for companies in our industry to settle even potentially unmeritorious claims for very substantial amounts. Furthermore, the entities with whom we have or could have disputes or discussions include entities with extensive patent portfolios and substantial financial assets. These entities are actively engaged in programs to generate substantial revenues from their patent portfolios and are seeking or may seek significant payments or royalties from us and others in our industry.

Litigation resulting from claims that we are infringing the proprietary rights of others has resulted and could in the future result in substantial costs and a diversion of resources and could have a material adverse effect on our business, financial condition and operating results. We previously received notices from entities alleging that we were infringing their patents and have been party to patent litigation in the past.

Without regard to the merits of these or any other claims, an adverse court order or a settlement could require us, among other actions, to:

- stop selling our products that incorporate the challenged intellectual property;
- obtain a royalty bearing license to sell or use the relevant technology, and that license may not be available on reasonable terms or available at all;
- pay damages;
- redesign those products that use the disputed technology; or
- face a ban on importation or exportation of our products into the United States or into another country.

In addition, our products include so-called "open source" software. Open source software is typically licensed for use at no initial charge but imposes on the user of the open source software certain requirements to license to others both the open source software as well as modifications to the open source software under certain circumstances. Our use of open source software subjects us to certain additional risks for the following reasons:

- open source license terms may be ambiguous and may result in unanticipated obligations regarding the licensing of our products and intellectual property;
- open source software cannot be protected under trade secret law;
- suppliers of open-source software do not provide the warranty, support and liability protections typically provided by vendors who offer proprietary software; and
- it may be difficult for us to accurately determine the developers of the open source code and whether the acquired software infringes third-party intellectual property rights.

We believe even if we do not infringe the rights of others, we will incur significant expenses in the future due to defense of legal claims, disputes or licensing negotiations, though the amounts cannot be determined. These expenses could materially adversely affect our business, financial condition, and operating results.

We rely on the availability of third-party licenses.

Some of our products are designed to include software or other intellectual property, including open source software, licensed from third parties. It may be necessary in the future to seek or renew licenses relating to various aspects of these products. There can be no assurance that the necessary licenses would be available on acceptable terms, if at all. The inability to obtain certain licenses or other rights or to obtain such licenses or rights on favorable terms, could have a material adverse effect on our business, operating results, and financial condition. Moreover, the inclusion in our products of software or other intellectual property licensed from third parties on a

nonexclusive basis could limit our ability to protect our proprietary rights in our products. Further, the failure to comply with the terms of any license, including free open source software, may result in our inability to continue to use such license, which could materially adversely affect our business, financial condition, operating results, and future financial performance.

Failure to protect our intellectual property could affect our business.

We rely on a combination of patent, copyright, trademark and trade secret laws and restrictions on disclosure to protect our intellectual property rights. However, we cannot ensure that the actions we have taken will adequately protect our intellectual property rights or that other parties will not independently develop similar or competing products that do not infringe on our patents. With the advent of GenAI, there is a risk that when employees use GenAI tools, data will leak outside the Company that could lead to breach of confidentiality or a disclosure of trade secrets that are being developed.

We generally enter into confidentiality, invention assignment or license agreements with our employees, consultants and other third parties with whom we do business, and control access to and distribution of our intellectual property and other proprietary information. Despite our efforts to protect our proprietary rights, unauthorized parties may attempt to copy or otherwise misappropriate or use our products or technology, which could adversely affect our business, financial condition, and operating results.

Our provision for income taxes and overall cash tax costs are affected by a number of factors, including reorganizations or restructurings of our business, jurisdictional revenue mix and changes in tax regulations or policy, all of which could materially adversely affect our business, financial condition and operating results.

We are a multinational company subject to income tax as well as non-income-based taxes in various jurisdictions including Ireland, where we have an operating company supporting our business in most non-U.S. jurisdictions. Our income taxes are subject to volatility and could be adversely affected by several factors including earnings that are lower than anticipated in countries that have lower tax rates and higher than anticipated in countries that have higher tax rates, expiration of or lapses in the research and development tax credit laws, transfer pricing adjustments with respect to our methods for valuing developed technology or intercompany arrangements in the various jurisdictions we do business, tax effects of nondeductible compensation, including stock-based compensation, changes in accounting principles and imposition of withholding or other taxes on payments by subsidiaries or customers.

Significant judgment is required to determine our worldwide provision for income taxes. In the ordinary course of business, there are many transactions where the ultimate tax determination is uncertain. Additionally, our calculations of income taxes payable, currently and on a deferred basis, are based on our interpretation of applicable tax laws in the jurisdictions in which we are required to file tax returns. Although we believe our tax estimates are reasonable, there is no assurance that the final determination of our income tax liability will not be materially different than what is reflected in our income tax provisions and accruals. Due to shifting economic and political conditions, tax rates and policies in the United States as well as international jurisdictions may be subject to significant change. The application and interpretation of such policies and underlying regulations, including taxation of earnings internationally, transfer pricing adjustments related to certain acquisitions, including the license of acquired intangibles under our cost sharing arrangement, Base Erosion and Anti-abuse Tax laws, Global Intangible Low-Tax Income ("GILTI") laws, and the disallowance of tax deductions for certain expenses, as well as changes that may be enacted in the future could materially impact our tax provision, cash tax liability and effective tax rate. Most recently, the United States enacted the Inflation Reduction Act in 2022, which made a number of changes to the Internal Revenue Code, including adding a 1% excise tax on stock buybacks by publicly traded corporations and a corporate minimum tax on adjusted financial statement income of certain large companies. We have assessed preliminary guidance and do not expect these provisions will adversely impact our effective tax rate.

The Organization for Economic Co-operation and Development ("OECD"), an international association comprised of 38 countries including the United States and Ireland, has made changes and is contemplating additional changes to numerous long-standing tax principles. There can be no assurance that these changes and any contemplated changes if finalized and adopted by associated countries, will not have a materially adverse impact on our provision for income taxes. Substantially all member countries of the OECD agreed to certain tax principles, including a global minimum tax of 15%. In December 2022, the Council of the European Union adopted the global minimum tax initiative for enactment by European Union member states. EU members will be required to enact local laws in 2023, which are intended to be effective for tax years beginning after December 31, 2023. Many countries are also actively considering changes to existing tax laws and rates or have proposed or enacted new laws that could increase our tax obligations in countries where we do business or cause us to change the way we operate the business. We have assessed the impacts of these new rules in the countries where we currently operate and do not currently anticipate a material impact to our tax liabilities, however, we can provide no assurance that our tax liabilities will not be materially impacted in the future under this initiative.

Beginning in 2022, the Tax Cuts and Jobs Act of 2017 eliminates the option to deduct research and development expenditures currently and requires taxpayers to capitalize and amortize them over five or fifteen years pursuant to IRC Section 174 depending on whether the expenditure is recorded in the U.S. or a foreign jurisdiction. Although the U.S. Congress has been considering legislation that would defer the capitalization and amortization requirement to later years, there has been little recent discussion and we have no assurance the provision will be repealed or modified. Given the requirement was not repealed or modified as of June 30, 2023, our existing U.S. net operating losses were fully utilized during fiscal 2023, and we are now subject to U.S. cash tax on profits. In addition, our effective tax rate will materially increase as we made an accounting policy election to treat GILTI as a period cost (i.e., recorded

when incurred) in 2018 when the GILTI rules were introduced. Our research and development expenditures are shared by our U.S. parent and Irish principal company and as such, the disallowed deduction will drive up our GILTI inclusion associated with Ireland, which in turn will increase our effective tax rate. Additionally, a change in our future effective tax rate, including from the release of the valuation allowances recorded against our net U.S. and Irish deferred tax assets may create volatility in our calculated tax expense.

Finally, we are subject to the examination of our income tax returns by the Internal Revenue Service, Irish Revenue, and other tax authorities globally. Although we regularly assess the likelihood of adverse outcomes resulting from these examinations to determine the adequacy of our provision for income taxes, there is no assurance our assessments are, in fact, adequate. Changes in our effective tax rates or amounts assessed upon examination of our tax returns may have a material adverse impact on our business, financial condition, and operating results.

Any actual or perceived failure to comply with new or existing laws, regulations and other requirements relating to the privacy, security and processing of personal information could adversely affect our business, results of operations, or financial condition.

In connection with running our business, we receive, store, use and otherwise process information that relates to individuals and/or constitutes "personal data," "personal information," "personally identifiable information," or similar terms under applicable data privacy laws (collectively, "Personal Information"), including from and about actual and prospective customers, as well as our employees and business contacts and information we process for or on behalf of our customers in the course of our business. We are therefore subject to certain laws, regulations and other requirements relating to the privacy, security, and handling of Personal Information either directly or where we are processing Personal Information for or on behalf of our customers or another third party. For example, the General Data Protection Regulation, and related laws in other jurisdictions require us to adhere to certain disclosure restrictions and deletion obligations with respect to the Personal Information of their residents, and allow for penalties for violations. We have invested, and continue to invest, human and technology resources in our efforts to comply with such requirements that may be time-intensive and costly.

The application and interpretation of such requirements are constantly evolving and are subject to change, creating a complex compliance environment. In some cases, these requirements may be either unclear in their interpretation and application or they may have inconsistent or conflicting requirements with each other. Further, there has been a substantial increase in legislative activity and regulatory focus on data privacy and security, including in relation to cybersecurity incidents. In addition, some such requirements place restrictions on our ability to process Personal Information across our business or across country borders.

It is possible that new laws, regulations and other requirements, or amendments to or changes in interpretations of existing laws, regulations and other requirements, may require us to incur significant costs, implement new processes, or change our handling of information and business operations, which could ultimately hinder our ability to grow our business by extracting value from our data assets. In addition, any failure or perceived failure by us to comply with laws, regulations and other requirements relating to the privacy, security and handling of information could result in legal claims or proceedings (including class actions), regulatory investigations or enforcement actions. We could incur significant costs in investigating and defending such claims and, if found liable, pay significant damages or fines or be required to make changes to our business. These proceedings and any subsequent adverse outcomes may subject us to significant negative publicity and an erosion of trust. If any of these events were to occur, our business, results of operations, and financial condition could be materially adversely affected.

Failure of our products to comply with evolving industry standards and complex government regulations may adversely impact our business.

If we do not comply with existing or evolving industry standards and government regulations, we may not be able to sell our products where these standards or regulations apply. The network equipment industry in which we compete is characterized by rapid changes in technology and customers' requirements and evolving industry standards. As a result, our success depends on:

- the timely adoption and market acceptance of industry standards, and timely resolution of conflicting U.S. and international industry standards; and
- our ability to influence the development of emerging industry standards and to introduce new and enhanced products that are compatible with such standards.

In the past, we have introduced new products that were not compatible with certain technological standards, and in the future, we may not be able to effectively address the compatibility and interoperability issues that arise as a result of technological changes and evolving industry standards.

Our products must also comply with various U.S. federal government regulations and standards defined by agencies such as the FCC, standards established by governmental authorities in various foreign countries and recommendations of the International Telecommunication Union. In some circumstances, we must obtain regulatory approvals or certificates of compliance before we can offer or distribute our products in certain jurisdictions or to certain customers. Complying with new regulations or obtaining certifications can be costly and disruptive to our business.

If we do not comply with existing or evolving industry standards or government regulations, we will not be able to sell our products where these standards or regulations apply, which may prevent us from sustaining our net revenues or achieving profitability.

Provisions in our charter documents and Delaware law may delay or prevent an acquisition of Extreme, which could decrease the value of our common stock.

Our certificate of incorporation and bylaws and Delaware law contain provisions that could make it more difficult for a third party to acquire us without the consent of our Board. Delaware law also imposes some restrictions on mergers and other business combinations between us and any holder of 15% or more of our outstanding common stock. In addition, our Board has the right to issue preferred stock without stockholder approval, which could be used to dilute the stock ownership of a potential hostile acquirer. Although we believe these provisions of our certificate of incorporation and bylaws and Delaware law will provide for an opportunity to receive a higher bid by requiring potential acquirers to negotiate with our Board, these provisions apply even if the offer may be considered beneficial by some of our stockholders.

Our bylaws, as amended, provide that, unless we consent in writing to an alternative forum, the Court of Chancery of the State of Delaware is the exclusive forum for any derivative action or proceeding brought on our behalf, any action asserting a breach of a fiduciary duty owed by any of our directors, officers, other employees or stockholders to us, any action asserting a claim against us arising pursuant to the Delaware General Corporation Law, our certificate of incorporation or our bylaws, any action to interpret, apply, enforce, or determine the validity of our certificate of incorporation or bylaws, or any action asserting a claim against us that is governed by the internal affairs doctrine. Our bylaws further provide that the federal district courts of the United States shall be the exclusive forum for any cause of action arising under the Securities Act of 1933, as amended (the "Securities Act"). The choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers, other employees or stockholders, which may discourage such lawsuits against us and our directors, officers, other employees and stockholders. Furthermore, the enforceability of similar choice of forum provisions in other companies' certificates of incorporation has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be inapplicable or unenforceable. While the Delaware courts have determined that such choice of forum provisions are facially valid, a stockholder may nevertheless seek to bring a claim in a venue other than those designated in the exclusive-forum provisions, and there can be no assurance that such provisions will be enforced by a court in those other jurisdictions. If a court were to find the choice of forum provision contained in our amended and restated bylaws to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could materially adversely affect our business, financial condition, and operating results.

Compliance with laws, rules and regulations relating to corporate governance and public disclosure may result in additional expenses.

Federal securities laws, rules and regulations, as well as Nasdaq rules and regulations, require companies to maintain extensive corporate governance measures, impose comprehensive reporting and disclosure requirements, set strict independence and financial expertise standards for audit and other committee members and impose civil and criminal penalties for companies and their Chief Executive Officers, Chief Financial Officers and directors for securities law violations. These laws, rules and regulations and the interpretation of these requirements are evolving, and we are making investments to evaluate current practices and to continue to achieve compliance, which investments may have a material adverse impact on our business, financial condition, and operating results.

General

Natural or man-made disasters, climate change, acts of war or terrorism, pandemics, technological disruptions or other events beyond our control could disrupt our operations and harm our business, financial condition and operating results.

We have major offices in Morrisville, North Carolina, San Jose, California, Salem, New Hampshire, Bangalore, India, Thornhill, Canada, Shannon, Ireland and Reading, United Kingdom. We have, or plan to have, contract manufacturers located in Taiwan, Vietnam, the Philippines, and Thailand. Historically, each location has been vulnerable to natural disasters and other risks, such as earthquakes, fires, floods, and severe storms, which could disrupt the local or even global economy, create power and communication disruptions, and pose physical risks to property belonging to us or our contract manufacturers. Global shipping could be disrupted by such events, which would impede our ability to get product to our customers. Climate change may exacerbate the frequency or severity of some natural disasters.

Regulations related to climate change and/or greenhouse gas emissions could have an impact on our supply chain, business operations, and regulatory compliance requirements. Customers or potential customers may impose climate change-related requirements on us that are costly or may require us to forego certain revenue.

Civil unrest, riots, pandemics, acts of terrorism, and other systemic disruptions could disrupt demand for products, supply chain, or distribution and could negatively impact our costs or revenue. Such disruptions to the availability or integrity of utilities, transportation infrastructure, or the internet could have significant macroeconomic impacts, decreasing demand for our products and impacting our ability to get them to market. As a result, our business, financial situation, and operating results could be negatively affected.

Cybersecurity Risk Management and Strategy

We have developed and implemented a cybersecurity risk management program intended to protect the confidentiality, integrity, and availability of our critical systems and information.

We design and assess our program based on the National Institute of Standards and Technology Cybersecurity Framework ("NIST CSF"). This does not imply that we meet any particular technical standards, specifications, or requirements, only that we use the NIST CSF as a guide to help us identify, assess, and manage cybersecurity risks relevant to our business.

Our cybersecurity risk management program is integrated into our overall enterprise risk management program, and shares common methodologies, reporting channels and governance processes that apply across the enterprise risk management program to other legal, compliance, strategic, operational, and financial risk areas.

Key elements of our cybersecurity risk management program, include, but are not limited to the following:

- risk assessments designed to help identify material cybersecurity risks to our critical systems, information, products, services, and our broader enterprise IT environment;
- a security team principally responsible for managing (1) our cybersecurity risk assessment processes, (2) our security controls, and (3) our response to cybersecurity incidents;
- the use of external service providers, where appropriate, to assess, test or otherwise assist with aspects of our security controls;
- cybersecurity awareness training of our employees;
- a cybersecurity incident response plan that includes procedures for responding to cybersecurity incidents; and
- a third-party risk management process for key service providers, suppliers, and vendors based on our assessment of their criticality to our operations and respective risk profile.

We have not identified risks from known cybersecurity threats, including as a result of any prior cybersecurity incidents, that have materially affected or are reasonably likely to materially affect us, including our operations, business strategy, results of operations, or financial condition. We face risks from cybersecurity threats that, if realized, are reasonably likely to materially affect us, including our operations, business strategy, results of operations, or financial condition. See "Risk Factors – *System security risks, data breaches, and cyberattacks could compromise our proprietary information, disrupt our internal operations, impact services to customers, and harm public perception of our products, which could materially adversely affect our business, financial condition, operating results, and future growth prospects*".

Cybersecurity Governance

Our Board considers cybersecurity risk as part of its risk oversight function and has delegated to the Audit Committee oversight of cybersecurity and other information technology risks. The Audit Committee oversees management's implementation of our cybersecurity risk management program.

The Audit Committee receives regular reports from our Chief Information Security Officer ("CISO") regarding any significant cybersecurity incidents, as well as any incidents with lesser impact potential. The Chief Information Officer ("CIO") and CISO periodically report to the full Board regarding cybersecurity risks and our cyber risk management program. Board members periodically receive presentations on cybersecurity topics from our CIO, our CISO, or external experts as part of the Board's continuing education on topics that impact public companies.

Our management team, including our CIO and our CISO, is responsible for assessing and managing our material risks from cybersecurity threats. The team has primary responsibility for our overall cybersecurity risk management program and supervises both our internal cybersecurity personnel and our retained external cybersecurity consultants. Our CIO and CISO collectively have over five decades of IT and cybersecurity experience in technology companies, including two decades in senior-level leadership roles. Additionally, our CISO holds Certified Information Security Manager and Certified in Risk and Information Systems Control certifications, They are assisted by a cross-functional Information Security Steering Committee.

Our management team takes steps to stay informed about and monitor efforts to prevent, detect, mitigate, and remediate cybersecurity risks and incidents through various means, which may include briefings from internal security personnel; threat intelligence and other information obtained from governmental, public or private sources, including external consultants engaged by us; and alerts and reports produced by security tools deployed in the IT environment.

Item 2. ***Properties***

Our corporate headquarters is located in Morrisville, North Carolina where we currently lease approximately 54,530 square feet of space under a lease agreement that expires in fiscal year 2031.

In addition to our headquarters in Morrisville, we lease additional sites in the United States, including in Salem, New Hampshire and San Jose, California for research and development, sales and marketing and administrative purposes. Outside the United States, we also lease facilities in other geographic locations for research and development, sales and service personnel and administration, including other cities in the Americas, EMEA and APAC, such as Bangalore, India, Chennai, India, Markham, Canada, Reading, United Kingdom, Shannon, Ireland and other locations.

As of June 30, 2024, we have an aggregate of approximately 0.5 million square feet of leased space with various expiration dates between fiscal year 2025 and fiscal 2033. We are continuously evaluating our leased locations. As leases expire, we analyze key metrics such as attendance and usage when determining whether to extend the lease, reduce the size of the facility or allow the lease to expire.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Business Overview

The following discussion should be read with the Consolidated Financial Statements and the related notes in Part II, Item 8 of this Annual Report on Form 10-K.

The following discussion is based upon our Consolidated Financial Statements included elsewhere in this Annual Report on Form 10-K, which have been prepared in accordance with U.S. generally accepted accounting principles. In the course of operating our business, we routinely make decisions as to the timing of the payment of invoices, the collection of receivables, the manufacturing and shipment of products, the fulfillment of orders, the purchase of supplies, and the building of inventory and service parts, among other matters. Each of these decisions has some impact on the financial results for any given period. In making these decisions, we consider various factors including contractual obligations, customer satisfaction, competition, internal and external financial targets and expectations, and financial planning objectives. For further information about our critical accounting policies and estimates, see "*Critical Accounting Policies and Estimates*" included in this "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Extreme Networks, Inc., together with its subsidiaries (collectively referred to as "Extreme" and as "we," "us" and "our") is a leading provider of cloud networking solutions and industry leading services and support. We were incorporated in California in May 1996 and reincorporated in Delaware in March 1999. Our corporate headquarters are located in Morrisville, North Carolina. We derive a majority of our revenues from the sale of our networking equipment, software subscriptions and services, and related maintenance contracts.

Extreme is a leading provider of cloud networking solutions and industry leading services and support. Extreme designs, develops and manufactures wired, wireless, and SD-WAN infrastructure equipment. The Company's cloud solution is a single platform that offers unified network management of wireless access points, switches and SD-WAN. It leverages ML, AI Operations, and analytics to help customers deliver secure connectivity at the edge of the network, speed cloud deployments, and uncover actionable insights to save time, lower costs and streamlines operations.

Enterprise network administrators need to respond to the rapid digital transformational trends of cloud, mobility, big data, social business and the ever-present need for network security. Accelerators such as IoT, AI, BYOD, ML, cognitive computing, and robotics add complexity to challenge the capabilities of traditional networks. Technology advances have a profound effect across the entire enterprise network placing unprecedented demands on network administrators to enhance management capabilities, scalability, programmability, agility, and analytics of the enterprise networks they manage.

A direction affecting the Enterprise Network Equipment market is the continued adoption of the cloud-managed enterprise WLAN in the enterprise market. Hybrid cloud is a cloud computing environment which uses a mix of on-premises, private cloud, and third-party, public cloud services with orchestration between multiple platforms. We introduced our Cloud offering in 2016 and in August 2019 acquired Aerohive Networks, Inc to enhance our Cloud strategy with a 3rd generation Cloud platform and to accelerate adoption of hybrid cloud networking solutions in the Enterprise. We believe Extreme's enhanced Cloud solution is the only offering in the market that seamlessly integrates the cloud with on-premises infrastructures and enables visibility from the edge to everywhere. See Part 1, Item 1. *Business*, for additional discussion of our business.

Fiscal Year

The Company uses a fiscal calendar year ending on June 30. All references herein to "fiscal 2024" or "2024"; "fiscal 2023" or "2023"; "fiscal 2022" or "2022" represent the fiscal years ended, respectively.

Acquisitions

Ipanematech SAS

On September 14, 2021 (the "Acquisition Date"), we completed our acquisition (the "Acquisition") of Ipanematech SAS ("Ipanema"), the cloud-native enterprise Software-Defined Wide Area Network business unit of InfoVista pursuant to a Sale and Purchase Agreement. Under the terms of the Acquisition, the net consideration paid by Extreme to Ipanema stockholders was $70.9 million. The primary reason for the Acquisition was to acquire the talent and the technology to allow us to expand our portfolio with new cloud-managed SD-WAN and security offerings to support our enterprise customers. The acquisition was accounted for using the acquisition method of accounting whereby the acquired assets and liabilities of Ipanema were recorded at their respective fair values including an amount for goodwill representing the difference between the acquisition consideration and the fair value of the identifiable net assets. Results of operations of Ipanema are included in our operations beginning with the Acquisition Date. During the fiscal years ended June 30, 2023 and 2022, we recognized transaction costs related to this acquisition of $0.4 million and $7.0 million, respectively, which are included in "Acquisition and integration costs" in the accompanying consolidated statements of operations.

We generate product revenues primarily from sales of our networking equipment. We derive subscription and support revenues primarily from sales of our subscription and support offerings which includes SaaS offerings, maintenance contracts, professional services and training for our products. Prior to fiscal 2024, we referred to subscription and support revenue as "service and subscription revenue;" however, the composition of subscription and support revenue has not been modified.

Product revenues decreased $233.2 million or 25.0% for the year ended June 30, 2024, compared to fiscal 2023. The product revenues decrease for the year ended June 30, 2024 as compared to fiscal 2023 was primarily driven by lower bookings and shipments as well as elongated sales cycles to end customers and lower channel sell-through caused by easing of supply chain constraints and current macroeconomic conditions.

Product revenues increased $170.7 million or 22.4% for the year ended June 30, 2023, compared to fiscal 2022. The product revenues increase for the year ended June 30, 2023 as compared to fiscal 2022 was primarily due to strong demand for our products and higher shipments resulting from an easing in supply chain constraints which had impacted our ability to fulfill the demand for our products during fiscal 2022.

Subscription and support revenues increased $37.9 million or 10.0% for the year ended June 30, 2024, compared to fiscal 2023. The increase in subscription and support revenues was primarily due to increased adoption of our cloud network management solutions, higher attachment rates of cloud support services on product sales, and continued growth in our subscription business.

Subscription and support revenues increased $29.4 million or 8.4% for the year ended June 30, 2023, compared to fiscal 2022. The increase in subscription and support revenues was primarily due to the growth in our subscription business.

We operate in three regions: Americas, EMEA (Europe, Middle East and Africa) and APAC (Asia Pacific). The following table presents the total net revenues geographically for the fiscal years ended June 30, 2024, 2023 and 2022 (in thousands, except percentages):

Cost of product revenues includes costs of materials, amounts paid to third-party contract manufacturers, costs related to warranty obligations, charges for excess and obsolete inventory, scrap, distribution, product certification, amortization of developed technology intangibles, royalties under technology license agreements, and internal costs associated with manufacturing overhead, including management, manufacturing engineering, quality assurance, development of test plans, and document control. We outsource substantially all of our manufacturing. We conduct supply chain management, quality assurance, manufacturing, engineering, and document control at our facilities in San Jose, California, Salem, New Hampshire, China, and Taiwan.

Product gross profit decreased to $333.5 million for the year ended June 30, 2024, from $506.2 million in fiscal 2023, primarily due to lower product revenues as well as an additional provision for excess and obsolete inventory and loss on supplier commitments of $64.5 million partially offset by lower amortization of intangibles due to certain intangibles being fully amortized, lower distribution costs due to easing of supply chain constraints, lower warranty reserves cost, and lower overhead costs. The increase in the provisions for excess and obsolete inventory and loss on supplier commitments during fiscal 2024 was primarily for certain of our older products which are scheduled to go end of sale during the Company's fiscal year 2025 and for which excess of such inventories is beyond the demand forecast.

Product gross profit increased to $506.2 million for the year ended June 30, 2023, from $401.2 million in fiscal 2022, primarily due to increased product revenues along with lower amortization of intangibles of $3.8 million due to certain intangibles being fully amortized, and lower distribution costs of $1.1 million due to easing of supply chain constraints, partially offset by higher direct product costs, higher excess and obsolete inventory charges of $6.3 million and higher warranty reserves cost of $2.1 million.

Our cost of subscription and support revenues consist primarily of labor, overhead, repair and freight costs and the cost of service parts used in providing support under customer maintenance contracts as well as third-party professional services costs, data center costs and cloud hosting service costs.

Subscription and support gross profit increased to $297.3 million for the year ended June 30, 2024, from $248.6 million in fiscal 2023, primarily due to higher subscription and support revenues and lower headcount partially offset by higher professional services fees and increased cloud service costs.

Subscription and support gross profit increased to $248.6 million for the year ended June 30, 2023, from $228.8 million in fiscal 2022, primarily due to higher subscription and support revenues partially offset by higher professional services fees and increased cloud service costs.

During the fiscal years ended June 30, 2024, 2023 and 2022, we recorded restructuring and related charges of $36.3 million, $2.9 million and $1.7 million, respectively.

Fiscal year 2024

During fiscal 2024, the Company recorded $36.3 million of restructuring charges which were primarily related to severance and benefits costs and professional services fees associated with the reduction-in-force actions related to the “Q1 2024 Plan”, “Q2 2024 Plan”, and "Q3 2024 Plan", each as described in Note 15, *Restructuring and Related Charges,* in Notes to the Consolidated Financial Statements included elsewhere in this Report.

Fiscal year 2023

During fiscal 2023, the Company recorded $2.9 million of restructuring charges which was primarily comprised of $2.0 million of facility related charges related to our previously impaired facilities and $0.9 million in charges associated with our restructuring plan initiated in the third quarter of fiscal 2023 to transform our business and facilities infrastructure.

Fiscal year 2022

During fiscal 2022, the Company recorded $1.7 million of restructuring charges which was primarily comprised of facility related charges. The facility restructuring charges included some impairment charges and additional facilities expenses related to previously impaired facilities. During fiscal 2022, the Company completed the reduction-in-force action initiated in the third quarter of fiscal 2020.

Amortization of Intangible Assets

During the fiscal years ended June 30, 2024, 2023 and 2022, we recorded $2.0 million, $2.0 million and $3.2 million, respectively, of amortization expense in operating expenses primarily for certain intangibles related to the acquisitions of the Ipanema, and Aerohive businesses. There were no acquisitions or impairments of intangible assets during fiscal year 2024. The decrease in amortization expense in fiscal 2023 from fiscal 2022 was primarily due to certain acquired intangibles from previous acquisitions becoming fully amortized.

Interest Income

Interest income was $4.6 million, $3.2 million and $0.4 million in fiscal years ended June 30, 2024, 2023 and 2022, respectively. Interest income increased across each of the periods primarily due to higher interest earned on cash deposits.

Interest Expense

We incurred $17.0 million, $17.4 million, and $12.8 million of interest expense for fiscal years ended June 30, 2024, 2023 and 2022, respectively. The decrease in interest expense in fiscal year ended June 30, 2024 as compared to fiscal 2023 was primarily driven by lower carrying balances under the 2023 Credit Agreement. The increase in interest expense in fiscal year ended June 30, 2023 as compared to fiscal 2022 was primarily driven by higher average rates under our Credit Agreements and write-off of the unamortized deferred financing costs related to our 2019 Credit Agreement, as we amended the 2019 Credit Agreement and entered into the 2023 Credit Agreement during June 2023. For a discussion of our credit agreements, see the section titled "*Liquidity and Capital Resources*" below.

Other Income, net

We had other income, net of less than $0.1 million, $0.1 million, and $0.4 million in fiscal years ended June 30, 2024, 2023 and 2022, respectively. The other income, net for fiscal years ended June 30, 2024, 2023 and 2022 was primarily due to foreign exchange gains from the revaluation of certain assets and liabilities denominated in foreign currencies into U.S. Dollars.

Provision for Income Taxes

We are subject to income taxes in the United States and numerous foreign jurisdictions. Our effective tax rate differs from the U.S. federal statutory rate of 21% primarily due to the impact of (i) GILTI, (ii) the full valuation of our deferred tax assets in the U.S. and certain foreign jurisdictions, (iii) foreign income taxes of our international subsidiaries, and (iv) U.S. state taxes. For the fiscal years ended June 30, 2024, 2023 and 2022, we recorded income tax provisions of $8.5 million, $16.0 million, and $7.9 million respectively.

For fiscal 2024, 2023 and 2022, our tax provision is primarily related to (i) taxes on our foreign operations, including foreign withholding taxes remitted to foreign tax authorities by customers on our behalf, (ii) tax expense related to the establishment of a U.S. deferred tax liability for amortizable goodwill resulting from the acquisition of Enterasys Networks, Inc., the WLAN Business, the Campus Fabric Business and the Data Center Business and (iii) state taxes in states where we have exhausted available Net Operating Losses or are subject to certain franchise taxes qualifying as income tax under the relevant tax accounting guidance. In addition, our tax provision for the fiscal year ended June 30, 2024 included $1.3 million of U.S. federal tax.

For a full reconciliation of our effective tax rate to the U.S. federal statutory rate and for further explanation of our provisions for income taxes, see Note 16, *Income Taxes*, in Notes to the Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K.

Critical Accounting Policies and Estimates

Our significant accounting policies are more fully described in Note 2, *Summary of Significant Accounting Policies*, in Notes to the Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K. The preparation of consolidated financial statements in accordance with generally accepted accounting principles requires management to make estimates, assumptions and judgments that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period reported. By their nature, these estimates, assumptions and judgments are subject to an inherent degree of uncertainty. We base our estimates, assumptions and judgments on historical experience, market trends and other factors that are believed to be reasonable under the circumstances. Estimates, assumptions and judgments are reviewed on an ongoing basis and the effects of revisions are reflected in the consolidated financial statements in the period they are determined to be necessary. Actual results may differ from these estimates under different assumptions or conditions. We believe the critical accounting policies stated below, among others, affect our more significant judgments and estimates used in the preparation of our consolidated financial statements. Historically, our assumptions, judgments and estimates relative to our critical accounting policies have not differed materially from actual results.

Revenue Recognition

We derive the majority of our revenue from sales of our networking equipment, with the remaining revenue generated from software delivered as a service (“SaaS”) and support fees relating to maintenance contracts, professional services, and training for our products. We sell our products and maintenance contracts direct to customers and to partners in two distribution channels, or tiers. The first tier consists of a limited number of independent distributors that stock our products and sell primarily to resellers. The second tier of the distribution channel consists of non-stocking distributors and value-added resellers that sell directly to end-users. Products and services may be sold separately or in bundled packages.

We consider customer purchase orders, which in some cases are governed by master sales agreements, to be the contracts with a customer. For each contract, we consider the promise to transfer products and services, each of which are distinct, to be the identified performance obligations. In determining the transaction price, we evaluate whether the price is subject to refund or adjustment to determine the net consideration to which we expect to be entitled.

We generally do not grant return privileges and pricing credits to our value-added resellers, non-stocking distributors and end-user customers, except for defective products during the warranty period. We may provide sales incentives and other programs to these customers which are considered to be a form of variable consideration and we maintain estimated accruals and allowances using the historical actuals.

Our stocking distributors are allowed certain price adjustments in the form of rebates and limited stock rotation rights. In determining the transaction price, we consider these rebates to be variable consideration which are estimated based on an analysis of historical claims at the distributor level. Stock rotation rights grant the distributor the ability to return certain specified amounts of inventory. Stock rotations are an additional form of variable consideration and are estimated based on an analysis of historical return rates.

A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. Certain of our contracts have multiple performance obligations, as the promise to transfer individual goods or services is separately identifiable from other promises in the contracts and, therefore, is distinct. For contracts with multiple performance obligations, we allocate the contract's transaction price to each performance obligation based on our relative standalone selling price. The stand-alone selling prices are determined based on the prices at which we separately sell these products. For items that are not sold separately, we estimate the stand-alone selling prices using other observable inputs.

Our performance obligations are satisfied at a point in time or over time as the customer receives and consumes the benefits provided. Substantially all of our product sales revenues are recognized at a point in time and our subscription and support revenues are recognized over time. For revenues recognized over time, we use an input measure, days elapsed, to measure progress.

See Note 3, *Revenues*, in Notes to Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K for additional information.

Business Combinations

We apply the acquisition method of accounting for business combinations. Under this method of accounting, all tangible and intangible assets acquired and liabilities assumed are recorded at their respective fair values at the acquisition date. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to expected future cash inflows and outflows, discount rates, intangibles and other asset lives, among other items. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Market participants are assumed to be buyers and sellers in the principal (most advantageous) market for the asset or liability. Additionally, fair value measurements for an asset assume the highest and best use of that asset by market participants. As a result, we may have been required to value the acquired assets at fair value measures that do not reflect its intended use of those assets. Use of different estimates and judgments could yield different results. Any excess of the purchase price over the fair value of the net assets acquired is recognized as goodwill. Although we believe the assumptions and estimates we have made are reasonable and appropriate, they are based in part on historical experience and information that may be obtained from the management of the acquired company and are inherently uncertain. Unanticipated events and circumstances may occur that may affect the accuracy or validity of such assumptions, estimates or actual results.

Inventory Valuation and Purchase Commitments

We write down inventory and record purchase commitment liabilities for estimated excess and obsolete inventory equal to the difference between the cost of inventory and the estimated market value based upon the forecast of future product demand, product transition cycles, and market conditions. Any significant unanticipated changes in demand or technological development could have a significant impact on the value of our inventory and purchase commitments and our reported results. If actual market conditions are less favorable than those projected, additional inventory write-downs, purchase commitment liabilities, and charges against earnings may be required.

New Accounting Pronouncements

See Note 2, *Summary of Significant Accounting Policies*, in Notes to the Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K for a full description of new accounting pronouncements, including the respective expected dates of adoption and effects on results of operations and financial condition.

Liquidity and Capital Resources

The following summarizes information regarding our cash and cash equivalents (in thousands):

	June 30, 2024	June 30, 2023
Cash and cash equivalents	$ 156,699	$ 234,826

As of June 30, 2024, our principal sources of liquidity consisted of cash and cash equivalents of $156.7 million, accounts receivable, net of $89.5 million and available borrowings under our five-year 2023 Revolving Facility (as defined below) of $135.8 million. We anticipate our principal uses of cash and cash equivalents for fiscal 2025 will be purchases of finished goods inventory from our contract manufacturers, payroll, share repurchases, payments under debt obligations and related interest, payments under lease obligations, purchases of property and equipment and other operating expenses related to the development and marketing of our products. We believe that our existing cash and cash equivalents, cash flows from operations, and the availability of borrowings from the 2023 Revolving Facility will be sufficient to fund our planned operations for at least the next 12 months. We are not currently aware

of any material cash requirements beyond the next 12 months other than those described above for fiscal 2024 and our known contractual obligations. See the section titled "*Contractual Obligations*" below.

On May 18, 2022, our Board of Directors authorized a share repurchase program with authorization to repurchase up to $200.0 million of our common stock over a three-year period beginning in our fiscal year commencing July 1, 2022. A maximum of $25.0 million may be repurchased in any quarter. On November 17, 2022, the Board increased the authorization to repurchase in any quarter from $25.0 million per quarter to $50.0 million per quarter. The current repurchase authorization supersedes and replaces any previously authorized repurchase programs. Purchases may be made from time to time in the open market or pursuant to a 10b5-1 plan. The manner, timing and amount of any future purchases will be determined by our management based on their evaluation of market conditions, stock price, Extreme's ongoing determination that it is the best use of available cash and other factors. The repurchase program does not obligate Extreme to acquire any shares of its common stock, may be suspended or terminated at any time without prior notice and will be subject to regulatory considerations. During the year ended June 30, 2024, we repurchased a total of 2,365,220 shares of common stock on the open market at a total cost of $49.9 million with an average price of $21.08 per share. As of June 30, 2024, we have $50.3 million available under our share repurchase program.

On August 9, 2019, we entered into an Amended and Restated Credit Agreement (the "2019 Credit Agreement"), by and among Extreme, as borrower, several banks and other financial institutions as Lenders, BMO Capital Markets Corp., as an issuing lender and swingline lender, Silicon Valley Bank, as an Issuing Lender, and Bank of Montreal, as administrative agent and collateral agent for the Lenders. On June 22, 2023, we entered into the Second Amended and Restated Credit Agreement (the "2023 Credit Agreement) by and among Extreme, as borrower, BMO Harris Bank, N.A., as an issuing lender and swingline lender, BOFA Securities, Inc.., JPMorgan Chase Bank, N.A., PNC Capital Markets LLC and Wells Fargo Securities, LLC, as issuing lenders, the financial institutions or entities party thereto as lenders, and Bank of Montreal, as administrative agent and collateral agent, which amended and restated the 2019 Credit Agreement. The 2023 Credit Agreement provides for i) a $200.0 million first lien term loan facility in an aggregate principal amount (the "Term Facility"), ii) a $150.0 million five-year revolving credit facility (the "Revolving Facility") and, iii) an uncommitted additional incremental loan facility in the principal amount of up to $100.0 million plus an unlimited amount that is subject to pro forma compliance with a specified Consolidated Leverage Ratio tests. We may use proceeds of the loans for working capital and general corporate purposes. On June 22, 2023, the Company borrowed $25.0 million against its $150.0 million revolving credit, which was subsequently paid off on July 7, 2023. During the quarter ended June 30, 2024, the Company borrowed and subsequently repaid $30.0 million against its $150.0 million revolving credit facility.

At the Company's election, the initial term loan (the "Initial Term Loan") under the 2023 Credit Agreement may be made as either a base rate loan or a Secured Overnight Financing Data Rate ("SOFR loan"). The applicable margin for base rate loans ranges from 1.00% to 1.75% per annum, and the applicable margin for SOFR loans ranges from 2.00% to 2.75%, in each case based on the Company's Consolidated Leverage Ratio. All SOFR loans are subject to a floor of 0.00% per annum and spread adjustment of 0.10% per annum. The Company also agrees to pay other closing fees, arrangement fees, and administration fees.

The 2023 Credit Agreement requires the Company to maintain certain minimum financial ratios at the end of each fiscal quarter. The 2023 Credit Agreement also includes covenants and restrictions that limit, among other things, the Company's ability to incur additional indebtedness, create liens upon any of its property, merge, consolidate or sell all or substantially all of its assets. The 2023 Credit Agreement also includes customary events of default which may result in acceleration of the outstanding balance.

Factors contributing to cash provided by operating activities were net income of $78.1 million, non-cash expenses of $104.6 million for items such as amortization of intangible assets, stock-based compensation, depreciation, reduction in carrying amount of right-of-use assets, deferred income taxes, provision for excess and obsolete inventory and interest. Foreign Currency Effect on Cash and cash equivalents

Foreign currency effect on cash and cash equivalents increased in 2024, primarily due to changes in exchange rates between the U.S. Dollar and particularly the Indian Rupee, U.K. Pound, and the Euro.

Contractual Obligations

As of June 30, 2024, we have contractual obligations for debt obligations, purchase obligations, lease obligations and other obligations.

Our debt obligations relate to amounts owed under our 2023 Credit Agreement. As of June 30, 2024, we have $190.0 million of debt outstanding which is payable in quarterly installments through our fiscal year 2028. We are subject to interest on our debt obligations and unused commitment fee. See Note 8, *Debt,* in the Notes to Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K for additional information regarding our debt obligations.

Our unconditional purchase obligations represent the purchase of long lead-time component inventory that our contract manufacturers procure in accordance with our forecast. We expect to honor the inventory purchase commitments within the next 12 months. As of June 30, 2024, we have non-cancelable commitments to purchase $38.2 million of inventory. See Note 10, *Commitments and Contingencies,* in the Notes to Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K for additional information regarding our purchase obligations.

We lease facilities under operating lease arrangements at various locations that expire at various dates through our fiscal year 2033. As of June 30, 2024, the value of our obligations under operating leases was $61.9 million. See Note 9, *Leases*, in the Notes to Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K for additional information regarding our lease obligations.

We have immaterial income tax liabilities related to uncertain tax positions and we are unable to reasonably estimate the timing of the settlement of those liabilities.

We do not have any material commitments for capital expenditures as of June 30, 2024.

Off-Balance Sheet Arrangements

We did not have any off-balance sheet arrangements as of June 30, 2024.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Sensitivity

Our exposure to market risk for changes in interest rates relates primarily to our financial debt and foreign currencies. As of June 30, 2024, we did not have any financial investments that were exposed to interest rate risk.

Debt

At certain points in time we are exposed to the impact of interest rate fluctuations, primarily in the form of variable rate borrowings from the 2023 Credit Agreement, which is described in Note 8, *Debt*, in the Notes to the Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K. As of June 30, 2024, we had $190.0 million of debt outstanding, all of which was from the 2023 Credit Agreement. Through the end of our fiscal year 2024, the average daily outstanding amount was $199.2 million with a high of $225.0 million and a low of $190.0 million. As of June 30, 2024 we have not entered into any derivative instruments to hedge the impact of the changes in variable interest rates under our 2023 Credit Agreement.

The following table presents hypothetical changes in interest expense for the year ended June 30, 2024, on the outstanding borrowings under the 2023 Credit Agreement as of June 30, 2024, that are sensitive to changes in interest rates (in thousands):

	Change in interest expense given a decrease in interest rate of X bps*		Average outstanding as of June 30, 2024	Change in interest expense given an increase in interest rate of X bps*	
Description	(100 bps)	(50 bps)		100 bps	50 bps
Debt	$ (1,992)	$ (996)	$ 199,221	$ 1,992	$ 996

***** Underlying interest rate was 7.44% as of June 30, 2024.

Exchange Rate Sensitivity

A majority of our sales and our expenses are denominated in U.S. Dollars. While we conduct sale transactions and incur certain operating expenses in foreign currencies and expect to continue to do so, we do not anticipate that foreign exchange gains or losses will be significant, in part because of our foreign exchange risk management process discussed below.

Foreign Exchange Forward Contracts

We record all derivatives on the balance sheet at fair value. From time to time, we enter into foreign exchange forward contracts to mitigate the effect of gains and losses generated by the foreign currency forecast transactions related to certain operating expenses and re-measurement of certain assets and liabilities denominated in foreign currencies. Changes in the fair value of these foreign exchange forward contracts are offset largely by re-measurement of the underlying foreign currency denominated assets and liabilities. As of June 30, 2024 and June 30, 2023, foreign exchange forward currency contracts not designated as hedging instruments had the total notional amount of $31.3 million and $3.4 million, respectively. These contracts have maturities of less than 40 days. Changes in the fair value of derivatives are recognized in "other income, net." For the fiscal years ended June 30, 2024, 2023, and 2022, the net losses recorded in the consolidated statement of operations from these contracts were $0.3 million, $0.4 million, and $1.4 million, respectively. There were no foreign exchange forward currency contracts that were designated as hedging instruments at June 30, 2024 and 2023.

For the fiscal year ended June 30, 2024, 2023 and 2022 the Company recorded foreign currency transaction gains from operations of $0.6 million, $0.8 million and $1.7 million, respectively.

Item 8. Financial Statements and Supplementary Data

INDEX TO CONSOLIDATED FINANCIAL STATEMENTS OF EXTREME NETWORKS, INC.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders
Extreme Networks, Inc.

Opinion on the financial statements

We have audited the accompanying consolidated balance sheets of Extreme Networks, Inc. (a Delaware corporation) and subsidiaries (the "Company") as of June 30, 2024 and 2023, the related consolidated statements of operations, comprehensive income (loss), stockholders' equity, and cash flows for each of the three years in the period ended June 30, 2024, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of June 30, 2024 and 2023, and the results of its operations and its cash flows for each of the three years in the period ended June 30, 2024, in conformity with accounting principles generally accepted in the United States of America.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), the Company's internal control over financial reporting as of June 30, 2024, based on criteria established in the 2013 *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"), and our report dated August 16, 2024 expressed an unqualified opinion.

Basis for opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical audit matter

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Revenue Recognition – Customer Rebates Determined to be Variable Consideration

As described further in Note 3 to the financial statements, sales to stocking distributors are made under terms allowing certain price adjustments in the form of rebates. Frequently, distributors need to sell at a price lower than the contractual distribution price in order to win business and submit rebate requests for the Company's pre-approval prior to selling the product to a customer at the discounted price. At the time the distributor invoices its end customer or soon thereafter, the distributor submits a rebate claim to the Company to adjust the distributor's cost from the contractual price to the pre-approved lower price. After the Company verifies that the claim was pre-approved, a credit memo is issued to the distributor for the rebate claim. In determining the transaction price, the Company considers these customer rebates to be variable consideration. Such price adjustments are estimated based on an analysis of historical claims at the distributor level.

The principal consideration for our determination that customer rebates determined to be variable consideration is a critical audit matter is that the estimates made in determining the customer rebates involve significant judgments. Evaluating the appropriateness of these estimates requires a high degree of auditor judgment and increased audit effort.

Our audit procedures related to the customer rebates determined to be variable consideration included the following, among others:

- Tested the design and operating effectiveness of controls over the Company's estimation of variable consideration for stocking distributor rebates, including:
    - Historical actual rebate claims
    - Estimates of future rebate claims
    - End customer pricing
    - Channel inventory
- Identified the sources of data and factors that management used in forming the assumptions, and considered whether such data and factors are relevant, reliable, and sufficient.
- Evaluated potential contrary evidence, including the historical accuracy of management's estimates by comparing the estimated reserve rate to the actual reserve rate in subsequent periods.
- Confirmed inventory held in the channel with a sample of stocking distributors.

Inventory Valuation - Net Realizable Value of Inventory

As described further in Note 2 to the financial statements, the Company values its inventory at the lower of cost or net realizable value. Adjustments to reduce the cost of inventory to its net realizable value are made, if required, when conditions exist that suggest that inventory is obsolete or may be in excess of anticipated demand based upon assumptions about future demand. We identified the net realizable value of inventory for certain product categories as a critical audit matter.

The principal consideration for our determination that the net realizable value of inventory is a critical audit matter is that the estimates made in the assessment of the valuation of inventory involves significant judgments. Evaluating the appropriateness of these estimates requires a high degree of auditor judgment and increased audit effort.

Our audit procedures related to the net realizable value of inventory included the following, among others:

- Tested the design and operating effectiveness of controls over the Company's estimation of excess and obsolete inventory.
- Tested the completeness and accuracy of the underlying data used in forming the estimate
- Challenged management's expectation to sell certain inventory by assessing the reasonableness of management's planned actions through independent corroboration.
- Inquired of product line managers and examined product roadmaps to determine whether new product launches would contradict management's assumptions that they could sell inventory with limited future product demand.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders
Extreme Networks, Inc.

Opinion on internal control over financial reporting

We have audited the internal control over financial reporting of Extreme Networks, Inc. (a Delaware corporation) and subsidiaries (the "Company") as of June 30, 2024, based on criteria established in the 2013 *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of June 30, 2024, based on criteria established in the 2013 *Internal Control—Integrated Framework* issued by COSO.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), the consolidated financial statements of the Company as of and for the year ended June 30, 2024, and our report dated August 16, 2024 expressed an unqualified opinion on those financial statements.

Basis for opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and limitations of internal control over financial reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. Description of Business and Basis of Presentation

Extreme Networks, Inc., together with its subsidiaries (collectively referred to as "Extreme" or "the Company") is a leader in providing software-driven networking solutions for enterprise customers. The Company conducts its sales and marketing activities on a worldwide basis through distributors, resellers and the Company's field sales organization. Extreme was incorporated in California in 1996 and reincorporated in Delaware in 1999.

Fiscal Year

The Company uses a fiscal calendar year ending on June 30. All references herein to "fiscal 2024" or " 2024"; "fiscal 2023" or "2023"; "fiscal 2022" or "2022" represent the fiscal years ending, respectively.

Principles of Consolidation

The consolidated financial statements include the accounts of Extreme Networks, Inc. and its wholly-owned subsidiaries. All inter-company balances and transactions have been eliminated on consolidation.

The Company predominantly uses the United States Dollar as its functional currency. The functional currency for certain of its foreign subsidiaries is the local currency. For those subsidiaries that operate in a local currency functional environment, all assets and liabilities are translated to United States Dollars at current month-end exchange rates; and revenues and expenses are translated using the monthly average rate.

Accounting Estimates

The preparation of financial statements and related disclosures in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ materially from these estimates.

2. Summary of Significant Accounting Policies

Revenue Recognition

The Company accounts for revenue in accordance with Topic 606, *Revenue from Contracts with Customers*. The Company derives revenues primarily from sales of its networking equipment, with the remaining revenues generated from software delivered as a service ("SaaS") and support fees relating to maintenance contracts, professional services, and training for the products. The Company recognizes revenues when control of promised goods or services is transferred to its customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services.

See Note 3, *Revenues,* for further discussion.

Cash and Cash Equivalents

The Company considers highly liquid investments with maturities of three months or less at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with several financial institutions. These are financial institutions with reputable credit and therefore bear minimal credit risk. Deposits held with banks may exceed the amount of insurance provided on such deposits.

Allowance for Product Returns

The Company maintains estimates for product returns based on its historical returns, analysis of credit memos and its return policies. The allowance includes the estimates for product allowances from end customers as well as stock rotations and other returns from the Company's stocking distributors. The allowance for product returns is shown as a reduction of accounts receivable as there is a contractual right of offset and returns are applied to accounts receivable balances outstanding as of the balance sheet date. There have not been material revisions to the estimated product returns for any periods presented.

Allowance for Credit Losses

The Company maintains an allowance for credit losses which reflects its best estimate of potentially uncollectible trade receivables. The allowance consists of both specific and general reserves. The Company continually monitors and evaluates the collectability of its trade receivables based on a combination of factors. It records specific allowances for bad debts in general and administrative expense when it becomes aware of a specific customer's inability to meet its financial obligation to the Company, such as in the case of bankruptcy filings or deterioration of financial position. Estimates are used in determining the allowances for all other customers based on factors such as current trends in the length of time the receivables are past due and historical collection experience. The Company mitigates some collection risk by requiring certain of its customers in the Asia-Pacific region to pay cash in advance or secure letters of credit when placing an order with the Company.

Inventories

The Company values its inventory at the lower of cost or net realizable value. Cost is computed using standard cost, which approximates actual cost, on a first-in, first-out basis. Adjustments to reduce the cost of inventory to its net realizable value are made, if required, when conditions exist that suggest that inventory is obsolete or may be in excess of anticipated demand based upon assumptions about future demand. At the point of the loss recognition, a new lower-cost basis for that inventory is established, and subsequent changes in facts and circumstances do not result in the restoration or increase in that newly established cost basis. Previously written down or obsolete inventory subsequently sold has not had a material impact on gross margin for any of the periods presented.

Long-Lived Assets

Long-lived assets include (a) property and equipment, (b) operating lease right-of-use ("ROU") assets, (c) capitalized software development costs (d) goodwill and intangible assets, and (e) other assets. Property and equipment, ROU assets, and definite-lived intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets or asset groups may not be recoverable. If such facts and circumstances exist, the Company assesses the recoverability of these assets by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets.

(a) Property and Equipment, Net

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives of one to four years are used for computer equipment and purchased software. Estimated useful lives of three to seven years are used for office equipment and furniture and fixtures. Depreciation and amortization of leasehold improvements is computed using the lesser of the useful life or lease terms.

(b) Leases

The Company leases facilities, equipment and vehicles under operating leases that expire on various dates through fiscal 2033. The Company determines if an arrangement is a lease at inception. We evaluate the classification of leases at commencement date and as necessary, at modification. In general, for lease arrangements exceeding a twelve-month term, these arrangements are recognized as ROU assets with associated operating lease liabilities on the consolidated balance sheets.

ROU assets under the Company's operating leases represent the Company's right to use an underlying asset over the lease term. Operating lease liabilities represent the Company's obligation to make payments arising from the lease. The ROU asset is reduced over a straight-line or other systematic basis representative of the pattern in which the Company expects to consume the ROU assets' future economic benefits. The ROU asset is also adjusted for leasehold improvements paid by the lessor, lease incentives, and asset impairments, among other things.

See Note 9, *Leases,* for further discussion.

(c) Capitalized Software Development Costs

Capitalization of software development costs for software to be sold, leased, or otherwise marketed begins when a product's technological feasibility has been established and ends when a product is available for general release to customers. Generally, the Company's products are released soon after technological feasibility has been established. As a result, costs incurred between achieving technological feasibility and product general availability have not been significant.

The Company capitalizes costs associated with internal-use software applications and systems during the application development stage. Such capitalized costs include external direct costs incurred in developing or obtaining the software applications and payroll and payroll-related costs for employees, who are directly associated with the development of the application. The

Company includes such internal-use software costs in the software category in property and equipment and amortizes these costs on a straight-line basis over an estimated useful life. The software development costs that the Company capitalized for the fiscal years ended June 30, 2024 and 2023 were not material.

(d) Goodwill and Intangible Assets

Goodwill and intangible assets are generated as a result of business combinations and are comprised of, among other things, developed technology, customer relationships, trade names, and licensing agreements.

The remaining lives of intangible assets are considered regularly along with assessments of impairment and lives are adjusted or impairment charges taken when required.

Goodwill is calculated as the excess of the purchase price over the fair value of net tangible and identifiable intangible assets acquired. Goodwill is not amortized, but rather is tested for impairment at least annually or more frequently if indicators of impairment are present. The Company has one reporting unit and performs its annual goodwill impairment analysis as of the first day of the fourth quarter of each year. In assessing impairment on goodwill, the Company bypasses the qualitative assessment and proceeds directly to performing the quantitative evaluation of the fair value of the reporting unit, to compare against the carrying value of the reporting unit. A goodwill impairment charge is recognized for the amount by which the reporting unit's fair value is less than its carrying value. Based on the results of the goodwill impairment analysis, the Company determined that no impairment charge needed to be recorded for any periods presented.

Business Combinations

The Company applies the acquisition method of accounting for business combinations. Under this method of accounting, all assets acquired and liabilities assumed are recorded at their respective fair values at the date of the acquisition. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, useful lives, among other items. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Market participants are assumed to be buyers and sellers in the principal (most advantageous) market for the asset or liability. Additionally, fair value measurements for an asset assume the highest and best use of that asset by market participants. As a result, the Company may be required to value the acquired assets at fair value measures that do not reflect its intended use of those assets. Use of different estimates and judgments could yield different results.

Any excess of the purchase price over the fair value of the net assets acquired is recognized as goodwill. Although the Company believes the assumptions and estimates it has made are reasonable and appropriate, they are based in part on historical experience and information that may be obtained from the management of the acquired company and are inherently uncertain. During the measurement period, which may be up to one year from the acquisition date, the Company may record adjustments to the assets acquired and liabilities assumed with the corresponding offset to goodwill for facts and considerations that were known at the acquisition date. Upon the conclusion of the measurement period or final determination of the values of assets acquired or liabilities assumed, whichever comes first, any subsequent adjustments are recorded within the Company's consolidated statements of operations.

Deferred Revenue

Deferred revenue represents amounts for (i) deferred maintenance, support, and software as a service ("SaaS") revenues, and (ii) other deferred revenue including professional services when the revenue recognition criteria have not been met.

Product Warranties and Guarantees

Networking products may contain undetected hardware or software errors when new products or new versions or updates of existing products are released to the marketplace. The majority of the Company's hardware products are shipped with either a one-year warranty or a limited lifetime warranty, and software products receive a 90-day warranty. Upon shipment of products to its customers, the Company estimates expenses for the cost to repair or replace products that may be returned under warranty and accrues a liability in cost of product revenues for this amount. The determination of the Company's warranty requirements is based on actual historical experience with the product or product family, estimates of repair and replacement costs and any product warranty problems that are identified after shipment. The Company estimates and adjusts these accruals at each balance sheet date in accordance with changes in these factors.

In the normal course of business to facilitate sales of its products, the Company indemnifies its resellers and end-user customers with respect to certain matters. The Company has agreed to hold the customer harmless against losses arising from a breach of intellectual property infringement or other claims made against certain parties. These agreements may limit the time within which an indemnification claim can be made and the amount of the claim. It is not possible to estimate the maximum potential amount under these indemnification agreements due to the limited history of prior indemnification claims and the unique facts and circumstances involved in each particular agreement. Historically, payments made by the Company under these agreements have not had a material impact on its operating results or financial position.

Stock-based Compensation

The Company recognizes compensation expense related to stock-based awards, including stock options, restricted stock units ("RSUs") and employee stock purchases related to its 2014 Employee Stock Purchase Plan (the "2014 ESPP"), based on the estimated fair value of the award on the grant date, over the requisite service period. The Company accounts for forfeitures as they occur. The Company calculates the fair value of stock options and stock purchase options under the 2014 ESPP using the Black-Scholes-Merton option valuation model. The fair value of RSUs is based on the closing stock price of the Company's common stock on the grant date.

The Company grants certain employees with stock options and RSUs that are tied to either company-wide financial performance metrics or certain market metrics. For awards that include performance conditions, no compensation cost is recognized until the performance goals are probable of being met, at which time the cumulative compensation expense from the service inception date would be recognized. For awards that contain market conditions, compensation expense is measured using a Monte Carlo simulation model and recognized over the derived service period based on the expected market performance as of the grant date.

Advertising

Advertising costs are expensed as incurred. Advertising expenses were immaterial in fiscal years 2024, 2023 and 2022.

Income Taxes

The Company accounts for income taxes utilizing the liability method. Deferred income taxes are recorded to reflect consequences on future years of differences between financial reporting and the tax basis of assets and liabilities measured using the enacted statutory tax rates and tax laws applicable to the periods in which differences are expected to affect taxable earnings. A valuation allowance is recognized to the extent that it is more likely than not that the tax benefits will not be realized.

The Company accounts for uncertainty in income taxes using a two-step approach to recognize and measure uncertain tax positions. The first step is to evaluate the tax position by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount that is more than 50% likely of being realized upon settlement. The Company classifies the liability for unrecognized tax benefits as current to the extent that the Company anticipates payment (or receipt) of cash within one year. Interest and penalties related to uncertain tax positions are recognized in the provision for income taxes. For additional discussion, see Note 16, *Income Taxes*.

Recently Adopted Accounting Pronouncements

There were no recently adopted accounting standards which would have a material effect on our consolidated financial statements and accompanying disclosures.

Recently Issued Accounting Pronouncements Not Yet Adopted

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures* to improve reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses and information used to assess segment performance. All disclosure requirements of ASU 2023-07 are required for entities with a single reportable segment. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023, and interim periods for fiscal years beginning after December 15, 2024, and should be applied on a retrospective basis to all periods presented. Early adoption is permitted. The Company is currently evaluating the impact of adopting ASU 2023-07 on its consolidated financial statements and related disclosures.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740), Improvements to Income Tax Disclosures* to enhance income tax disclosures primarily through changes in the rate reconciliation and income taxes paid information. ASU 2023-09 is effective for fiscal years beginning after December 15, 2024 on a prospective basis. Early adoption is permitted. The Company is currently evaluating the impact of adopting ASU 2023-09 on its consolidated financial statements and related disclosures.

3. Revenues

Revenue Recognition

The Company derives the majority of its revenues from sales of its networking equipment, with the remaining revenues generated from sales of subscription and support, which primarily includes software subscriptions delivered as software as a service ("SaaS") and additional revenues from maintenance contracts, professional services and training for its products. The Company sells its products, maintenance contracts, and SaaS direct to customers and to partners in two distribution channels, or tiers. The first tier consists of a limited number of independent distributors that stock its products and sell primarily to resellers. The second tier consists of non-stocking distributors and value-added resellers that sell directly to end-users. Products and subscription and support may be sold separately or in bundled packages.

The Company considers customer purchase orders, which in some cases are governed by master sales agreements, to be the contracts with a customer. For each contract, the Company considers the promise to transfer products and services, each of which are distinct, to be the identified performance obligations. In determining the transaction price, the Company evaluates whether the price is subject to refund or adjustment to determine the net consideration to which the Company expects to be entitled.

For all of the Company's sales and distribution channels, revenue is recognized when control of the product is transferred to the customer (i.e., when the Company's performance obligation is satisfied), which typically occurs at shipment for product sales. Revenues from maintenance contracts and SaaS are recognized over time as the Company's performance obligations are satisfied. This is typically the contractual service period, which generally ranges from one to five years. For product sales to value-added resellers of the Company, non-stocking distributors and end-user customers, the Company generally does not grant return privileges, except for defective products during the warranty period, nor does the Company grant pricing credits. Sales taxes collected from customers are excluded from revenues. Shipping costs are included in cost of product revenues. Sales incentives and other programs that the Company may make available to these customers are considered to be a form of variable consideration and the Company maintains estimated accruals and allowances using the historical actuals. There were no material changes in the current period to the estimated transaction price for performance obligations which were satisfied or partially satisfied during previous periods.

Sales to stocking distributors are made under terms allowing certain price adjustments and limited rights of return (known as "stock rotation") of the Company's products held in their inventory. Stock rotation rights grant the distributor the ability to return certain specified amounts of inventory. Stock rotations are variable consideration and are estimated based on historical return rates and estimates provided by the distributors. Additionally, distributors often need to sell at a price lower than the contractual distribution price in order to win business and submit rebate requests for the Company's pre-approval prior to selling the product to a customer at the discounted price. At the time the distributor invoices its end customer or soon thereafter, the distributor submits a rebate claim to the Company to adjust the distributor's cost from the contractual price to the pre-approved lower price. After the Company verifies that the claim was pre-approved, a credit memo is issued to the distributor for the rebate claim. In determining the transaction price, the Company considers these customer rebates to be variable consideration. Such price adjustments are estimated based on an analysis of historical claims at the distributor level. There were no material changes in the current period to the estimated variable consideration for performance obligations which were satisfied or partially satisfied during previous periods.

Performance Obligations. A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account in Topic 606. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. Certain of the Company's contracts have multiple performance obligations, as the promise to transfer individual goods or services is separately identifiable from other promises in the contracts and, therefore, is distinct. For contracts with multiple performance obligations, the Company allocates the contract's transaction price to each performance obligation based on its relative standalone selling price. The stand-alone selling prices are determined based on the prices at which the Company separately sells these products. For items that are not sold separately, the Company estimates the stand-alone selling prices using other observable inputs.

The Company's performance obligations are satisfied at a point in time or over time as the customer receives and consumes the benefits provided. Substantially all of the Company's product sales revenues are recognized at a point in time. Substantially all of the Company's subscription and support revenues are recognized over time. For revenue recognized over time, the Company primarily uses an input measure, days elapsed, to measure progress.

At June 30, 2024, the Company had $575.0 million of remaining performance obligations, which are primarily comprised of deferred support and SaaS subscription revenues. The Company expects to recognize approximately 53% of this amount in fiscal 2025, an additional 23% percent in fiscal 2026 and the remaining 24% of the balance thereafter.

Contract Balances. The timing of revenue recognition, billings and cash collections results in billed accounts receivable and deferred revenue in the consolidated balance sheets. Services provided under renewable support arrangements of the Company are billed in accordance with agreed-upon contractual terms, which are either billed fully at the inception of contract or at periodic intervals (e.g.,

quarterly or annually). The Company generally receives payments from its customers in advance of services being provided, resulting in deferred revenue. These liabilities are reported on the consolidated balance sheets on a contract-by-contract basis at the end of each reporting period.

The Company's total deferred revenue balances at June 30, 2024, 2023 and 2022 were $575.0 million, $501.5 million, and $401.6 million, respectively. Revenue recognized for the years ended June 30, 2024, 2023 and 2022, that was included in the deferred revenue balance at the beginning of each period was $275.7 million, $232.9 million, and $208.4 million, respectively.

Contract Costs. The Company recognizes the incremental costs of obtaining contracts as an expense when incurred if the amortization period of the assets that the Company otherwise would have recognized is one year or less. Management expects that commission fees paid to sales representatives as a result of obtaining service contracts and contract renewals, are recoverable and therefore the Company's consolidated balance sheets included capitalized balances in the amount of $24.7 million and $20.0 million at June 30, 2024 and 2023, respectively which are included within "Other assets." Capitalized commission fees are amortized on a straight-line basis over the average period of service contracts of approximately three years, and are included in "Sales and marketing" in the accompanying consolidated statements of operations. Amortization recognized during the years ended June 30, 2024, 2023 and 2022 was $10.9 million, $9.1 million and $7.5 million, respectively.

Estimated Variable Consideration. There were no material changes in the current period to the estimated variable consideration for performance obligations which were satisfied or partially satisfied during previous periods.

4. Business Combinations

The Company completed one acquisition during the fiscal year ended June 30, 2022. The acquisition was accounted for using the acquisition method of accounting. The estimated fair values were determined through established and generally accepted valuation techniques, including work performed by third-party valuation specialists. The purchase price of the acquisition has been allocated to tangible and identifiable intangible assets acquired and liabilities assumed. The fair value of working capital related items, such as other current assets and accrued liabilities, approximated their book values at the date of acquisition. Inventories were valued at fair value using the net realizable value approach. The total costs including the assumed profit were adjusted to present value using a discount rate considered appropriate. The resulting fair value approximates the amount the Company would be required to pay to a third party to assume the obligation. Intangible assets were valued using income approaches based on management projections, which the Company considers to be Level 3 inputs. Results of operations of the acquired entity are included in the Company's operations beginning with the closing date of acquisition.

Ipanema Acquisition

On September 14, 2021 (the "Acquisition Date"), the Company completed its acquisition (the "Acquisition") of Ipanematech SAS ("Ipanema"), the cloud-native enterprise Software-Defined Wide Area Network ("SD-WAN") business unit of InfoVista SAS ("InfoVista") pursuant to a Sale and Purchase Agreement. Under the terms of the Acquisition, the net consideration paid by Extreme to InfoVista was $70.9 million, which was funded entirely by cash. The primary reason for the acquisition was to acquire the talent and the technology to allow the Company to expand its portfolio with new cloud-managed SD-WAN and security offerings to support its enterprise customers.

The results of operations of Ipanema are included in the accompanying consolidated results of operations for the year ended June 30, 2022. The overall results of operations of Ipanema were not material to the consolidated financial statements of Extreme.

Pro forma financial information

The following unaudited pro forma results of operations are presented as though the Acquisition had occurred as of July 1, 2020, the beginning of fiscal 2021, after giving effect to purchase accounting adjustments relating to deferred revenue, depreciation and amortization of intangibles and acquisition and integration costs.

The pro forma results of operations are not necessarily indicative of the combined results that would have occurred had the acquisition been consummated as of the beginning of fiscal 2021, nor are they necessarily indicative of future operating results. The

unaudited pro forma results do not include the impact of synergies, nor any potential impacts on current or future market conditions, which could alter the unaudited pro forma results.

The unaudited pro forma financial information for the year ended June 30, 2022 combines the results for Extreme for such periods assuming the transaction closed on July 1, 2020, which include the results of Ipanema subsequent to the Acquisition Date, and Ipanema's historical results up to the Acquisition Date.

6. Fair Value Measurements

A three-tier fair value hierarchy is utilized to prioritize the inputs used in measuring fair value. The hierarchy gives the highest priority to quoted prices in active markets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels are defined as follows:

- Level 1 Inputs - unadjusted quoted prices in active markets for identical assets or liabilities;

- Level 2 Inputs - quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument; and
- Level 3 Inputs - unobservable inputs reflecting the Company's own assumptions in measuring the asset or liability at fair value.

The following table presents the Company's fair value hierarchy for its financial assets and liabilities measured at fair value on a recurring basis (in thousands):

June 30, 2024	Level 1	Level 2	Level 3	Total
Assets				
Certificates of deposit	$ —	$ 3,216	$ —	$ 3,216
Foreign currency derivatives	—	18	—	18
Total assets measured at fair value	$ —	$ 3,234	$ —	$ 3,234
Liabilities				
Foreign currency derivatives	$ —	$ 71	$ —	$ 71
Total liabilities measured at fair value	$ —	$ 71	$ —	$ 71

June 30, 2023	Level 1	Level 2	Level 3	Total
Assets				
Certificates of deposit	$ —	$ 7,151	$ —	$ 7,151
Foreign currency derivatives	—	31	—	31
Total assets measured at fair value	$ —	$ 7,182	$ —	$ 7,182

Level 1 Assets and Liabilities:

The Company's financial instruments consist of cash, accounts receivable, accounts payable, and accrued liabilities. The Company states accounts receivable, accounts payable and accrued liabilities at their carrying value, which approximates fair value due to the short time to the expected receipt or payment.

Level 2 Assets and Liabilities:

The Company's level 2 assets consist of certificates of deposit and derivative instruments. Certificates of deposit do not have regular market pricing and are considered Level 2. The fair value of derivative instruments under the Company's foreign exchange forward contracts and interest rate swaps are estimated based on valuations provided by alternative pricing sources supported by observable inputs which are considered Level 2.

As of June 30, 2024 and June 30, 2023 the Company had investment in certificates of deposit of $3.2 million and $7.2 million, respectively, with maturity of three months at the date of purchase, which are recorded as cash equivalents in the consolidated balance sheets. The Company considers these cash equivalents to be available-for-sale and, as of June 30, 2024 and June 30, 2023, their fair value approximated their amortized cost.

As of June 30, 2024 and June 30, 2023, foreign exchange forward currency contracts not designated as hedging instruments had notional principal amounts of $31.3 million and $3.4 million, respectively. These contracts have maturities of 40 days or less. Changes in the fair value of these foreign exchange forward contracts not designated as hedging instruments are included in other income, net in the consolidated statements of operations. For the years ended June 30, 2024, 2023 and 2022 the net losses recorded in the consolidated statements of operations from these contracts were approximately $0.3 million, $0.4 million, and $1.4 million, respectively. There were no outstanding foreign exchange forward contracts that were designated as hedging instruments at June 30, 2024 and 2023. See Note 14, *Derivatives and Hedging*, for additional information.

The fair value of the borrowings under the 2023 Credit Agreement (as defined in Note 8) is estimated based on valuations provided by alternative pricing sources supported by observable inputs which is considered Level 2. Since the interest rate is variable in the 2023 Credit Agreement, the fair value approximates the face amount of the Company's indebtedness of $190.0 million and $225.0 million as of June 30, 2024 and 2023, respectively.

Level 3 Assets and Liabilities:

Certain of the Company's assets, including intangible assets and goodwill are measured at fair value on a non-recurring basis if impairment is indicated. As of June 30, 2024 and June 30, 2023 the Company did not have any assets or liabilities that were considered Level 3.

There were no transfers of assets or liabilities between Level 1, Level 2 or Level 3 during the years ended June 30, 2024 and 2023. There were no impairments recorded during the years ended June 30, 2024, 2023, or 2022.

On August 9, 2019, the Company entered into an Amended and Restated Credit Agreement (the "2019 Credit Agreement"), by and among the Company, as borrower, several banks and other financial institutions as Lenders, BMO Capital Markets Corp., as an issuing lender and swingline lender, Silicon Valley Bank, as an Issuing Lender, and Bank of Montreal, as administrative agent and collateral agent for the Lenders which was subsequently amended during fiscal 2023.

On June 22, 2023, the Company entered into a Second Amended and Restated Credit Agreement (the "2023 Credit Agreement"), by and among the Company, as borrower, BMO Harris Bank, N.A., as an issuing lender and swingline lender, BOFA Securities, Inc.., JPMorgan Chase Bank, N.A., PNC Capital Markets LLC and Wells Fargo Securities, LLC, as issuing lenders, the financial institutions or entities party thereto as lenders, and Bank of Montreal, as administrative agent and collateral agent, which amended and restated the 2019 Credit Agreement. The 2023 Credit Agreement provides for i) a $200.0 million first lien term loan facility in an aggregate principal amount (the "2023 Term Loan"), ii) a $150.0 million five-year revolving credit facility (the "2023 Revolving Facility") and, iii) an uncommitted additional incremental loan facility in the principal amount of up to $100.0 million. On June 22, 2023, the Company borrowed $25.0 million against its $150.0 million revolving credit facility to refinance our debt. On July 7, 2023 the Company made a prepayment of $25.0 million to pay off the outstanding revolving credit balance.

Borrowings under the 2023 Credit Agreement bear interest, and at the Company's election, the initial term loan may be made as either a base rate loan or a Secured Overnight Funding Rate ("SOFR") loan. The applicable margin for base rate loans ranges from 1.00% to 1.75% per annum, and the applicable margin for SOFR loans ranges from 2.00% to 2.75%, in each case based on the Company's consolidated leverage ratio. All SOFR loans are subject to a floor of 0.00% per annum and spread adjustment of 0.10% per annum. The Company paid other closing fees, arrangement fees, and administration fees associated with the 2023 Credit Agreement.

The 2023 Credit Agreement requires the Company to maintain certain minimum financial ratios at the end of each fiscal quarter. The 2023 Credit Agreement also includes covenants and restrictions that limit, among other things, the Company's ability to incur additional indebtedness, create liens upon any of its property, merge, consolidate or sell all or substantially all of its assets. The 2023 Credit Agreement also includes customary events of default which may result in acceleration of the outstanding balance. The Company was in compliance with the covenants under the 2023 Credit Agreement as of June 30, 2024. On August 14, 2024, the Company executed an amendment to the 2023 Credit Agreement to modify the definition of Consolidated EBITDA (as defined in the 2023 Credit Agreement) under the original terms of the agreement. See Note 18, *Subsequent Events,* for additional information.

Financing costs incurred in connection with obtaining long-term financing are deferred and amortized over the term of the related indebtedness or credit agreement. During the year ended June 30, 2023, in conjunction with the debt refinancing, as noted above, the Company wrote-off a certain portion of the unamortized debt issuance cost of $1.3 million associated with the 2019 Credit Agreement which is included in "Interest expense" in the accompanying consolidated statements of operations. During the year ended June 30, 2023, the Company incurred and capitalized $3.2 million of debt issuance costs in conjunction with the 2023 Credit Agreement. The remaining unamortized debt issuance cost related to the 2019 Credit Agreement and the capitalized debt issuance cost associated with the 2023 Credit Agreement are amortized over a term of five years. The Company's interest rate was 7.44% and 7.18% as of June 30, June 30, 2024 and 2023, respectively.

Amortization of debt issuance costs are included in "Interest expense" in the accompanying consolidated statements of operations and were $1.1 million, $2.6 million and $3.0 million for the fiscal years ended June 30, 2024, 2023 and 2022, respectively.

As of June 30, 2024, the Company did not have any outstanding balance against its 2023 Revolving Facility. The Company had $135.8 million of availability under the 2023 Revolving Facility as of June 30, 2024. During the year ended June 30, 2024 the Company did not make any additional payments against its term loan facility other than the scheduled payments per the terms of the 2023 Credit Agreement and repayments per the terms of the 2023 Revolving Facility. During the fiscal year ended June 30, 2023, the Company made additional payments of $57.5 million against its term loan facility under the 2019 Credit Agreement.

The Company had $14.2 million of outstanding letters of credit as of June 30, 2024.

The Company's debt principal repayment schedule by period is as follows, excluding unamortized debt issuance costs (in thousands):

	Amount
For the fiscal year ending June 30,	
2025	$ 10,000
2026	15,000
2027	20,000
2028	145,000
Total	$ 190,000

9. Leases

Lessee Considerations

The Company leases certain facilities, equipment, and vehicles under operating leases that expire on various dates through fiscal 2033. Its leases generally have terms that range from one year to ten years for its facilities, one year to five years for equipment, and one year to five years for vehicles. Some of its leases contain renewal options, escalation clauses, rent concessions, and leasehold improvement incentives.

The Company determines if an arrangement is a lease at inception. The Company has elected not to recognize a lease liability or ROU asset for short-term leases (leases with a term of twelve months or less). Operating lease ROU assets and operating lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at commencement date. The interest rate used to determine the present value of future payments is the Company's incremental borrowing rate at the commencement date because the rate implicit in the leases are not readily determinable. The Company's incremental borrowing rate is the rate for collateralized borrowings based on the current economic environment, credit history, credit rating, value of leases, currency in which the lease obligation is satisfied, rate sensitivity, lease term and materiality. The biggest drivers having the greatest effect in determining the incremental borrowing rate for each one of the Company's leases are the term of the lease and the currency in which the lease obligation is satisfied.

Some operating leases contain lease and non-lease components. Certain lease contracts include fixed payments for services, such as operations, maintenance, or other services. The Company has elected to account for fixed lease and non-lease components as a single lease component except for the logistic service asset class. Cash payments made for variable lease and non-lease costs are not included in the measurement of operating lease assets and liabilities and are recognized in the Company's consolidated statements of operations as incurred. Some lease terms include one or more options to renew. The Company does not assume renewals in its determination of the lease term unless it is reasonably certain that it will exercise that option. The Company's lease agreements do not contain any residual value guarantees.

The following table presents additional information relating to the Company's operating leases (in thousands, except for lease term and discount rate):

	Year Ended		
	June 30, 2024	June 30, 2023	June 30, 2022
Operating lease costs	$ 14,398	$ 14,416	$ 16,852
Variable lease costs	4,325	6,920	6,921
Cash paid for amounts included in the measurement of operating liabilities	14,487	17,396	20,890

Short-term lease expense, which represents expense for leases with terms of one year or less, was not material for each of the years ended June 30, 2024, 2023, or 2022.

The following table presents maturities of the Company's operating lease liabilities as of June 30, 2024 (in thousands):

	Amount
For the fiscal year ending June 30,	
2025	$ 12,818
2026	12,544
2027	11,151
2028	5,317
2029	4,989
Thereafter	15,042
Total future minimum lease payments	61,861
Less amount representing interest	(9,847)
Total operating lease liabilities	$ 52,014
Operating lease liabilities, current	$ 10,547
Operating lease liabilities, non-current	$ 41,466

Sublease Considerations

The Company currently is a sublessor on one operating facility sublease that expires on July 31, 2024. The Company's subleases have original terms ranging from one to six years and extend through the term of the underlying leases. The subleases do not include renewal options, purchase options, or termination rights. The Company included $0.1 million, $0.5 million and $2.7 million of sublease income in lease expense for the years ended June 30, 2024, 2023, and 2022, respectively.

10. Commitments and Contingencies

Purchase Commitments

The Company currently has arrangements with contract manufacturers and suppliers for the manufacture of its products. Those arrangements allow the contract manufacturers to procure long lead-time component inventory based upon a rolling production forecast provided by the Company. The Company is obligated to purchase long lead-time component inventory that its contract manufacturer procures in accordance with the forecast, unless the Company gives notice of order cancellation outside of applicable component lead-times. As of June 30, 2024, the Company had non-cancelable commitments to purchase $38.2 million of inventory, which will be received and consumed during fiscal 2025. The Company expects to utilize its non-cancelable purchase commitments in the normal ongoing operations.

Legal Proceedings

The Company may from time to time be party to litigation arising in the course of its business, including, without limitation, allegations relating to commercial transactions, business relationships or intellectual property rights. Such claims, even if not meritorious, could result in the expenditure of significant financial and managerial resources. Litigation in general, and intellectual property litigation in particular, can be expensive and disruptive to normal business operations. Moreover, the results of legal proceedings are difficult to predict.

In accordance with applicable accounting guidance, the Company records accruals for certain of its outstanding legal proceedings, investigations or claims when it is probable that a liability will be incurred, and the amount of loss can be reasonably estimated. The Company evaluates, at least on a quarterly basis, developments in legal proceedings, investigations or claims that could affect the amount of any accrual, as well as any developments that would result in a loss contingency to become both probable and reasonably estimable. When a loss contingency is not both probable and reasonably estimable, the Company does not record a loss accrual. However, if the loss (or an additional loss in excess of any prior accrual) is at least reasonably possible and material, then the Company would disclose an estimate of the possible loss or range of loss, if such estimate can be made, or disclose that an estimate cannot be made. The assessment of whether a loss is probable or a reasonable possibility, and whether the loss or a range of loss is estimable, involves a series of complex judgments about future events. Even if a loss is reasonably possible, the Company may not be able to estimate a range of possible loss, particularly where (i) the damages sought are substantial or indeterminate, (ii) the proceedings are in the early stages, or (iii) the matters involve novel or unsettled legal theories or a large number of parties. In such cases, there is considerable uncertainty regarding the ultimate resolution of such matters, including the amount of any possible loss, fine or penalty. However, an adverse resolution of one or more of such matters could have a material adverse effect on the Company's results of operations in a particular quarter or fiscal year.

Orckit IP, LLC v. Extreme Networks, Inc., Extreme Networks Ireland Ltd., and Extreme Networks GmbH

On February 1, 2018, Orckit IP, LLC (“Orckit”) filed a patent infringement lawsuit against the Company and its Irish and German subsidiaries in the District Court in Dusseldorf, Germany. The lawsuit alleges direct and indirect infringement of the German portion of a patent (“EP ‘364”) based on the offer, distribution, use, possession and/or importation into Germany of certain network switches that are equipped with the ExtremeXOS operating system. Orckit is seeking injunctive relief, accounting, and an unspecified declaration of liability for damages and costs of the lawsuit. On January 28, 2020, the Court rendered a decision in the infringement case in favor of the Company. The matter is proceeding through the appellate process and an oral hearing has been set for October 24, 2024.

On April 23, 2019, Orckit filed an extension of the patent infringement complaint against the Company and its Irish and German subsidiaries in the District Court in Dusseldorf, Germany. With this extension, Orckit alleges infringement of the German portion of a second patent (“EP ‘077”) based on the offer, distribution, use, possession and/or importation into Germany of certain network switches that the Company no longer sells in Germany. Orckit is seeking injunctive relief, accounting and sales information, and a declaration of liability for damages as well as costs of the lawsuit. On October 13, 2020, the Court issued an infringement decision against the Company and granted Orckit the right to enforce the judgment against the Company, which Orckit has provided notification to the Company that it will enforce the judgment. In the rendering of account, Orckit was informed that the products at issue were in end of sale status prior to the filing of the EP ‘077 complaint. The Company has appealed the infringement decision, and the matter is proceeding through the appellate process.

The Company filed a nullity action related to the EP ‘364 patent on May 3, 2018, and one related to the EP ‘077 patent on October 31, 2019, both in the Federal Patent Court in Munich. The Federal Patent Court in Munich found the EP ‘364 patent to be valid and the Company filed an appeal, which was dismissed on October 12, 2023. On October 25, 2022, the Federal Patent Court in Munich issued an opinion partially invalidating the EP ‘077 patent and the Company and Orckit have filed appeals. An oral hearing has been set for December 10, 2024.

SNMP Research, Inc. and SNMP Research International, Inc. v. Broadcom Inc., Brocade Communications Systems LLC, and Extreme Networks, Inc.

(collectively, "SNMP") filed a lawsuit against the Company in the Eastern District of Tennessee for copyright infringement, alleging that the Company was not properly licensed to use its software. SNMP is seeking actual damages and profits attributed to the infringement, as well as equitable relief. The Company filed a motion to transfer the case to the Northern District of California. The motion to dismiss was denied in part and denied without prejudice in part. On March 2, 2023, SNMP filed an amended complaint adding claims against Extreme on additional products for copyright infringement, breach of contract, and fraud. On March 16, 2023, the Company filed a motion to dismiss, challenging multiple claims from the amended complaint, which was denied on January 30, 2024. On March 20, 2023, the Company filed a motion to refer questions to the U.S. Copyright Office on the invalidity of SNMP's copyrights, which was denied on March 18, 2024. The trial date and all other dates have been vacated and the parties have been ordered to attend a mediation, scheduled for September 19, 2024.

Mala Technologies Ltd. v. Extreme Networks GmbH, Extreme Networks Ireland Ops Ltd., and Extreme Networks, Inc.

On April 15, 2021, Mala Technologies Ltd. ("Mala") filed a patent infringement lawsuit against the Company and its Irish and German subsidiaries in the District Court in Dusseldorf, Germany. The lawsuit alleges indirect infringement of the German portion of a patent ("EP '498") based on the offer and sale in Germany of certain network switches equipped with the ExtremeXOS operating system. Mala is seeking injunctive relief, accounting, and an unspecified declaration of liability for damages and costs of the lawsuit. On December 20, 2022, the trial court ruled that the Company did not infringe the EP '498 patent and dismissed Mala's complaint entirely. Mala has filed an appeal and an oral hearing has been set for March 27, 2025.

The Company filed a nullity complaint against EP '498 with the German Federal Patent Court on September 24, 2021 and a hearing date has been set for November 20, 2024.

Indemnification Obligations

Subject to certain limitations, the Company may be obligated to indemnify its current and former directors, officers and employees. These obligations arise under the terms of its certificate of incorporation, its bylaws, applicable contracts, and applicable law. The obligation to indemnify, where applicable, generally means that the Company is required to pay or reimburse, and in certain circumstances the Company has paid or reimbursed, the individuals' reasonable legal expenses and possible damages and other liabilities incurred in connection with certain legal matters. The Company also procures Directors and Officers liability insurance to help cover its defense and/or indemnification costs, although its ability to recover such costs through insurance is uncertain. While it is not possible to estimate the maximum potential amount that could be owed under these governing documents and agreements due to the Company's limited history with prior indemnification claims, indemnification (including defense) costs could, in the future, have a material adverse effect on the Company's consolidated financial position, results of operations and cash flows.

11. Stockholders' Equity

Preferred Stock

In April 2001, in connection with entering into a rights agreement, the Company authorized the issuance of preferred stock. The preferred stock may be issued from time to time in one or more series. The Board of Directors (the "Board") is authorized to provide for the rights, preferences and privileges of the shares of each series and any qualifications, limitations or restrictions on these shares. As noted below, the 2021 Tax Benefit Preservation Plan (defined below), as amended, accelerated the expiration of preferred share purchase rights under the 2021 Tax Benefit Preservation Plan to the close of business on August 24, 2023, and no person has any rights pursuant to the 2021 Tax Benefit Preservation Plan. As of June 30, 2024, no shares of preferred stock were outstanding.

Stockholders' Rights Agreement

On April 26, 2012, the Company entered into the "Restated Rights Plan," which governed the terms of each right ("Right") that had been issued with respect to each share of the Company's common stock. Each Right initially represented the right to purchase one one-thousandth of a share of the Company's Preferred Stock. From 2013 through 2020, the Board and stockholders approved amendments providing for one-year extensions of the term of the Restated Rights Plan.

On May 17, 2021, the Company entered into the Amended and Restated Tax Benefit Preservation Plan (the "2021 Tax Benefit Preservation Plan"), which amended and restated the Amended and Restated Rights Agreement between the Company and Computershare Shareholder Services LLC, as the rights agent. The 2021 Tax Benefit Preservation Plan was approved by stockholders of the Company at the annual meeting of stockholders held on November 4, 2021. The 2021 Tax Benefit Preservation Plan governs the terms of each Right that had been issued with respect to each share of the Company's common stock. Each Right initially represented the right to purchase one one-thousandth of a share of the Company's Preferred Stock.

The Board adopted the 2021 Tax Benefit Preservation Plan to preserve the value of deferred tax assets, including net operating loss carry forwards of the Company, with respect to its ability to fully use its tax benefits to offset future income which may be limited if the Company experiences an "ownership change" for purposes of Section 382 of the IRC as a result of ordinary buying and selling of shares of its common stock. Following its review of the terms of the plan, the Board decided it was necessary and in the best interests of the Company and its stockholders to enter into the 2021 Tax Benefit Preservation Plan.

On August 23, 2023, the Board approved an amendment to the 2021 Tax Benefit Preservation Plan, effective as of August 24, 2023 (the "First Amendment"). The First Amendment amended the Restated Tax Plan by accelerating the expiration of the Company's preferred share purchase rights by amending the definition of "Final Expiration Date" to mean the close of business on August 24, 2023. Accordingly, the Rights which were previously dividended to holders of record of the common stock of the Company expired on the close of business on August 24, 2023 and no person has any rights pursuant to the 2021 Tax Benefit Preservation Plan or the Rights.

Equity Incentive Plan

The Compensation Committee of the Board unanimously approved an amendment to the Extreme Networks, Inc. Amended and Restated 2013 Equity Incentive Plan (the "2013 Plan") on August 11, 2021 to update tax withholding obligations. The Compensation Committee of the Board unanimously approved an amendment to the Extreme Networks, Inc. Amended and Restated 2013 Equity Incentive Plan (the "2013 Plan") on September 14, 2023 to increase the maximum number of available shares by 5.0 million shares. The amendment was approved by the stockholders of the Company at the annual meeting of the stockholders held on November 8, 2023.

Employee Stock Purchase Plan

The Compensation Committee of the Board unanimously approved an amendment to the 2014 Employee Stock Purchase Plan (the "ESPP") on September 9, 2021 to increase the maximum number of shares that will be available for sale thereunder by 7.5 million shares. The amendment was approved by a majority of the stockholders of the Company at the annual meeting of stockholders held on November 4, 2021.

Common Stock Repurchases

In May 2022, the Board authorized a share repurchase program with authorization to repurchase up to $200.0 million of shares of the Company's common stock over a three-year period beginning in our fiscal year commencing July 1, 2022. A maximum of $25.0 million may be repurchased in any quarter. In November 2022, the Board increased the authorization to repurchase shares in any quarter from up to $25.0 million of shares per quarter to up to $50.0 million of shares per quarter. This authorization supersedes and replaces any previously authorized repurchase programs. Purchases may be made from time to time in the open market or pursuant to a 10b5-1 plan.

During fiscal year 2024, the Company repurchased a total of 2.4 million shares of its common stock on the open market at a total cost of $49.9 million with an average price of $21.08 per share. During fiscal year 2023, the Company repurchased a total of 5.4 million shares of its common stock on the open market at a total cost of $99.9 million with an average price of $18.58 per share. In fiscal year 2022, the Company repurchased a total of 3.9 million shares of its common stock on the open market at a total cost of $45.0 million with an average price of $11.59 per share. As of June 30, 2024, approximately $50.3 million remains available for share repurchases under the share repurchase program.

As provision of the Inflation Reduction Act enacted in the U.S., the Company is subject to an excise tax on corporate stock repurchases, which is assessed as one percent of the fair market value of net corporate stock repurchases after December 31, 2022. The excise tax's effect on net corporate stock repurchases was not material for fiscal year ended June 30, 2024 and 2023.

12. Employee Benefit Plans

As of June 30, 2024, the Company has the following share-based compensation plans and the 401(k) Plan discussed below:

2013 Equity Incentive Plan

The 2013 Equity Incentive Plan (the "2013 Plan") was approved by stockholders on November 20, 2013. The 2013 Plan replaced the 2005 Equity Incentive Plan (the "2005 Plan"). Under the 2013 Plan, the Company may grant stock options, stock appreciation rights, restricted stock, restricted stock units ("RSUs") (including performance-based or market-based RSUs), performance shares, and other share-based or cash-based awards to employees and consultants. The 2013 Plan also authorizes the grant of awards of stock options, stock appreciation rights, restricted stock and RSUs to non-employee members of the Board and deferred compensation awards to officers, directors and certain management or highly compensated employees. The 2013 Plan authorized the issuance of 9.0 million shares of the Company's common stock. In addition, 6.6 million shares of the Company's common stock under the 2005 Plan were transferred to the 2013 Stock Plan and were added to the number of shares available for future grant under the 2013 Plan. Prior to fiscal 2024, stockholders approved the issuance of an additional 38.7 million shares of the Company's common stock. During the year ended June 30, 2024, an additional 5.0 million shares were authorized and made available for grant under the 2013 Plan. The 2013 Plan includes provisions upon the granting of certain awards defined by the 2013 Plan as Full Value Awards in which the shares available for grant under the 2013 Plan are decremented 1.5 shares for each such award granted. Upon forfeiture or cancellation of unvested awards, the same ratio is applied in returning shares to the 2013 Plan for future issuance as was applied upon granting. As of June 30, 2024, total options and awards to acquire 7.6 million shares were outstanding under the 2013 Plan and 13.4 million shares are available for grant under the 2013 Plan. Options granted under this plan have a contractual term of seven years.

Aerohive 2014 Equity Incentive Plan

Pursuant to the acquisition of Aerohive on August 9, 2019, the Company assumed the Aerohive 2014 Equity Incentive Plan (the "Aerohive Plan"). Stock awards outstanding under the Aerohive Plan were converted into awards for shares of the Company's common stock as of the date of the acquisition of Aerohive at a predetermined rate pursuant to the Merger Agreement entered into in connection with the acquisition of Aerohive. As of June 30, 2024, total awards to acquire 2,288 shares of the Company's common stock were outstanding under the Aerohive Plan. If a participant terminates employment prior to the vesting dates, the non-vested shares will be forfeited and retired. No future grants may be made from the Aerohive Plan.

Stock Awards

Stock awards may be granted under the 2013 Plan on terms approved by the Compensation Committee of the Board of Directors. Stock awards generally provide for the issuance of RSUs, including performance-based or market-based RSUs which vest over a fixed period of time or based upon the satisfaction of certain performance criteria or market conditions. The Company recognizes compensation expense on the awards over the vesting period based on the award's fair value as of the date of grant. The RSUs granted under the 2013 plan vest over a period of time, generally one-to-three years, and are subject to participant's continued service to the Company.

The aggregate fair value, as of the respective grant dates of awards granted during the fiscal years ended June 30, 2024, 2023 and 2022 was $110.5 million, $106.8 million and $50.7 million, respectively.

For fiscal years ended June 30, 2024, 2023, and 2022, the Company withheld an aggregate of 1.9 million shares, 1.4 million shares, and 2.2 million shares, respectively, upon the vesting of awards, based upon the closing share price on the vesting date as settlement of the employees' minimum statutory obligation for the applicable income and other employment taxes.

For fiscal years ended June 30, 2024, 2023 and 2022, the Company remitted cash of $47.9 million, $21.9 million, $24.5 million, respectively, to the appropriate taxing authorities on behalf of the employees. The payment of the taxes by the Company reduced the number of shares that would have been issued on the vesting date and was recorded as a reduction of additional paid-in capital in the consolidated balance sheets and as a reduction of "Payments for tax withholdings, net of proceeds from issuance of common stock" in the financing activity within the consolidated statements of cash flows.

As of June 30, 2024, there was $80.0 million in unrecognized compensation costs related to non-vested stock awards which includes the performance and market condition awards as discussed below. This cost is expected to be recognized over a weighted-average period of 1.6 years.

Stock Awards – Officers and Directors

RSUs granted during fiscal 2024, 2023 and 2022 to named executive officers and directors totaled 0.7 million awards, 1.8 million awards and 1.0 million awards, respectively which included awards with market-based conditions as discussed below.

Stock Awards - Performance Awards

During fiscal 2024 and 2023, the Compensation Committee of the Board granted 0.8 million and 1.2 million RSUs, respectively with vesting based on market conditions ("MSUs") to certain of the Company's executive officers. The MSUs granted during fiscal 2024 included 0.5 million MSUs subject to total shareholder return ("TSR") and 0.3 million MSUs subject to certain stock price targets. The MSUs granted during fiscal 2023 were subject to TSR.

Level	Relative TSR	Shares Vested
Below Threshold	TSR is less than the Index by more than 37.5 percentage points	0%
Threshold	TSR is less than the Index by 37.5 percentage points	25%
Target	TSR equals the Index	100%
Maximum	TSR is greater than the Index by 25 percentage points or more	150%

TSR is calculated based on the average closing price for the 30-trading days prior to the beginning and end of the performance periods. Performance is measured based on three periods, with the ability for up to one-third of target shares to vest after years 1 and 2 and the ability for up to the maximum of the full award to vest based on the full 3-year TSR less any shares vested based on 1- and 2- year periods. Linear interpolation is used to determine the number of shares vested for achievement between target levels.

The stock price target MSUs vest upon the achievement of a certain stock price target over the defined performance period. The stock price target shall be deemed as achieved if the average closing stock price over any thirty consecutive trading days during the period from grant date through the third anniversary of the grant date equals or exceeds the price target of $41.38 for the initial performance period. Upon satisfaction of the initial stock price target, 50% of the target shares will vest on the 3rd anniversary of the grant date and the remaining 50% will vest on the 4th anniversary of the grant date, subject to employees continued service through the applicable vesting dates. If the units are not earned on the last day of initial performance period, the units will remain outstanding and be eligible to be earned if the average closing stock price over any thirty consecutive trading days equals or exceeds the price target of $46.96.

On February 14, 2024, the Company modified certain terms and conditions of the stock price target MSUs for certain executive officers. Under the modified agreement, the stock price target over the initial and fourth year performance periods were revised to $23.00 and $26.00, respectively. All other contractual terms remained unchanged. The incremental compensation cost recognized during fiscal 2024 and ratably over the remaining requisite service period is not material.

The grant date fair value of each MSU was determined using the Monte Carlo simulation model. The weighted-average grant-date fair value of the TSR MSUs granted during fiscal 2024 was $32.66 per share. The weighted-average assumptions used in the Monte Carlo simulation included the expected volatility of 50%, risk-free interest rate of 4.43%, no expected dividend yield, expected term of three years and possible future stock prices over the performance period based on the historical stock and market prices.

The weighted-average grant-date fair value of the MSUs granted during the year ended June 30, 2023 was $17.62 per share. The assumptions used in the Monte Carlo simulation included the expected volatility of 65%, risk-free rate of 3.27%, no expected dividend yield, expected term of three years and possible future stock prices over the performance period based on the historical stock and market prices.

The weighted-average grant-date fair value of the MSUs granted during the year ended June 30, 2022 was $12.69 per share. The assumptions used in the Monte Carlo simulation included the expected volatility of 66%, risk-free rate of 0.44%, no expected dividend yield, expected term of three years and possible future stock prices over the performance period based on the historical stock and market prices.

The Company recognizes the expense related to these MSUs on a graded-vesting method over the estimated term.

The following table summarizes stock awards with market or performance-based conditions granted and the number of awards that have satisfied the relevant market or performance criteria in each period (in thousands):

	Fiscal Year 2024	Fiscal Year 2023	Fiscal Year 2022

2014 Employee Stock Purchase Plan

On August 27, 2014, the Board approved the adoption of Extreme Network's 2014 Employee Stock Purchase Plan (the "2014 ESPP"). On November 12, 2014, the stockholders approved the 2014 ESPP with the maximum number of shares of common stock that may be issued under the plan of 12.0 million shares. During the fiscal year ended June 30, 2022, the Board of Directors unanimously approved an amendment to the 2014 ESPP to increase the maximum number of shares that will be available for sale by 7.5 million shares, which was approved by the stockholders of the Company at the annual meeting of stockholders held on November 4, 2021. The 2014 ESPP allows eligible employees to acquire shares of the Company's common stock through periodic payroll deductions of up to 15% of total compensation, subject to the terms of the specific offering periods outstanding. Each purchase period has a maximum duration of six months and the maximum shares issuable for each purchase period is 1.5 million shares. The price at which the common stock may be purchased is 85% of the lesser of the fair market value of the Company's common stock on the first day of the applicable offering period or on the last day of the respective purchase period.

During the fiscal years ended June 30, 2024 and 2023, there were 1.3 million and 1.5 million shares issued under the 2014 ESPP. As of June 30, 2024, there have been an aggregate 19.9 million shares issued under the 2014 ESPP.

Share-Based Compensation Expense

Share-based compensation expense recognized in the financial statements by line-item caption is as follows (in thousands):

Total share-based compensation expense	$ 76,763	$ 63,472	$ 43,362

The Company uses the straight-line method for expense attribution, other than for the PSUs and MSUs, which may use the accelerated attribution method. The Company does not estimate forfeitures, but rather recognizes expense for those shares expected to vest and recognizes forfeitures when they occur.

The fair value of each RSU grant with market-based vesting criteria under the 2013 Plan is estimated on the date of grant using the Monte-Carlo simulation model to determine the fair value and the derived service period of stock awards with market conditions, on the date of the grant.

The fair value of each share purchase option under the Company's 2014 ESPP is estimated on the date of grant using the Black-Scholes-Merton option valuation model with the weighted average assumptions noted in the following table. The expected term of the 2014 ESPP shares is the offering period for each purchase. The risk-free rate is based upon the estimated life and is based on the U.S. Treasury yield curve in effect at the time of grant. Expected volatility is based on the historical volatility of the Company’s stock.

The weighted-average estimated per share fair value of shares under the 2014 ESPP in fiscal years 2024, 2023 and 2022, was $5.73, $4.87, $3.32, respectively.

14. Derivatives and Hedging

Interest Rate Swaps

The Company is exposed to interest rate risk on its debt. The Company may enter into interest rate swap contracts to effectively manage the impact of fluctuations of interest rate changes on its outstanding debt which has a floating interest rate. The Company does not enter into derivative contracts for trading or speculative purposes.

At the inception date of the derivative contract, the Company performs an assessment of these contracts and has designated these contracts as cash flow hedges. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreement without exchange of the underlying notional amount. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, by performing qualitative and quantitative assessment, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flow of hedged items. Changes in the fair value of a derivative that is qualified, designated and highly effective as a cash flow hedge are recorded in other comprehensive income (loss). When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge, the Company discontinues hedge accounting prospectively. In accordance with ASC 815, *Derivatives and Hedging*, the Company may prospectively discontinue the hedge accounting for an existing hedge if the applicable criteria are no longer met, the derivative instrument expires, is sold, terminated or exercised or if the Company removes the designation of the respective cash flow hedge. In those circumstances, the net gain or loss remains in "Accumulated other comprehensive loss" and is reclassified into earnings in the same period or periods during which the hedged forecasted transaction affects earnings, unless the forecasted transaction is no longer probable in which case the net gain or loss is reclassified into earnings immediately.

During the fiscal years ended June 30, 2024 and 2023 the Company did not enter into any interest rate swap contracts.

Foreign Exchange Forward Contracts

The Company uses derivative financial instruments to manage exposures to foreign currency that may or may not be designated as hedging instruments. The Company's objective for holding derivatives is to use the most effective methods to minimize the impact of these exposures. The Company does not enter into derivatives for speculative or trading purposes. The Company enters into foreign exchange forward contracts primarily to mitigate the effect of gains and losses generated by foreign currency transactions related to certain operating expenses and remeasurement of certain assets and liabilities denominated in foreign currencies.

For foreign exchange forward contracts not designated as hedging instruments, the fair value of the derivatives in a gain position are recorded in "Prepaid expenses and other current assets" and derivatives in a loss position are recorded in "Other accrued liabilities" in the accompanying consolidated balance sheets. Changes in the fair value of derivatives are recorded in "Other income, net" in the accompanying consolidated statements of operations. As of June 30, 2024 and 2023, foreign exchange forward currency contracts not designated as hedging instruments had the total notional amount of $31.3 million and $3.4 million, respectively. These contracts had maturities of less than 40 days. For the years ended June 30, 2024, 2023 and 2022 the net losses recorded in the consolidated statements of operations from these contracts were approximately $0.3 million, $0.4 million, and $1.4 million, respectively. Changes in the fair value of these foreign exchange forward contracts are offset largely by remeasurement of the underlying assets and liabilities.

There were no foreign exchange forward currency contracts that were designated as hedging instruments at June 30, 2024 and 2023.

For the fiscal year ended June 30, 2024, 2023 and 2022 the Company recorded a foreign currency transaction gains from operations of $0.6 million, $0.8 million and $1.7 million, respectively.

The Company's global valuation allowance increased by $23.1 million in the fiscal year ended June 30, 2024 and decreased by $14.4 million in the fiscal year ended June 30, 2023. The Company has provided a full valuation allowance against all of its U.S. federal and state deferred tax assets, as well as valuation allowances against certain non-U.S. deferred tax assets in Ireland and Brazil. The valuation allowance is determined by assessing both negative and positive available evidence to determine whether it is more likely than not that the deferred tax assets will be recoverable. The Company's inconsistent earnings in recent periods, including historical losses, tax attributes expiring unutilized in recent years and the cyclical nature of the Company's business provides sufficient negative evidence that require a full valuation allowance against its U.S. federal and state net deferred tax assets. The valuation allowance is evaluated periodically and can be reversed partially or in full if business results and the economic environment have sufficiently improved to support realization of the Company's deferred tax assets.

As of June 30, 2024, the Company had net operating loss carry-forwards ("NOLs") for U.S. federal and state tax purposes of $16.2 million and $137.4 million, respectively. As of June 30, 2024, the Company also had foreign NOLs in Australia, Brazil, and Ireland of $5.2 million, $12.7 million, and $13.7 million respectively. As of June 30, 2024, the Company also had federal and state tax credit carry-forwards of $34.2 million and $36.4 million, respectively. These credit carry-forwards consist of research and development tax credits as well as foreign tax credits. Of the $16.2 million U.S. federal NOLs carry-forwards, $2.8 million will begin to expire in the fiscal year ending June 30, 2037 and $13.4 million have an indefinite carryforward life. The state net operating losses of $137.4 million will begin to partially expire in the fiscal year ending June 30, 2025. The foreign net operating losses can generally be carried forward indefinitely. Federal research and development tax credits of $28.5 million will expire beginning in fiscal 2026, if not utilized and foreign tax credits of $5.7 million will expire beginning in fiscal 2025. North Carolina state research and development tax credits of $0.9 million will expire beginning in the fiscal year ending June 30, 2025, if not utilized. California state research and development tax credits of $35.6 million do not expire and can be carried forward indefinitely.

In June 2024, the Company performed an analysis under Section 382 of the IRC with respect to its net operating loss and credit carry-forwards to determine whether a potential ownership change had occurred that would place a limitation on the annual utilization of these U.S. tax attributes. It was determined that no ownership change had occurred during the fiscal year ended June 30, 2023, however, it is possible a subsequent ownership change could limit the utilization of the Company's tax attributes. The Company also performed, in June 2020, a separate IRC section 382 analysis with respect to the NOLs and tax credits acquired from Aerohive and have determined that while the Company will be subject to an annual limitation, the Company should not be limited on the full utilization of the losses and credits during the statutory allowable carryforward period for the NOLs and credits.

As of June 30, 2024, cumulative undistributed, indefinitely reinvested earnings of non-U.S. subsidiaries totaled $41.7 million. It has been the Company’s historical policy to invest the earnings of certain foreign subsidiaries indefinitely outside the U.S. The Company has reviewed its prior position on the reinvestment of earnings of certain foreign subsidiaries and has recorded a deferred tax liability of $0.9 million related to withholding taxes that may be incurred upon repatriation of earnings from jurisdictions where no indefinite reinvestment assertion is made. The Company continues to maintain an indefinite reinvestment assertion for earnings in certain of its foreign jurisdictions. The unrecorded deferred tax liability for potential tax associated with repatriation of these earnings is $7.9 million.

Most recently, the United States enacted the Inflation Reduction Act in 2022, which made a number of changes to the IRC, including adding a 1% excise tax on stock buybacks by publicly traded corporations and a corporate minimum tax on adjusted financial statement income of certain large companies. We do not anticipate this legislation will have a material impact for the Company.

The Company conducts business globally and as a result, most of its subsidiaries file income tax returns in various domestic and foreign jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities throughout the world. Its major tax jurisdictions are the U.S., Ireland, India, California, New Hampshire, Texas and North Carolina. In general, the Company's U.S. federal income tax returns are subject to examination by tax authorities for fiscal years ended June 2004 forward due to net operating losses and the Company's state income tax returns are subject to examination for fiscal years ended June 2005 forward due to net operating losses. Statutes related to material foreign jurisdictions are generally open for fiscal years ended June 2020 forward for Ireland and for tax year ended March 2020 forward for India.

The U.S. tax rules require U.S. tax on foreign earnings, known as Global Intangible Low Taxed Income (“GILTI”). Under U.S. Generally Accepted Accounting Principles, taxpayers are allowed to make an accounting policy election of either (1) treating taxes due on future U.S. inclusions in taxable income related to GILTI as a current-period expense when incurred (the “period cost method”) or (2) factoring such amounts into a company’s measurement of its deferred taxes. The Company has elected to account for GILTI tax as a component of tax expense in the period in which it is incurred under the period cost method.

As of June 30, 2024, the Company had $18.2 million of unrecognized tax benefits. If fully recognized in the future, $0.2 million would impact the effective tax rate, and $18.0 million would result in adjustments to deferred tax assets and corresponding adjustments to the valuation allowance. The Company does not reasonably expect the amount of unrealized tax benefits to materially decrease during the next twelve months.

A reconciliation of the beginning and ending amount of total unrecognized tax benefits is as follows (in thousands):

Balance at June 30, 2022	$ 18,367
Decrease related to prior year tax positions	(21)
Increase related to prior year tax positions	1
Increase related to current year tax positions	15
Lapse of statute of limitations	(65)
Balance at June 30, 2023	$ 18,297
Decrease related to prior year tax positions	(25)
Increase related to prior year tax positions	—
Increase related to current year tax positions	20
Lapse of statute of limitations	(75)
Balance at June 30, 2024	$ 18,217

Estimated interest and penalties related to the underpayment of income taxes, if any are classified as a component of income tax expense in the consolidated statements of operations and totaled less than $0.1 million for each of the years ended 2024, 2023 and 2022.

17. Net Income (Loss) Per Share

Basic net income (loss) per share is calculated by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted income (loss) per share is calculated by dividing net income (loss) by the weighted average number of shares of common stock used in the basic net income (loss) per share calculation plus the dilutive effect of any shares subject to repurchase, options and unvested RSUs.

The following table presents the calculation of basic and diluted net income (loss) per share (in thousands, except per share data):

	Year Ended		
	June 30, 2024	June 30, 2023	June 30, 2022
Net income (loss)	$ (85,964)	$ 78,074	$ 44,271
Weighted-average shares used in per share calculation – basic	129,288	129,473	129,437
Options to purchase common stock	—	708	567
Restricted stock units	—	3,468	3,490
Weighted-average shares used in per share calculation – diluted	129,288	133,649	133,494
Net income (loss) per share – basic and diluted			
Net income (loss) per share – basic	$ (0.66)	$ 0.60	$ 0.34
Net income (loss) per share – diluted	$ (0.66)	$ 0.58	$ 0.33

Potentially dilutive shares of common stock from employee incentive plans are determined by applying the treasury stock method to the assumed exercise of outstanding stock options, the assumed vesting of outstanding RSUs, and the assumed issuance of common stock under the ESPP.

The following securities were excluded from the computation of net income (loss) per diluted share of common stock for the periods presented as their effect would have been anti-dilutive (in thousands):

	Year Ended		
	June 30, 2024	June 30, 2023	June 30, 2022
Options to purchase common stock	1,126	—	—
Restricted stock units	5,946	153	99
Employee Stock Purchase Plan shares	193	181	400
Total shares excluded	7,265	334	499

18. Subsequent Events

On August 13, 2024, a putative securities class action (the "Class Action") was filed in the United States District Court for the Northern District of California captioned *Steamfitters Local 449 Pension & Retirement Security Funds v. Extreme Networks, Inc., et al.*, Case No. 5:24-cv-05102-TLT, naming the Company and certain of our current and former executive officers as defendants. The lawsuit is purportedly brought on behalf of purchasers of Extreme Networks securities between July 27, 2022 and January 30, 2024 (the "Class Period"). The complaint alleges claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, and Rule 10b-5 promulgated thereunder, based on allegedly false and misleading statements about our business and prospects during the Class Period. The lawsuit seeks unspecified damages. We intend to deny the allegations of wrongdoing and vigorously defend against the claims in the Class Action.

Effective August 14th, 2024, the Company entered into an Amendment Number One to the 2023 Credit Agreement. Under the new amendment, the Company modified the definition of the consolidated EBITDA for the purposes of evaluating compliance with financial covenants under the 2023 Credit Agreement. The amended definition of consolidated EBITDA modifies the amount and type of add-backs that are allowable to better align with the Company's operations and activities. Further, the amendment provides a waiver for the Company's compliance with the consolidated interest charge coverage ratio for each of the quarters ended June 30, 2024, September 30, 2024, and December 31, 2024, as a perfunctory matter.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are controls and procedures designed to reasonably assure that information required to be disclosed in our reports filed under the Exchange Act, such as this Annual Report on Form 10-K, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and to reasonably assure that such information is accumulated and communicated to our management, including the Chief Executive Officer ("CEO") and the Chief Financial Officer ("CFO"), as appropriate to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of our management, including our CEO and CFO, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this Annual Report on Form 10-K. Based on this evaluation, our CEO and CFO concluded that our disclosure controls and procedures were effective as of June 30, 2024.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over our financial reporting. There are inherent limitations in the effectiveness of any system of internal control, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal controls can provide only reasonable assurances with respect to financial statement preparation. Further because of changes in conditions, the effectiveness of internal control may vary over time.

We assessed the effectiveness of our internal control over financial reporting as of June 30, 2024. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control-Integrated Framework (2013). Based on our assessment using those criteria, we concluded that, as of June 30, 2024, our internal control over financial reporting is effective.

Our independent registered public accounting firm, Grant Thornton, LLP, has audited the consolidated financial statements as of and for the year ended June 30, 2024 included in this Annual Report on Form 10-K and has issued its report on our internal control over financial reporting as of June 30, 2024.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rules 13a – 15(f) and 15d – 15(f) under the Exchange Act) during the fourth quarter of 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including the CEO and CFO, does not expect that our disclosure controls or our internal control over financial reporting will prevent or detect all error and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. Our controls and procedures are designed to provide reasonable assurance that our control system's objective will be met, and our CEO and CFO have concluded that our disclosure controls and procedures are effective at the reasonable assurance level. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within Extreme have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events. Projections of any evaluation of the effectiveness of controls in future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures. Notwithstanding these limitations, our disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives. Our CEO and CFO have concluded that our disclosure controls and procedures are, in fact, effective at the "reasonable assurance" level.

The Amendment, among other things, amends certain terms and provisions of the Credit Agreement, including, without limitation, to (i) waive compliance with the consolidated interest coverage ratio financial covenant for the fiscal quarters ending June 30, 2024, September 30, 2024 and December 31, 2024, (ii) add a financial covenant requiring that the Company and its subsidiaries maintain cash and cash equivalents of at least $100 million as of the last day of the fiscal quarters ending September 30, 2024 and December 31, 2024, (iii) modify the definition of "Consolidated EBITDA" and certain other financial definitions, and (iv) limit the ability of the Company and its subsidiaries to make certain dividends and other restricted payments from the Amendment Date through the date on which a quarterly compliance certificate is delivered under the Credit Agreement for the fiscal quarter ending December 31, 2024.

The foregoing description of the Amendment does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Amendment, which is filed as Exhibit 10.34 and is incorporated herein by reference.

calculations for purposes of this Agreement (whether or not such operating lease obligations were in effect on such date) regardless of any change in or application of GAAP following such date pursuant to ASC 842 or otherwise that would require such leases (on a prospective or retroactive basis or otherwise) to be treated as capital leases in the financial statements to be delivered pursuant to Section 6.1.

1.3 The Exchange Rate. The Administrative Agent shall determine the applicable Exchange Rate as of each Revaluation Date to be used for calculating the Dollar Equivalent amount of Letters of Credit that are denominated in Euros or Canadian Dollars. Such Exchange Rate shall become effective as of such Revaluation Date and shall be the Exchange Rate employed in converting any amount between Euros and Dollars or Canadian Dollars and Dollars until the next occurring Revaluation Date.

1.4 Letter of Credit Amounts. Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the Dollar Equivalent of the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms or the terms of any L/C-Related Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the Dollar Equivalent of the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time.

1.5 Limited Condition Transactions. In connection with any action being taken in connection with a Limited Condition Transaction, for purposes of determining compliance with any provision of this Agreement which requires the calculation of any financial ratio or test, including the Consolidated Leverage Ratio or Consolidated Interest Coverage Ratio, at the option of the Borrower (the Borrower's election to exercise such option in connection with any Limited Condition Transaction, an "***LCT Election***"), the date of determination of whether any such action is permitted hereunder shall be deemed to be the date the definitive agreement for such Limited Condition Transaction is entered into (the "***LCT Test Date***"), and if, after giving *pro forma effect* to the Limited Condition Transaction, the Borrower or any of its Subsidiaries would have been permitted to take such action on the relevant LCT Test Date in compliance with such ratio, basket or test, such ratio, basket or test shall be deemed to have

been complied with. For the avoidance of doubt, if the Borrower has made an LCT Election and any of the ratios, baskets or tests for which compliance was determined or tested as of the LCT Test Date would have failed to have been satisfied as a result of fluctuations in any such ratio, basket or test, including due to fluctuations in Consolidated EBITDA, at or prior to the consummation of the relevant transaction or action, such ratios, baskets or tests will not be deemed to have failed to have been satisfied as a result of such fluctuations. If the Borrower has made an LCT Election for any Limited Condition Transaction, then in connection with any event or transaction occurring after the relevant LCT Test Date and prior to the earlier of the date on which such Limited Condition Transaction is consummated or the date that the definitive agreement or date for redemption, repurchase, defeasance, satisfaction and discharge or repayment specified in an irrevocable notice for such Limited Condition Transaction is terminated, expires or passes, as applicable, without consummation of such Limited Condition Transaction (a "***Subsequent Transaction***") in connection with which a ratio, basket or test calculation must be made on a Pro Forma Basis or giving *pro forma effect* to such Subsequent Transaction, for purposes of determining whether such ratio, basket or test has been complied with under this Agreement, any such ratio, basket or test shall be required to be satisfied on a Pro Forma Basis assuming such Limited Condition Transaction and other transactions in connection therewith have been consummated.

1.6 Rates. The Administrative Agent does not warrant or accept responsibility for, and shall not have any liability with respect to (a) the continuation of, administration of, submission of, calculation of or any other matter related to ABR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or any component definition thereof or rates referred to in the definition thereof, or any alternative, successor or replacement rate thereto (including any Benchmark Replacement), including whether the composition or characteristics of any such alternative, successor or replacement rate (including any Benchmark Replacement) will be similar to, or produce the same value or economic equivalence of, or have the same volume or liquidity as, ABR, the Term SOFR Reference Rate, Adjusted Term SOFR, Term SOFR or any other Benchmark prior to its discontinuance or unavailability, or (b) the effect, implementation or composition of any Conforming Changes. The Administrative Agent and its affiliates or other related entities may engage in transactions that affect the calculation of ABR, the Term SOFR Reference Rate, Term SOFR, Adjusted Term SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto, in each case, in a manner adverse to the Borrower. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain ABR, the Term SOFR Reference Rate, Term SOFR, Adjusted Term SOFR or any other Benchmark, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

SECTION 2
AMOUNT AND TERMS OF COMMITMENTS

2.1 Term Commitments. Subject to the terms and conditions hereof, each Initial Term Lender agrees to make an Initial Term Loan to the Borrower on the Restatement Date in an amount equal to the amount of the Initial Term Commitment of such Lender. Such Term Loans may from time to time be SOFR Loans or ABR Loans, as determined by the Borrower and notified to the Administrative Agent in accordance with Sections 2.2 and 2.11, and once repaid in accordance with the provisions hereof may not be reborrowed. Each Initial Term Lender that is an Existing Term Lender hereby agrees to exchange, continue or rollover, and shall be deemed to have exchanged, continued or rolled-over, the principal amount of its Existing Term Loans set forth opposite its name on Schedule 1.1C hereto in connection with the Refinancing on a cashless basis (the "***Cashless Rollover***") as Initial Term Loans hereunder, and any portion of the Existing Term Loans subject to the Cashless Rollover shall be (a) deemed for all purposes to be "Initial Term Loans" and a "Term Loans" outstanding under this Agreement, comprising a single class with, and shall be fungible with the other Initial Term Loans funded on the Restatement Date for all purposes, with Type and initial Interest Period as set forth in the Notice of Borrowing delivered pursuant to Section 5.1(k)(i), and (b) governed by this Agreement and entitled to the benefits afforded to Initial Term Loans and Term Loans by this Agreement and the other Loan Documents. Immediately after giving effect to the funding of the Initial Term Loans and the Cashless Rollover and on the Restatement Date, there shall be a single tranche of Term Loans outstanding under this agreement comprised of the Initial Term Loans (which, for the avoidance of doubt shall include (x) all Existing Term Loans subject to the Cashless Rollover and deemed to be Initial Term Loans on the Restatement Date and (y) the other Initial Term Loans funded on the Restatement Date).

2.2 Procedure for Term Loan Borrowing. The Borrower shall give the Administrative Agent an irrevocable Notice of Borrowing (which must be received by the Administrative Agent prior to 10:00 A.M., Pacific time, one Business Day prior to the anticipated Restatement Date) requesting that the Term Lenders make Initial Term Loans on the Restatement Date and specifying the amount to be borrowed *provided* that such Notice of Borrowing may be conditioned on the occurrence of the Restatement Date. Upon receipt of any such Notice of Borrowing, the Administrative Agent shall promptly notify each Term Lender thereof. Not later than 12:00 P.M., Pacific time, on the Restatement Date, each Term Lender shall make available to the Administrative Agent at the Term Loan Funding Office an amount in immediately available funds equal to the Initial Term Loan or Initial Term Loans to be funded by such Lender on such Borrowing Date. The Administrative Agent shall credit the account of the Borrower on the books of such office of the Administrative Agent (or such other account(s) designated by the Borrower in writing) with the aggregate of the amounts made available to the Administrative Agent by the Term Lenders in immediately available funds.

2.3 Repayment of Term Loans.

(a) Term Loans. The principal amount of the Initial Term Loans of the Initial Term Lenders will be subject to amortization in accordance with the table appearing immediately below on the last Business Day of each fiscal quarter, beginning with the first full fiscal quarter ending after the Restatement Date (i.e., the fiscal quarter ending September 30, 2023), with a final payment on the Term Loan Maturity Date of all remaining Initial Term Loan principal then outstanding. In respect of each fiscal quarter indicated below, the Borrower shall pay to the Administrative Agent the portion of the outstanding Initial Term Loan principal indicated below opposite of such fiscal quarter, and the Administrative agent shall distribute each such installment payment made by the Borrower to the Initial Term Lenders in accordance with the respective Initial Term Percentages of such Initial Term Lenders.

Fiscal Quarters from and after the Restatement Date	Quarterly Amortization of Original Aggregate Term Loan Principal Amounts
Quarters 1-8	1.25% per quarter (aggregate of 5.0% annually)
Quarters 9-12	1.875% per quarter (aggregate of 7.5% annually)
Quarters 13-20	2.50% per quarter (aggregate of 10% annually)
Term Loan Maturity Date	remaining principal amount of the Initial Term Loans then outstanding

(b) Incremental Term Loans. The amortization of Incremental Term Loans shall be as agreed between the Borrower, the Administrative Agent and the Lenders funding such Incremental Term Loans, in each case, subject to the provisions of Section 2.24(i).

For the avoidance of doubt, to the extent not previously paid, all then outstanding Term Loans (including all then outstanding principal of any Initial Term Loans and any Incremental Term Loans) shall be due and payable on the Term Loan Maturity Date, together with accrued and unpaid interest on the principal amount to be paid to but excluding the date of payment.

2.4 Revolving Commitments.

(a) Subject to the terms and conditions hereof, each Revolving Lender severally agrees to make revolving credit loans (each, a "***Revolving Loan***" and, collectively, the "***Revolving Loans***") to the Borrower from time to time during the Revolving Commitment Period in an aggregate principal amount with respect to all such Revolving Loans at any one time outstanding which, when added to the aggregate principal amount of any then outstanding Revolving Loans, any Swingline Loans, the aggregate undrawn amount of all then outstanding Letters of Credit, and the aggregate amount of all L/C Disbursements that have not yet been reimbursed or converted into Revolving Loans, incurred on behalf of the Borrower and owing to such Lender, does not exceed the amount of such Lender's Revolving Commitment. In addition, the amount of the Total Revolving Extensions of Credit outstanding after giving effect to any requested borrowing of Revolving Loans shall not exceed the Available Revolving Commitments then in effect. During the Revolving Commitment Period, the Borrower may use the Available Revolving Commitments by borrowing, prepaying the Revolving Loans in whole or in part, and reborrowing, all in accordance with the terms and conditions hereof. The Revolving Loans may from time to time be SOFR Loans or ABR Loans, as determined by the Borrower and notified to the Administrative Agent in accordance with Sections 2.5 and 2.11. Notwithstanding anything to the contrary contained herein, during the existence and continuation of an Event of Default, no Revolving Loan may be borrowed as, converted to or continued as a SOFR Loan.

(b) The Borrower shall repay all outstanding Revolving Loans on the Revolving Termination Date.

2.5 Procedure for Revolving Loan Borrowing. The Borrower may borrow up to the Available Revolving Commitments under the Revolving Commitments during the Revolving Commitment Period on any Business Day; provided that the Borrower shall give the Administrative Agent an irrevocable Notice of Borrowing (which, other than with respect to borrowings on the Restatement Date (which must be delivered to the Administrative Agent prior to 10:00 A.M., Pacific time, one Business Day prior to the anticipated Restatement Date), must be received by the Administrative Agent prior to 10:00 A.M., Pacific time, (a) three U.S. Government Securities Business Days prior to the requested Borrowing Date, in the case of SOFR Loans, or (b) on the requested Borrowing Date, in the case of ABR Loans), in each such case specifying (i) the amount and Type of

Revolving Loans to be borrowed, (ii) the requested Borrowing Date, (iii) in the case of SOFR Loans, the respective amounts of each such Type of Loan and the respective lengths of the initial Interest Period therefor, and (iv) instructions for remittance of the proceeds of the applicable Loans to be borrowed. Each borrowing of, conversion to or continuation of SOFR Loans shall be in a principal amount of
$5,000,000 or a whole multiple of $1,000,000 in excess thereof (or, if the then aggregate Available Revolving Commitments are less than $1,000,000, such lesser amount); provided further that any such Notice of Borrowing with respect to borrowings of Revolving Loans on the Restatement Date may be conditioned on the occurrence of the Restatement Date. Except as provided in Sections 3.5(b) and 2.7(b), each borrowing of or conversion to ABR Loans shall be in a principal amount of $500,000 or a whole multiple of $100,000 in excess thereof (or, if the then aggregate Available Revolving Commitments are less than $500,000, such lesser amount). Upon receipt of any such Notice of Borrowing from the Borrower, the Administrative Agent shall promptly notify each Revolving Lender thereof. Each Revolving Lender will make the amount of its pro rata share of each such borrowing available to the Administrative Agent for the account of the Borrower at the Revolving Loan Funding Office prior to 12:00 P.M., Pacific time, on the Borrowing Date requested by the Borrower in funds immediately available to the Administrative Agent. Such borrowing will then be made available to the Borrower by the Administrative Agent crediting such account as is designated in writing to the Administrative Agent by the Borrower with the aggregate of the amounts made available to the Administrative Agent by the Revolving Lenders and in like funds as received by the Administrative Agent.

2.6 Swingline Commitment. Subject to the terms and conditions hereof, the Swingline Lender agrees to make available a portion of the credit accommodations otherwise available to the Borrower under the Revolving Commitments from time to time during the Revolving Commitment Period by making swing line loans (each a "***Swingline Loan***" and, collectively, the "***Swingline Loans***") to the Borrower; provided that (a) the aggregate principal amount of Swingline Loans outstanding at any time shall not exceed the Swingline Commitment then in effect, (b) the Borrower shall not request, and the Swingline Lender shall not make, any Swingline Loan if, after giving effect to the making of such Swingline Loan, the aggregate amount of the Available Revolving Commitments would be less than zero, and (c) the Borrower shall not use the proceeds of any Swingline Loan to refinance any then outstanding Swingline Loan. During the Revolving Commitment Period, the Borrower may use the Swingline Commitment by borrowing, repaying and reborrowing, all in accordance with the terms and conditions hereof. Swingline Loans shall be ABR Loans only and shall be made only in Dollars. To the extent not otherwise required by the terms hereof to be repaid prior thereto, the Borrower shall repay to the Swingline Lender the then unpaid principal amount of each Swingline Loan on the Revolving Termination Date.

2.7 Procedure for Swingline Borrowing; Refunding of Swingline Loans.

(a) Whenever the Borrower desires that the Swingline Lender make Swingline Loans the Borrower shall give the Swingline Lender irrevocable telephonic notice (which telephonic notice must be received by the Swingline Lender not later than 12:00 P.M., Pacific time, on the proposed Borrowing Date) confirmed promptly in writing by a Notice of Borrowing, specifying (i) the amount to be borrowed, (ii) the requested Borrowing Date (which shall be a Business Day during the Revolving Commitment Period), and (iii) instructions for the remittance of the proceeds of such Loan. Each borrowing under the Swingline Commitment shall be made in whole multiples of $1,000,000. Promptly thereafter, on the Borrowing Date specified in a notice in respect of Swingline Loans, the Swingline Lender shall make available to the Borrower an amount in immediately available funds equal to the amount of the Swingline Loan to be made by depositing such amount in the account designated in writing to the Administrative Agent by the Borrower. Unless a Swingline Loan is sooner refinanced by the advance of a Revolving Loan pursuant to Section 2.7(b), such Swingline Loan shall be repaid by the

Borrower no later than five (5) Business Days after the advance of such Swingline Loan.

(b) The Swingline Lender, at any time and from time to time in its sole and absolute discretion, may, on behalf of the Borrower (which hereby irrevocably directs the Swingline Lender to act on its behalf), on one Business Day's telephonic notice given by the Swingline Lender no later than 12:00 P.M., Pacific time, and promptly confirmed in writing, request each Revolving Lender to make, and each Revolving Lender hereby agrees to make, a Revolving Loan, in an amount equal to such Revolving Lender's Revolving Percentage of the aggregate amount of such Swingline Loan (each a "***Refunded Swingline Loan***") outstanding on the date of such notice, to repay the Swingline Lender. Each Revolving Lender shall make the amount of such Revolving Loan available to the Administrative Agent at the Revolving Loan Funding Office in immediately available funds, not later than 10:00 A.M., Pacific time, one Business Day after the date of such notice. The proceeds of such Revolving Loan shall immediately be made available by the Administrative Agent to the Swingline Lender for application by the Swingline Lender to the repayment of the Refunded Swingline Loan. The Borrower irrevocably authorizes the Swingline Lender to charge the Borrower's accounts with the Administrative Agent (up to the amount available in each such account) immediately to pay the amount of any Refunded Swingline Loan to the extent amounts received from the Revolving Lenders are not sufficient to repay in full such Refunded Swingline Loan.

(c) If prior to the time that the Borrower has repaid the Swingline Loans pursuant to Section 2.7(a) or a Revolving Loan has been made pursuant to Section 2.7(b), one of the events described in Section 8.1(f) shall have occurred or if for any other reason, as determined by the Swingline Lender in its reasonable discretion, Revolving Loans may not be made as contemplated by Section 2.7(b), each Revolving Lender shall, on the date such Revolving Loan was to have been made pursuant to the notice referred to in Section 2.7(b) or on the date requested by the Swingline Lender (with at least one Business Day's notice to the Revolving Lenders), purchase for cash an undivided participating interest in the then outstanding Swingline Loans by paying to the Swingline Lender an amount (the "***Swingline Participation Amount***") equal to (i) such Revolving Lender's Revolving Percentage times (ii) the aggregate principal amount of the outstanding Swingline Loans that were to have been repaid with such Revolving Loans.

(d) Whenever, at any time after the Swingline Lender has received from any Revolving Lender such Lender's Swingline Participation Amount, the Swingline Lender receives any payment on account of the Swingline Loans, the Swingline Lender will distribute to such Lender its Swingline Participation Amount (appropriately adjusted, in the case of interest payments, to reflect the period of time during which such Lender's participating interest was outstanding and funded and, in the case of principal and interest payments, to reflect such Lender's pro rata portion of such payment if such payment is not sufficient to pay the principal of and interest on all Swingline Loans then due); provided that in the event that such payment received by the Swingline Lender is required to be returned, such Revolving Lender will return to the Swingline Lender any portion thereof previously distributed to it by the Swingline Lender.

(e) Each Revolving Lender's obligation to make the Loans referred to in Section 2.7(b) and to purchase participating interests pursuant to Section 2.7(c) shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such Revolving Lender or the Borrower may have against the Swingline Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower, any other Loan Party or any other Revolving Lender, or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of

the foregoing.

(f) The Swingline Lender may resign at any time by giving 30 days' prior notice to the Administrative Agent, the Lenders, and the Borrower. After the resignation of the Swingline Lender hereunder, (i) the retiring Swingline Lender shall remain a party hereto and shall continue to have all the rights and obligations of the Swingline Lender under this Agreement and the other Loan Documents with respect to Swingline Loans made by it prior to such resignation, but shall not be required to make any additional Swingline Loans, and (ii) another Lender may be appointed as the new Swingline Lender hereunder so long as (A) each of the Borrower and the Administrative Agent agree in writing and in their reasonable discretion to such appointment and (B) the Borrower, the Administrative Agent and the applicable Lenders execute and deliver any such Swingline Loan Note and amendments to the Loan Documents as are reasonably deemed necessary by the Administrative Agent to give effect to such appointment.

2.8 Fees.

(a) Commitment Fee. As additional compensation for the Total Revolving Commitments, the Borrower shall pay to the Administrative Agent for the account of the Lenders, a fee for the Borrower's non-use of available funds under the Revolving Facility (the "***Commitment Fee***"), payable quarterly in arrears on the first Business Day of each calendar quarter occurring prior to the Revolving Termination Date, and on the Revolving Termination Date, in an amount equal to the Commitment Fee Rate multiplied by the average unused portion of the Total Revolving Commitments, as reasonably determined by the Administrative Agent. The average unused portion of the Total Revolving Commitments measured as of any date and for any period ending on such date (the "***Average Unused Total Revolving Commitments***" as of such date and for such period), for purposes of this calculation, shall equal the difference between (i) the Total Revolving Commitments as of such date (as the same shall be reduced from time to time pursuant to Section 2.9), and (ii) the sum of (A) the average for such period of the daily closing balance of the Revolving Loans outstanding, (B) the aggregate undrawn amount of all Letters of Credit outstanding as of such date, and (C) the aggregate amount of all L/C Disbursements that have not yet been reimbursed or converted into Revolving Loans as of such date. For the avoidance of doubt, the amount of any Swingline Loans at any time outstanding during such period shall not be counted towards or considered usage of the Total Revolving Commitments for purposes of determining the Commitment Fee.

(b) Fee Letter Fees. The Borrower agrees to pay to the Administrative Agent and each Lender and/or their respective Affiliates, as applicable, the fees in the amounts and on the dates specified in the Fee Letters, and to perform any other obligations contained therein.

(c) Fees Nonrefundable. All fees payable under this Section 2.8 shall be fully earned on the date paid and nonrefundable.

2.9 Termination or Reduction of Total Revolving Commitments; Total L/C Commitments.

(a) Termination or Reduction of Total Revolving Commitments. The Borrower shall have the right, upon not less than three Business Days' written notice delivered to the Administrative Agent, to terminate the Total Revolving Commitments or from time to time to reduce the amount of the Total Revolving Commitments; provided that no such termination or reduction shall be permitted if, after giving effect thereto and to any prepayments of the Revolving Loans and Swingline Loans to be made on the effective date thereof the amount of the Total Revolving Extensions of Credit then outstanding would exceed the Total Revolving Commitments then in effect. Any such reduction

shall be in an amount equal to $5,000,000, or a whole multiple of $1,000,000 in excess thereof (or if less, not less than an amount equal to the remaining outstanding Total Revolving Extensions of Credit), and shall reduce permanently the Total Revolving Commitments then in effect; provided that, if in connection with any such reduction or termination of the Total Revolving Commitments a SOFR Loan is prepaid on any day other than the last day of the Interest Period applicable thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.19. Any reduction of the Total Revolving Commitments shall be applied to the Revolving Commitments of each Lender according to its respective Revolving Percentage. All fees accrued until the effective date of any termination of the Total Revolving Commitments shall be paid on the effective date of such termination.

(b) Termination or Reduction of Total L/C Commitments. The Borrower shall have the right, upon not less than three Business Days' written notice delivered to the Administrative Agent, to terminate the Total L/C Commitments available to the Borrower or, from time to time, to reduce the amount of the Total L/C Commitments available to the Borrower; provided that, in any such case, no such termination or reduction of the Total L/C Commitments shall be permitted if, after giving effect thereto, the Total L/C Commitments shall be reduced to an amount that would result in the aggregate L/C Exposure exceeding the Total L/C Commitments (as so reduced). Any such reduction shall be in an amount equal to $5,000,000, or a whole multiple of $1,000,000 in excess thereof, and shall reduce permanently the Total L/C Commitments then in effect. Any reduction of the Total L/C Commitments shall be applied to the L/C Commitments of each Lender according to its respective L/C Percentage. All fees accrued until the effective date of any termination of the Total L/C Commitments shall be paid on the effective date of such termination.

2.10 Loan Prepayments.

(a) Optional Prepayments Generally. The Borrower may at any time and from time to time prepay the Loans, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Administrative Agent no later than 10:00 A.M., Pacific time, three Business Days prior thereto, in the case of SOFR Loans, and no later than 10:00 A.M., Pacific time, one Business Day prior thereto, in the case of ABR Loans, which notice shall specify the date and amount of the proposed prepayment; provided that if a SOFR Loan is prepaid on any day other than the last day of the Interest Period applicable thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.19; provided further that if such notice of prepayment indicates that such prepayment is to be funded with the proceeds of a refinancing or in connection with the consummation of a specified transaction, such notice of prepayment may be revoked if the financing or specified transaction is not consummated. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof. If any such notice is given and not revoked, the amount specified in such notice shall be due and payable on the date specified therein, together with (except in the case of Revolving Loans that are ABR Loans and Swingline Loans) accrued interest to such date on the amount prepaid. Partial prepayments of Term Loans and Revolving Loans shall be in an aggregate principal amount of $5,000,000 or a whole multiple of $1,000,000 in excess thereof. Partial prepayments of Swingline Loans shall be in an aggregate principal amount of $100,000 or a whole multiple thereof. Prepayments of the Term Loans made pursuant to this Section 2.10(a) shall be applied to the prepayment of installments due in respect of the Term Loans in reverse order of maturity and in accordance with Section 2.3 and 2.16(b).

(b) Revolving Excess. If for any reason Total Revolving Extensions of Credit at any time exceed the Total Revolving Commitments then in effect (a "***Revolving Excess***"), the Borrower shall promptly prepay Revolving Loans and Swingline Loans and/or Cash Collateralize the L/C Exposure of the Issuing Lenders in an aggregate amount equal to such Revolving Excess; provided that the Borrower shall not be required to Cash Collateralize the L/C Exposure of the Issuing Lenders pursuant to this

Section 2.10(b) unless after the prepayment in full of the Revolving Loans and Swingline Loans such Total Revolving Extensions of Credit exceed the Total Revolving Commitments then in effect.

(c) Dispositions. If the Borrower or any of its Subsidiaries makes any Disposition or series of related Dispositions pursuant to Section 7.5(l), which results in the realization or receipt by any Group Member of Net Cash Proceeds in an aggregate amount for all such transactions in excess of
$5,000,000 in any fiscal year, then (x) the Borrower shall promptly, and in any event not later than five
(5) Business Days after receipt of such Net Cash Proceeds, notify the Administrative Agent of such Disposition (including the amount of Net Cash Proceeds to be received thereof) and (y) promptly upon receipt by such Group Member of such Net Cash Proceeds of such Disposition, the Borrower shall apply an aggregate amount equal to 100% (such percentage as it may be reduced as described below, the "***Disposition Percentage***") of the amount of all such Net Cash Proceeds (in the amount of such excess) less any amount that such Group Member plans to reinvest as permitted pursuant to the subsequent sentence to prepay (A) until the Terms Loans have been repaid in full, the Term Loans and (B) thereafter, the Revolving Loans (without any reduction in related Revolving Commitments). With respect to any Net Cash Proceeds received with respect to any such Disposition, at the option of the Borrower, upon notice to the Administrative Agent, any Group Member may reinvest all or any portion of such Net Cash Proceeds in assets used or useful for its business within eighteen (18) months following receipt of such Net Cash Proceeds (or twenty-four (24) months following the receipt thereof if the Borrower enters into a legally binding commitment to invest such Net Cash Proceeds within eighteen (18) months after the receipt thereof); provided that, if any Net Cash Proceeds (i) are no longer intended to be or cannot be so reinvested at any time after delivery of a notice of reinvestment election, an amount equal to any such Net Cash Proceeds shall be applied within five (5) Business Days after the Borrower reasonably determines that such Net Cash Proceeds are no longer intended to be or cannot be so reinvested to the prepayment of (A) until the Terms Loans have been repaid in full, the Term Loans and (B) thereafter, the Revolving Loans (without any reduction in related Revolving Commitments) and (ii) are received by a Loan Party or Enterasys in respect of a Disposition of Collateral, if a reinvestment election is made, such Net Cash Proceeds must be reinvested in assets constituting Collateral owned by a Loan Party or Enterasys, as applicable; provided, further, that (x) the Disposition Percentage shall be 50% if the Consolidated Leverage Ratio for the period covered by the most recent financial statements delivered pursuant to Section 6.1(a) or (b) was less than or equal to 2.00:1.00 and greater than 1.50:1.00 and (y) the Disposition Percentage shall be 0% if the Consolidated Leverage Ratio for the period covered by the most recent financial statements delivered pursuant to Section 6.1(a) or (b) was less than or equal to 1.50:1.00. Prepayments of Term Loans under this Section 2.10(c) shall be applied to the remaining scheduled installments of principal thereof in reverse order of maturity and in accordance with Section 2.16(b).

(d) Limitations on Repatriation. Notwithstanding any other provisions of this Section 2.10, (i) to the extent that any or all of the Net Cash Proceeds of any Disposition by a Foreign Subsidiary giving rise to a prepayment event pursuant to Section 2.10(c) (a "***Foreign Disposition***") are prohibited, delayed or restricted by (I) applicable local law or (II) the material constituent documents of any Subsidiary, in any case, from being repatriated to the Borrower, an amount equal to the portion of such Net Cash Proceeds so affected will not be required to be applied to repay Term Loans at the times provided in Section 2.10(c) but may be retained by the applicable Subsidiary so long, but only so long, as
(x) the applicable local law will not permit repatriation to the Borrower (the Borrower hereby agreeing to use commercially reasonable efforts to cause the applicable Subsidiary to promptly take all actions reasonably required by the applicable local law to permit such repatriation) or (y) the material constituent documents of the applicable Subsidiary (including as a result of minority ownership) will not permit repatriation to the Borrower, and once such repatriation of any of such affected Net Cash Proceeds is permitted under the applicable local law or applicable material constituent documents, such repatriation will be promptly effected and an amount equal to such repatriated Net Cash Proceeds will be promptly

(and in any event not later than five (5) Business Days after such repatriation) applied (net of additional taxes payable or reserved against pursuant to applicable local law and not, for the avoidance of doubt,
U.S. law, as a result thereof) to the repayment of the Term Loans pursuant to Section 2.10(c) to the extent provided herein and (ii) to the extent that the Borrower has determined in good faith that repatriation of any or all of the Net Cash Proceeds of any Foreign Disposition attributable to Foreign Subsidiaries would have an adverse tax consequence (other than a *de minimis* amount) (as determined in good faith by the Borrower) with respect to such Net Cash Proceeds, the Net Cash Proceeds so affected will not be required to be applied to repay Term Loans at the times provided in Section 2.10(c) but may be retained by the applicable Foreign Subsidiary until such time as it may repatriate such amount without incurring such adverse tax consequences (at which time the Borrower shall make a payment to repay the Term Loans to the extent provided herein).

2.11 Conversion and Continuation Options; Inability to Determine Rates.

(a) The Borrower may elect from time to time to convert SOFR Loans to ABR Loans by giving the Administrative Agent prior irrevocable notice in a Notice of Conversion/Continuation of such election no later than 10:00 A.M., Pacific time, on the Business Day preceding the proposed conversion date; provided that any such conversion of SOFR Loans may only be made on the last day of an Interest Period with respect thereto. Subject to clause(c) below and Section 2.15, the Borrower may elect from time to time to convert ABR Loans to SOFR Loans by giving the Administrative Agent prior irrevocable notice in a Notice of Conversion/Continuation of such election no later than 10:00 A.M., Pacific time, on the third Business Day preceding the proposed conversion date (which notice shall specify the length of the initial Interest Period therefor); provided that no ABR Loan may be converted into SOFR Loans when any Event of Default has occurred and is continuing. Upon receipt of any such notice, the Administrative Agent shall promptly notify each relevant Lender thereof.

(b) Subject to clause(c) below and Section 2.15, any SOFR Loans may be continued as such upon the expiration of the then current Interest Period with respect thereto by the Borrower giving irrevocable notice in a Notice of Conversion/Continuation to the Administrative Agent by no later than 10:00 A.M., Pacific time, on the date occurring three Business Days preceding the proposed continuation date and otherwise in accordance with the applicable provisions of the term "Interest Period" set forth in Section 1.1, of the length of the next Interest Period to be applicable to such Loans; provided that no SOFR Loans may be continued as such when any Event of Default has occurred and is continuing; provided further that if the Borrower shall fail to give any required notice as described above in this paragraph or if such continuation is not permitted pursuant to the preceding proviso, such Loans shall automatically be converted to ABR Loans on the last day of such then expiring Interest Period. Upon receipt of any such notice the Administrative Agent shall promptly notify each relevant Lender thereof.

(c) Subject to Section 2.15, if, on or prior to the first day of any Interest Period for any SOFR Loan, the Administrative Agent determines (which determination shall be conclusive and binding absent manifest error) that "Adjusted Term SOFR" cannot be determined pursuant to the definition thereof, the Administrative Agent will promptly so notify the Borrower and each Lender. Upon notice thereof by the Administrative Agent to the Borrower, any obligation of the Lenders to make SOFR Loans, and any right of the Borrower to continue SOFR Loans or to convert ABR Loans to SOFR Loans, shall be suspended (to the extent of the affected SOFR Loans or affected Interest Periods) until the Administrative Agent revokes such notice. Upon receipt of such notice, (i) the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Loans (to the extent of the affected SOFR Loans or affected Interest Periods) or, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to ABR Loans in the

amount specified therein and (ii) any outstanding affected SOFR Loans will be deemed to have been converted into ABR Loans at the end of the applicable Interest Period. Upon any such conversion, the Borrower shall also pay accrued interest on the amount so converted. Subject to Section 2.15, if the Administrative Agent determines (which determination shall be conclusive and binding absent manifest error) that "Adjusted Term SOFR" cannot be determined pursuant to the definition thereof on any given day, the interest rate on ABR Loans shall be determined by the Administrative Agent without reference to clause (c) of the definition of "ABR" until the Administrative Agent revokes such determination.

2.12 Limitations on Term SOFR Tranches. Notwithstanding anything to the contrary in this Agreement, all borrowings, conversions and continuations of SOFR Loans and all selections of Interest Periods shall be in such amounts and be made pursuant to such elections so that, (a) after giving effect thereto, the aggregate principal amount of the SOFR Loans comprising each Term SOFR Tranche shall be equal to $1,000,000 or a whole multiple of $100,000 in excess thereof, and (b) no more than seven Term SOFR Tranches shall be outstanding at any one time.

2.13 Interest Rates and Payment Dates.

(a) Each SOFR Loan shall bear interest for each day during each Interest Period with respect thereto at a rate per annum equal to (i) Adjusted Term SOFR determined for such day plus
(ii) the Applicable Margin.

(b) Each ABR Loan (including any Swingline Loan) shall bear interest at a rate per annum equal to (i) the ABR plus (ii) the Applicable Margin.

(c) During the continuance of an Event of Default arising under Section 8.1(a) (solely with respect to the failure to pay when due of any amount of principal, interest or premium on any Loan, or any amount of fees under any Loan Document) or Section 8.1(f), in each case, automatically and without further action by the Administrative Agent or any Lender, the relevant overdue Obligations shall bear interest at a rate per annum equal to (a) with respect to the outstanding principal amount of any Loan not paid when due, the rate that would otherwise be applicable to such Loan pursuant to Section 2.13(a) or 2.13(b), *plus* 2.00% per annum, and (b) with respect to the outstanding amount of interest on any Loan not paid when due, the rate that would otherwise be applicable to the Loan to which such overdue amount relates pursuant to Section 2.13(a) or 2.13(b), *plus* 2.00% per annum, in each case, to the fullest extent permitted by applicable Requirements of Law (the "***Default Rate***").

(d) Interest on the outstanding principal amount of each Loan shall be payable in arrears on each Interest Payment Date; provided that interest accruing pursuant to Section 2.13(c) shall be payable from time to time on demand.

2.14 Computation of Interest and Fees.

(a) Interest and fees payable pursuant hereto shall be calculated on the basis of a 360-day year for the actual days elapsed, except that, with respect to ABR Loans the rate of interest on which is calculated on the basis of the Prime Rate (or, as applicable, on the basis of Adjusted Term SOFR), the interest thereon shall be calculated on the basis of a 365- (or 366-, as the case may be) day year for the actual days elapsed. The Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders of each determination of Adjusted Term SOFR (and, as applicable, of the determination of Adjusted Term SOFR applicable to such ABR Loan). Any change in the interest rate on a Loan resulting from a change in the ABR shall become effective as of the opening of business on the day on which such change becomes effective. The Administrative Agent shall as soon as practicable notify the Borrower and the relevant Lenders of the effective date and the amount of each

such change in interest rate.

(b) Each determination of an interest rate by the Administrative Agent pursuant to any provision of this Agreement shall be conclusive and binding on the Borrower and the Lenders in the absence of manifest error. The Administrative Agent shall, at the request of the Borrower, deliver to the Borrower a statement showing the quotations used by the Administrative Agent in determining any interest rate pursuant to Section 2.14(a).

2.15 Benchmark Replacement Setting.

(a) Benchmark Replacement. Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent and the Borrower may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. No replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 2.15(a) will occur prior to the applicable Benchmark Transition Start Date.

(b) Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right, in consultation with the Borrower, to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(c) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (i) the implementation of any Benchmark Replacement and (ii) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will notify the Borrower of (x) the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.15(d) and (y) the commencement of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.15, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.15.

(d) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if the then-current Benchmark is a term rate (including the Term SOFR Reference Rate) and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for any Benchmark settings at or

after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(e) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, the Borrower may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Loans to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to ABR Loans. During a Benchmark Unavailability Period or at any time that a tenor for the then-current Benchmark is not an Available Tenor, the component of ABR based upon the then-current Benchmark or such tenor for such Benchmark, as applicable, will not be used in any determination of ABR.

2.16 Pro Rata Treatment and Payments.

(a) Each borrowing by the Borrower from the Lenders hereunder, each payment by the Borrower on account of any commitment fee and any reduction of the Commitments shall be made pro rata according to the respective Term Percentages, L/C Percentages or Revolving Percentages, as the case may be, of the relevant Lenders.

(b) Except as otherwise provided herein, each payment (including each prepayment) by the Borrower on account of principal of and interest on the Term Loans shall be made pro rata according to the respective outstanding principal amounts of the Term Loans then held by the Term Lenders. The amount of each principal prepayment of the Term Loans shall be applied to reduce the then remaining installments of the Term Loans pro rata based upon the respective then remaining principal amounts thereof. Any prepayment of Loans shall be applied to the then outstanding Term Loans on a pro rata basis regardless of type. Amounts prepaid on account of the Term Loans may not be reborrowed.

(c) Each payment (including each prepayment) by the Borrower on account of principal of and interest on the Revolving Loans shall be made pro rata according to the respective outstanding principal amounts of the Revolving Loans then held by the Revolving Lenders.

(d) All payments (including prepayments) to be made by the Borrower hereunder, whether on account of principal, interest, fees or otherwise, shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff and shall be made prior to 10:00 A.M., Pacific time, on the due date thereof to the Administrative Agent, for the account of the Lenders, at the applicable Funding Office, in Dollars and in immediately available funds. The Administrative Agent shall distribute such payments to the Lenders promptly upon receipt in like funds as received. Any payment received by the Administrative Agent after 10:00 A.M. shall be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue. If any payment hereunder (other than payments on the SOFR Loans) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. If any payment on an SOFR Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two

sentences, interest thereon shall be payable at the then applicable rate during such extension.

(e) Unless the Administrative Agent shall have been notified in writing by any Lender prior to the date of any borrowing that such Lender will not make the amount that would constitute its share of such borrowing available to the Administrative Agent, the Administrative Agent may assume that such Lender is making such amount available to the Administrative Agent on such date in accordance with Section 2, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. If such amount is not in fact made available to the Administrative Agent by the required time on the Borrowing Date therefor, such Lender and the Borrower severally agree to pay to the Administrative Agent, on demand, such corresponding amount with interest thereon, for each day from and including the date on which such amount is made available to the Borrower but excluding the date of payment to the Administrative Agent, at (i) in the case of a payment to be made by such Lender, a rate equal to the greater of (A) the Federal Funds Effective Rate, and (B) a rate reasonably determined by the Administrative Agent in accordance with banking industry rules on interbank compensation, and (ii) in the case of a payment to be made by the Borrower, the rate per annum applicable to ABR Loans under the relevant Facility. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender pays its share of the applicable borrowing to the Administrative Agent, then the amount so paid shall constitute such Lender's Loan included in such borrowing. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(f) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders or the Issuing Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower is making such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the Lenders or the applicable Issuing Lender, as the case may be, the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders or the applicable Issuing Lender, as the case may be, severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender or such Issuing Lender, with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. Nothing herein shall be deemed to limit the rights of Administrative Agent or any Lender against any Loan Party.

(g) If any Lender makes available to the Administrative Agent funds for any Loan to be made by such Lender as provided in the foregoing provisions of this Section 2, and such funds are not made available to the Borrower by the Administrative Agent because the conditions to the applicable extension of credit set forth in Section 5.1 or Section 5.2 are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall return such funds (in like funds as received from such Lender) to such Lender, without interest.

(h) The obligations of the Lenders hereunder to (i) make Term Loans, (ii) make Revolving Loans, (iii) to fund its participations in L/C Disbursements in accordance with its respective L/C Percentage, (iv) to fund its respective Swingline Participation Amount of any Swingline Loan, and
(v) to make payments pursuant to Section 9.7, as applicable, are several and not joint. The failure of any Lender to make any such Loan, to fund any such participation or to make any such payment under Section 9.7 on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to

so make its Loan, to purchase its participation or to make its payment under Section 9.7.

(i) Nothing herein shall be deemed to obligate any Lender to obtain the funds for any Loan in any particular place or manner or to constitute a representation by any Lender that it has obtained or will obtain the funds for any Loan in any particular place or manner.

(j) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, interest and fees then due hereunder, such funds shall be applied (i) first, toward payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and
(ii)second, toward payment of principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(k) If any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the principal of or interest on any Loan made by it, its participation in the L/C Exposure or other obligations hereunder, as applicable (other than pursuant to a provision hereof providing for non-pro rata treatment), in excess of its Term Percentage, Revolving Percentage or L/C Percentage, as applicable, of such payment on account of the Loans or participations obtained by all of the Lenders, such Lender shall forthwith advise the Administrative Agent of the receipt of such payment, and within five Business Days of such receipt purchase (for cash at face value) from the other Term Lenders, Revolving Lenders or L/C Lenders, as applicable (through the Administrative Agent), without recourse, such participations in the Term Loans or Revolving Loans made by them and/or participations in the L/C Exposure held by them, as applicable, or make such other adjustments as shall be equitable, as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of the other Lenders in accordance with their respective Term Percentages, Revolving Percentages or L/C Percentages, as applicable; provided, however, that if all or any portion of such excess payment is thereafter recovered by or on behalf of the Borrower from such purchasing Lender, the purchase shall be rescinded and the purchase price restored to the extent of such recovery, but without interest. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.16(k) may exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. No documentation other than notices and the like referred to in this Section 2.16(k) shall be required to implement the terms of this Section 2.16(k). The Administrative Agent shall keep records (which shall be conclusive and binding in the absence of manifest error) of participations purchased pursuant to this Section 2.16(k) and shall in each case notify the Term Lenders, the Revolving Lenders or the L/C Lenders, as applicable, following any such purchase. The provisions of this Section 2.16(k) shall not be construed to apply to (i) any payment made by or on behalf of the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from the existence of a Defaulting Lender), (ii) the application of Cash Collateral provided for in Section 3.10, or (iii) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or sub-participations in any L/C Exposure to any assignee or participant, other than an assignment to the Borrower or any Subsidiary thereof (as to which the provisions of this Section shall apply unless such assignment is consented to by the Required Lenders). The Borrower consents on behalf of itself and each other Loan Party to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against each Loan Party rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of each Loan Party in the amount of such participation. For the avoidance of doubt, no amounts received by the Administrative Agent or any Lender from any Guarantor that is not a Qualified ECP Guarantor shall be applied in partial or complete satisfaction of any Excluded Swap Obligations.

(l) Notwithstanding anything to the contrary in this Agreement, the Administrative Agent may, in its discretion at any time or from time to time, without the Borrower's request and even if

the conditions set forth in Section 5.2 would not be satisfied, make a Revolving Loan in an amount equal to the portion of the Obligations constituting overdue interest and fees and Swingline Loans from time to time due and payable to itself, any Revolving Lender, the Swingline Lender or any Issuing Lender, and apply the proceeds of any such Revolving Loan to those Obligations; provided that after giving effect to any such Revolving Loan, the aggregate outstanding Revolving Loans will not exceed the Total Revolving Commitments then in effect.

2.17 Illegality; Requirements of Law.

(a) Illegality. If any Lender determines that any Requirement of Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for such Lender to make, maintain or fund Loans whose interest is determined by reference to SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, or to determine or charge interest based upon SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, then, upon notice thereof by such Lender to the Borrower through the Administrative Agent (an "***Illegality Notice***"), (i) any obligation of such Lender to make or continue SOFR Loans or to convert ABR Loans to SOFR Loans shall be suspended; provided that such Lender shall make and continue ABR Loans in a manner consistent with the terms hereof, and (ii) if such Illegality Notice asserts the illegality of such Lender making or maintaining ABR Loans the interest rate on which is determined by reference to clause (c) of the definition of "ABR", the interest on such ABR Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to clause (c) of the definition of "ABR", in each case, until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist. Upon receipt of such Illegality Notice,
(x) the Borrower shall, if necessary to avoid such illegality, upon demand from such Lender (with a copy
to the Administrative Agent), prepay or, if applicable, convert all SOFR Loans of such Lender to ABR Loans (the interest rate on which ABR Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to clause (c) of the definition of "ABR"), either on the last day of the Interest Period therefor, if such Lender may lawfully continue to maintain such SOFR Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such SOFR Loans to such day, and (y) if such Illegality Notice asserts the illegality of such Lender determining or charging interest based upon SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR, the Administrative Agent shall, during the period of such suspension, compute the ABR applicable to such Lender without reference to clause (c) of the definition of "ABR", in each case until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon SOFR, the Term SOFR Reference Rate, Adjusted Term SOFR or Term SOFR. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted.

(b) Requirements of Law. If the adoption of or any change in any Requirement of Law or in the administration, interpretation, implementation or application thereof by a Governmental Authority having jurisdiction or the making or issuance of any request, rule, guidance or directive (whether or not having the force of law) by any Governmental Authority made subsequent to the date hereof:

(i) shall subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes
described in clauses (b) through (d) of the definition of Excluded Taxes and
(C) Connection Income Taxes) on its Loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;

(ii) shall impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of or credit extended or participated in by, any Lender (except any reserve requirement reflected in Adjusted Term SOFR); or

(iii) impose on any Lender any other condition, cost or expense (other than Taxes) affecting this Agreement or Loans made by such Lender or any Letter of Credit or participation therein;

and the result of any of the foregoing is to increase the cost to such Lender or such other Recipient of making, converting to, continuing or maintaining Loans determined with reference to Adjusted Term SOFR or of maintaining its obligation to make such Loans, or to increase the cost to such Lender or such other Recipient of issuing, maintaining or participating in Letters of Credit (or of maintaining its obligation to participate in or to issue any Letter of Credit), or to reduce any amount receivable or received by such Lender or other Recipient hereunder in respect thereof (whether in respect of principal, interest or any other amount), then, in any such case, upon the request of such Lender or other Recipient (which request shall include an explanation of the basis for such request), the Borrower shall promptly pay such Lender or other Recipient, as the case may be, any additional amounts necessary to compensate such Lender or other Recipient, as the case may be, for such increased cost or reduced amount receivable. If any Lender becomes entitled to claim any additional amounts pursuant to this paragraph, it shall promptly notify the Borrower (with a copy to the Administrative Agent) of the event by reason of which it has become so entitled.

(c) If any Lender determines that any change in any Requirement of Law affecting such Lender or any lending office of such Lender or such Lender's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's capital or on the capital of such Lender's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender or the Loans made by, or participations in Letters of Credit or Swingline Loans held by, such Lender, or the Letters of Credit issued by any Issuing Lender, to a level below that which such Lender or such Lender's holding company could have achieved but for such change in such Requirement of Law (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital adequacy and liquidity), then from time to time, upon the request of such Lender (which request shall include an explanation of the basis for such request) the Borrower will pay to such Lender or such Issuing Lender, as the case may be, such additional amount or amounts as will compensate such Lender or such Issuing Lender or such Lender's or such Issuing Lender's holding company for any such reduction suffered.

(d) For purposes of this Agreement, (i) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines, or directives in connection therewith are deemed to have gone into effect and been adopted after the date of this Agreement, and (ii) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a change in any Requirement of Law, regardless of the date enacted, adopted or issued.

(e) A reasonably detailed written certificate as to any additional amounts payable pursuant to paragraphs (b), (c), or (d) of this Section submitted by any Lender to the Borrower (with a copy to the Administrative Agent) shall be conclusive in the absence of manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within 10 days after receipt of such certificate. Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's right to demand such compensation.

Notwithstanding anything to the contrary in this Section 2.17, the Borrower shall not be required to compensate a Lender pursuant to this Section 2.17 for any amounts incurred more than nine months prior to the date that such Lender notifies the Borrower of the change in the Requirement of Law giving rise to such increased costs and reductions, and of such Lender's intention to claim compensation therefor; provided that if the circumstances giving rise to such claim have a retroactive effect, then such nine-month period shall be extended to include the period of such retroactive effect. The obligations of the Borrower arising pursuant to this Section 2.17 shall survive the Discharge of Obligations and the resignation of the Administrative Agent.

2.18 Taxes. For purposes of this Section 2.18, the term "Lender" includes each Issuing Lender and the term "applicable law" includes FATCA.

(a) Payments Free of Taxes. Any and all payments by or on account of any obligation of any Loan Party under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by applicable law and the Borrower shall, and shall cause each other Loan Party, to comply with the requirements set forth in this Section 2.18. If any applicable law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with applicable law and, if such Tax is an Indemnified Tax, then the sum payable by the applicable Loan Party shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(b) Payment of Other Taxes. The Borrower shall, and shall cause each other Loan Party to, timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes applicable to such Loan Party.

(c) Evidence of Payments. As soon as practicable after any payment of Taxes by any Loan Party to a Governmental Authority pursuant to this Section 2.18, the Borrower shall, or shall cause such other Loan Party to, deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(d) Indemnification by Loan Parties. The Borrower shall, and shall cause each other Loan Party to, jointly and severally indemnify each Recipient, within 10 days after demand therefor, (which demand shall include an explanation of the basis for such demand) for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.18) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto (including any recording and filing fees with respect thereto or resulting therefrom and any liabilities with respect to, or resulting from, any delay in paying such Indemnified Taxes), whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error. For avoidance of doubt, if any Loan Party fails to pay any Taxes when due to the appropriate taxing authority or fails to remit to the Administrative Agent the required receipts or other required documentary evidence, such Loan Party shall indemnify the

Administrative Agent and the Lenders for any incremental taxes, interest or penalties that may become payable by the Administrative Agent or any Lender as a result of any such failure.

(e) Indemnification by Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that any Loan Party has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Loan Parties to do so),
(ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 10.6 relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) Status of Lenders.

(i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.18(f)(ii)(A), (ii)(B) and (ii)(D) below) shall not be required if the Lender is not legally entitled to complete, execute or deliver such documentation or, in the Lender's reasonable judgment, such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing, in the event that the Borrower is a U.S. Person,

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), copies of executed originals of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under

any Loan Document, copies of executed originals of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(2) copies of executed originals of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit F-1 to the effect that such Foreign Lender is not a "bank" within the meaning of Section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or a "controlled foreign corporation" described in Section 881(c)(3)(C) of the Code (a "***U.S. Tax Compliance Certificate***") and (y) copies of executed originals of IRS Form W-8BEN or IRS Form W-8BEN-E; or

(4) to the extent a Foreign Lender is not the beneficial owner, copies of executed originals of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN or IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-2 or Exhibit F-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), copies of executed originals of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(iii) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so. Each Foreign Lender shall promptly notify the Borrower at any time it determines that it is no longer in a position to provide any previously delivered certificate to the Borrower (or any other form of certification adopted by the U.S. taxing authorities for such purpose). Notwithstanding any other provision of this paragraph, a

Foreign Lender shall not be required to deliver any form pursuant to this paragraph that such Foreign Lender is not legally able to deliver.

(g) Treatment of Certain Refunds. If any party determines, in its reasonable discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.18 (including by the payment of additional amounts pursuant to this Section 2.18), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (g), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (g) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(h) Survival. Each party's obligations under this Section 2.18 shall survive the resignation or replacement of the Administrative Agent, any assignment of rights by, or the replacement of, a Lender, and the Discharge of Obligations.

2.19 Indemnity. The Borrower agrees to indemnify each Lender for, and to hold each Lender harmless from, any loss or expense that such Lender actually sustains or incurs as a consequence of (a) a default by the Borrower in making a borrowing of, conversion into or continuation of SOFR Loans after the Borrower has given a notice requesting the same in accordance with the provisions of this Agreement, (b) a default by the Borrower in making any prepayment of or conversion from SOFR Loans after the Borrower has given a notice thereof in accordance with the provisions of this Agreement, or
(c) for any reason, the making of a prepayment of SOFR Loans on a day that is not the last day of an Interest Period with respect thereto. Such losses and expenses shall be equal to the excess, if any, of (i) the amount of interest that would have accrued on the amount so prepaid, or not so borrowed, reduced, converted or continued, for the period from the date of such prepayment or of such failure to borrow, reduce, convert or continue to the last day of such Interest Period (or, in the case of a failure to borrow, reduce, convert or continue, the Interest Period that would have commenced on the date of such failure) in each case at the applicable rate of interest or other return for such Loans provided for herein (excluding, however, the Applicable Margin included therein, if any), over (ii) the amount of interest (as reasonably determined by such Lender) that would have accrued to such Lender on such amount by placing such amount on deposit for a comparable period with leading banks in accordance with its customary practices. Notwithstanding the foregoing, no Lender may make any demand under this Section 2.19 with respect to the "Floor" specified in the definition of Adjusted Term SOFR. A certificate

as to any amounts payable pursuant to this Section submitted to the Borrower by any Lender shall be conclusive in the absence of manifest error. This covenant shall survive the Discharge of Obligations.

2.20 Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.17(a), Section 2.17(b), Section 2.17(c), Section 2.18(a), Section 2.18(b) or Section 2.18(d) with respect to such Lender, it will, if requested by the Borrower, use reasonable efforts (subject to overall policy considerations of such Lender) to designate a different lending office for funding or booking its Loans affected by such event or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, in each case, with the object of avoiding the consequences of such event; provided that such designation is made on terms that, in the sole judgment of such Lender, cause such Lender and its lending office(s) to suffer no economic, legal, regulatory or other disadvantage; provided further that nothing in this Section shall affect or postpone any of the obligations of the Borrower or the rights of any Lender pursuant to Section 2.17(a), Section 2.17(b), Section 2.17(c), Section 2.18(a), Section 2.18(b) or Section 2.18(d). The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment made at the request of the Borrower.

2.21 Substitution of Lenders. Upon the receipt by the Borrower of any of the following (or in the case of clause (a) below, if the Borrower is required to pay any such amount), with respect to any Lender (any such Lender described in clauses (a) through (d) below being referred to as an "***Affected Lender***" hereunder):

(a) a request from a Lender for payment of Indemnified Taxes or additional amounts under Section 2.18 or of increased costs pursuant to Section 2.17 (and, in any such case, such Lender has declined or is unable to designate a different lending office in accordance with Section 2.20 or is a Non-Consenting Lender);

(b) a notice from the Administrative Agent under Section 10.1(b) that one or more Minority Lenders are unwilling to agree to an amendment or other modification approved by the Required Lenders and the Administrative Agent;

(c) notice from the Administrative Agent that a Lender is a Defaulting Lender; or

(d) notice from a Lender that a Requirement of Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for such Lender to make, maintain, or fund Loans whose interest is determined with reference to Adjusted Term SOFR (and, in any such case, such Lender has declined or is unable to designate a different lending office in accordance with Section 2.20);

then the Borrower may, at its sole expense and effort, upon notice to the Administrative Agent and such Affected Lender: (i) request that one or more of the other Lenders acquire and assume all or part of such Affected Lender's Loans and Commitments; or (ii) designate a replacement lending institution (which shall be an Eligible Assignee) to acquire and assume all or a ratable part of such Affected Lender's Loans and Commitments (the replacing Lender or lender in (i) or (ii) being a "***Replacement Lender***"); provided, however, that the Borrower shall be liable for the payment upon demand of all costs and other amounts arising under Section 2.19 that result from the acquisition of any Affected Lender's Loan and/or Commitments (or any portion thereof) by a Lender or Replacement Lender, as the case may be, on a date other than the last day of the applicable Interest Period with respect to any SOFR Loans then outstanding. The Affected Lender replaced pursuant to this Section 2.21 shall be required to assign and delegate, without recourse, all of its interests, rights and obligations under this Agreement and the related Loan Documents to one or more Replacement Lenders that so agree to acquire and assume all or a ratable part of such Affected Lender's Loans and Commitments upon payment to

such Affected Lender of an amount (in the aggregate for all Replacement Lenders) equal to 100% of the outstanding principal of the Affected Lender's Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents from such Replacement Lenders (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts, including amounts under Section 2.19 hereof). Any such designation of a Replacement Lender shall be effected in accordance with, and subject to the terms and conditions of, the assignment provisions contained in Section 10.6 (with the assignment fee to be paid by the Borrower in such instance), and, if such Replacement Lender is not already a Lender hereunder or an Affiliate of a Lender or an Approved Fund, shall be subject to the prior written consent of the Administrative Agent (which consent shall not be unreasonably withheld). Notwithstanding the foregoing, with respect to any assignment pursuant to this Section 2.21, (a) in the case of any such assignment resulting from a claim for compensation under Section 2.17 or payments required to be made pursuant to Section 2.18, such assignment shall result in a reduction in such compensation or payments thereafter; (b) such assignment shall not conflict with applicable law and (c) in the case of any assignment resulting from a Lender being a Minority Lender referred to in clause (b) of this Section 2.21, the applicable assignee shall have consented to the applicable amendment, waiver or consent. Notwithstanding the foregoing, an Affected Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Affected Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

2.22 Defaulting Lenders.

(a) Adjustments. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(i) Waivers and Amendments. Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in Section 10.1 and in the definition of Required Lenders.

(ii) Defaulting Lender Waterfall. Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 8 or otherwise, and including any amounts made available to the Administrative Agent by such Defaulting Lender pursuant to Section 10.7), shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second, to the payment on a pro rata basis of any amounts owing by such Defaulting Lender to any Issuing Lender or to the Swingline Lender hereunder; third, to be held as Cash Collateral for the funding obligations of such Defaulting Lender of any participation in any Letter of Credit; fourth, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; fifth, if so determined by the Administrative Agent and the Borrower, to be held in a deposit account and released pro rata in order to (x) satisfy such Defaulting Lender's potential future funding obligations with respect to Loans under this Agreement, and
(y) be held as Cash Collateral for the future funding obligations of such Defaulting Lender of any
participation in any future Letter of Credit; sixth, to the payment of any amounts owing to any L/C Lender, any Issuing Lender or the Swingline Lender as a result of any judgment of a court of competent jurisdiction obtained by any L/C Lender, any Issuing Lender or the Swingline Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; seventh, so long as no Default or Event of Default has occurred and is continuing, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained

by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and eighth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (A) such payment is a payment of the principal amount of any Loans or L/C Advances in respect of which such Defaulting Lender has not fully funded its appropriate share and (B) such Loans or L/C Advances were made at a time when the conditions set forth in Section 5.2 were satisfied or waived, such payment shall be applied solely to pay the Loans of, and L/C Advances owed to, all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or L/C Advances owed to, such Defaulting Lender until such time as all Loans and funded and unfunded participations in L/C Advances and Swingline Loans are held by the Lenders pro rata in accordance with the Commitments under the applicable Facility without giving effect to Section 2.22(a)(iv). Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post Cash Collateral pursuant to this Section 2.22(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) Certain Fees.

(A) No Defaulting Lender shall be entitled to receive any fee pursuant to Section 2.8(a) for any period during which such Lender is a Defaulting Lender (and the Borrower shall not be required to pay any such fee that otherwise would have been required to have been paid to such Defaulting Lender).

(B) Each Defaulting Lender shall be limited in its right to receive Letter of Credit Fees as provided in Section 3.3(d).

(C) With respect to any Letter of Credit Fee not required to be paid to any Defaulting Lender pursuant to clause (B) above, the Borrower shall (x) pay to each Non-Defaulting Lender that portion of any such Letter of Credit Fee otherwise payable to such Defaulting Lender with respect to such Defaulting Lender's participation in Letters of Credit that has been reallocated to such Non-Defaulting Lender pursuant to clause (iv) below, (y) pay to the applicable Issuing Lender the amount of any such Letter of Credit Fee otherwise payable to such Defaulting Lender to the extent allocable to such Issuing Lender's Fronting Exposure to such Defaulting Lender, and (z) not be required to pay the remaining amount of any such Letter of Credit Fee, as applicable.

(iv) Reallocation of Pro Rata Share to Reduce Fronting Exposure. During any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each Non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit pursuant to Section 3.4 or in Swingline Loans pursuant to Section 2.7(c), the L/C Percentage of each Non-Defaulting Lender of any such Letter of Credit and the Revolving Percentage of each Non-Defaulting Lender of any such Swingline Loan, as the case may be, shall be computed without giving effect to the Revolving Commitment of such Defaulting Lender; provided that, (A) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, no Event of Default has occurred and is continuing; (B) the aggregate obligations of each Non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit and Swingline Loans shall not exceed the positive difference, if any, of (1) the Revolving Commitment of that non-Defaulting Lender minus (2) the aggregate outstanding amount of the Revolving Loans of that Lender plus the aggregate amount of that Lender's L/C Percentage of then outstanding Letters of Credit plus the aggregate amount of that Lender's Revolving Percentage of then outstanding Swingline Loans that have not been converted into Revolving Loans, and (C) the conditions set forth in Section 5.2 are satisfied at the time of such reallocation (and, unless the Borrower shall have otherwise notified the Administrative Agent at such time, the Borrower shall be deemed to have represented and warranted that such conditions are satisfied at such time).

Subject to Section 10.21, no reallocation hereunder shall constitute a waiver or release of any claim of any party hereunder against a Defaulting Lender arising from that Lender having become a Defaulting Lender, including any claim of a Non-Defaulting Lender as a result of such Non-Defaulting Lender's increased exposure following such reallocation.

(v) Cash Collateral, Repayment of Swingline Loans. If the reallocation described in clause (iv) above cannot, or can only partially, be effected, the Borrower shall, without prejudice to any right or remedy available to it hereunder or under law, (x) first, prepay Swingline Loans in an amount equal to the Swingline Lender's Fronting Exposure, and (y) second, Cash Collateralize the Issuing Lenders' Fronting Exposure in accordance with the procedures set forth in Section 3.10.

(b) Defaulting Lender Cure. If the Borrower, the Administrative Agent, the Swingline Lender and the Issuing Lenders agree in writing in their reasonable discretion that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), such Lender will, to the extent applicable, purchase at par that portion of outstanding Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Letters of Credit and Swingline Loans to be held on a pro rata basis by the Lenders in accordance with their respective Revolving Percentages, L/C Percentages and Term Percentages, as applicable (without giving effect to Section 2.22(a)(iv)), whereupon such Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while such Lender was a Defaulting Lender; and provided further that, except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from such Lender having been a Defaulting Lender.

(c) New Swingline Loans/Letters of Credit. So long as any Lender is a Defaulting Lender, (i) the Swingline Lender shall not be required to fund any Swingline Loans unless it is satisfied that it will have no Fronting Exposure after giving effect to such Swingline Loan and (ii) no Issuing Lender shall be required to issue, extend, renew or increase any Letter of Credit unless it is satisfied that it will have no Fronting Exposure in respect of Letters of Credit after giving effect thereto.

(d) Termination of Defaulting Lender. The Borrower may terminate the unused amount of the Revolving Commitment of any Revolving Lender that is a Defaulting Lender upon not less than ten Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 2.22(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); provided that (i) no Event of Default shall have occurred and be continuing, and (ii) such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent, any Issuing Lender, the Swingline Lender or any other Lender may have against such Defaulting Lender.

2.23 Notes. If so requested by any Lender by written notice to the Borrower (with a copy to the Administrative Agent), the Borrower shall execute and deliver to such Lender (and/or, if applicable and if so specified in such notice, to any Person who is an assignee of such Lender pursuant to Section 10.6) (promptly after the Borrower's receipt of such notice) a Note or Notes to evidence such Lender's Loans.

2.24 Incremental Loans and Commitments.

(a) Incremental Loans and Commitments. At any time during the period commencing

on the Restatement Date and ending on the Business Day prior to the Term Loan Maturity Date, provided no Default or Event of Default has occurred and is continuing (or, in the case of a Limited Condition Transaction, (x) on the date of the execution of the definitive agreement in connection therewith, no Event of Default shall exist and (y) no Event of Default pursuant to Section 8.1(a) or (f) shall exist and be continuing both immediately before and immediately after the effectiveness of the related incremental amendment) and subject to the conditions set forth in clause (d) below, upon notice to the Administrative Agent, the Borrower may, from time to time, request (i) an increase in the aggregate principal amount of the Term Loans then outstanding (each, a "***Term Commitment Increase***"),
(ii)the addition of one or more new term loan facilities (which may take the form of a "term loan B" facility) (each, a "***New Term Facility***") (any Term Loan under clauses (i) and (ii), an "***Incremental Term Loan***" and, collectively, the "***Incremental Term Loans***") from one or more existing Lenders and/or from other Eligible Assignees reasonably acceptable to the Administrative Agent and the Borrower and
(iii)new revolving credit commitments under this Agreement on the terms set forth in this Section 2.24 (each, an "***Incremental Revolving Credit Commitment***" and, the Loans thereunder, the "***Incremental Revolving Loans***" and together with the Incremental Term Loans, the "***Incremental Loans***"). The aggregate original principal amount for all such Incremental Term Loans, together with any Incremental Revolving Credit Commitments established at any time, shall not exceed the sum of (x) $100,000,000 *plus* (y) an unlimited amount so long as, on a Pro Forma Basis, determined at the time of incurrence on the basis of the financial statements most recently required to be delivered to the Administrative Agent pursuant to Section 6.1(a) or (b), as the case may be (and assuming in the case of any Incremental Revolving Credit Commitment, that any such Incremental Revolving Credit Commitments are drawn in full and excluding the cash proceeds of any such Incremental Term Loans or Incremental Revolving Credit Commitments) and after giving effect to any Permitted Acquisition consummated in connection therewith, the Consolidated Leverage Ratio shall not exceed the lesser of (A) the maximum Consolidated Leverage Ratio then permitted under Section 7.1(b) and (B) 2.75:1.00; provided, that for purposes of any Incremental Loans established pursuant to this Section 2.24, (i) at the Borrower's option, the Borrower shall be deemed to have used amounts under clause (y) prior to utilization of amounts under clause (x), and (ii) Incremental Loans pursuant to this Section 2.24 may be incurred simultaneously under both clauses (x) and (y) and may be utilized in a single transaction or series of related transactions, at the Borrower's option, by first calculating the incurrence under clause (y) and then calculating the incurrence under clause (x). Any Incremental Term Loan or Incremental Revolving Credit Commitment shall be in a minimum amount of $5,000,000 (or such lower amount that represents all remaining Incremental Term Loan and Incremental Revolving Credit Commitment availability under this Section 2.24(a)) and integral multiples of $5,000,000 in excess thereof (or such lower amount that represents all remaining Incremental Term Loan and Incremental Revolving Credit Commitment availability under this Section 2.24(a)).

(b)Lender Election to Increase; Prospective Lenders. For the avoidance of doubt, the Borrower will not be obligated to approach any Lender to participate in any Incremental Term Loan or Incremental Revolving Credit Commitment. No Lender shall be obligated to participate in any Incremental Term Loan or Incremental Revolving Credit Commitment, and any Lender approached to participate in any Incremental Term Loan or Incremental Revolving Credit Commitment may elect or decline to participate in any such Incremental Term Loan or Incremental Revolving Credit Commitment in such Lender's sole and absolute discretion. The Borrower may invite any prospective lender that satisfies the criteria of being an "Eligible Assignee" and that is reasonably satisfactory to the Administrative Agent to become a Lender pursuant to a joinder agreement in form and substance reasonably satisfactory to the Administrative Agent in connection with the proposed Incremental Term Loan and, if applicable, the proposed Incremental Revolving Credit Commitment (provided that the

joinder of any such "Lender" for the purpose of providing all or any portion of any such Incremental Term Loan shall not require the consent of any other Lender (including any other "Lender" that is joining this Agreement) to provide all or part of such Incremental Term Loan).

(c) Effective Date and Allocations. If an Incremental Term Loan or Incremental Revolving Credit Commitment is to be made or established in accordance with this Section 2.24, the Administrative Agent and the Borrower shall determine the effective date (the "***Increase Effective Date***") and the final allocation of such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment among the Lenders. The Administrative Agent shall promptly notify the Borrower and the Lenders of the final allocation of such Incremental Term Loan, Incremental Revolving Credit Commitment (if applicable) and the Increase Effective Date.

(d) Conditions Precedent. Each of the following shall be the only conditions precedent to the making of an Incremental Term Loan and establishment of any Incremental Revolving Credit Commitment:

(i) The Borrower shall deliver to the Administrative Agent a certificate of the Borrower, dated as of the Increase Effective Date (in sufficient copies for each Lender), signed by a Responsible Officer of the Borrower and certifying the attachment of the resolutions adopted by each Loan Party, if any, approving or consenting to such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment or, as applicable, the guaranty of the Obligations of the Borrower in respect thereof.

(ii) Each of the conditions precedent set forth in Sections 5.2(a) – (c) shall be satisfied; provided, that, with respect to any Incremental Term Loan the purpose of which is to finance a Limited Condition Transaction, or if the Required Lenders otherwise consent, the condition precedent in Section 5.2(a) shall be satisfied if the Specified Representations and customary "specified acquisition agreement representations" are true and correct in all material respects.

(iii) Except with respect to any Incremental Term Loan the purpose of which is to finance a Limited Condition Transaction, the Borrower shall demonstrate to the reasonable satisfaction of the Administrative Agent (including by delivery of the Compliance Certificate contemplated by clause (iv) immediately below) that the Consolidated Leverage Ratio on a Pro Forma Basis, determined at the time of incurrence on the basis of the financial statements most recently required to be delivered to the Administrative Agent pursuant to Section 6.1(a) or (b), as the case may be (and assuming in the case of any Incremental Revolving Credit Commitment, that any such Incremental Revolving Credit Commitments are drawn in full and excluding the cash proceeds of any such Incremental Term Loans or Incremental Revolving Credit Commitments) and after giving effect to any Permitted Acquisition consummated in connection therewith, the shall be no greater than the maximum Consolidated Leverage Ratio required by Section 7.1(b) to have been observed as of such day.

(iv) The Borrower shall have delivered to the Administrative Agent a Compliance Certificate certifying as to compliance with the requirements of clauses (ii) and (iii) above, together with all reasonably detailed calculations evidencing compliance with clause (iii) above.

(v) The Borrower shall (x) deliver to any Lender providing any portion of any such newly requested Incremental Term Loan or Incremental Revolving Credit Commitment any new or replacement Notes requested by such Lender, and (y) have executed any amendments to this Agreement and the other Loan Documents as may be necessary, advisable or appropriate, in the reasonable opinion of the Borrower in consultation with the Administrative Agent to (i) effectuate the provisions of this Section 2.24, including, if applicable, any amendment that may be necessary to ensure

and demonstrate that the Liens and security interests granted by the Loan Documents are perfected under the UCC or other applicable law to secure the Obligations in respect of such Incremental Term Loans and, if applicable, Incremental Revolving Credit Commitments and (ii) at the election of the Borrower, to the extent practicable, to make an Incremental Term Loan fungible (including for Tax purposes) with other Term Loans.

(vi) The Borrower shall have paid to the Administrative Agent any fees (including any upfront fees) required to be paid pursuant to the terms of any fee letter in connection with such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment and shall have paid to any Lender any fees required to be paid to such Lender in connection with such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment.

(vii) Solely in connection with any such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment that is being requested by the Borrower for the sole purpose of financing the consideration payable by the Borrower in connection with a Permitted Acquisition undertaken from and after the Restatement Date and except with respect to any Limited Condition Transaction, the Borrower shall demonstrate to the reasonable satisfaction of the Administrative Agent that the Borrower has complied with all requirements set forth in Section 7.7(m) with respect to such Permitted Acquisition.

(e) Distribution of Revised Commitments Schedule. The Administrative Agent shall promptly distribute to the parties an amended Schedule 1.1A (which shall be deemed incorporated into this Agreement), to reflect the addition of any new Lenders that have provided a portion of any such Incremental Term Loan and, if applicable, Incremental Revolving Credit Commitment, and the respective Term Percentages of the Term Lenders resulting therefrom and Revolving Percentages of the Revolving Lenders resulting therefrom.

(f) Conflicting Provisions. This Section shall supersede any provisions in Section 2.16 or Section 10.1 to the contrary.

(g) Incremental Loans as Loans. Subject to the provisions of clause (h) of this Section 2.24, any Incremental Term Loans provided pursuant to a Term Commitment Increase shall, for purposes of principal repayment and interest, be treated substantially the same as the Initial Term Loans funded on the Restatement Date, and shall be made on the same terms (including with respect to pricing, and maturity date) as the Initial Term Loans. Any Incremental Revolving Credit Commitments and Incremental Revolving Loans shall, for purposes of principal repayment and interest, be treated the same as the Revolving Commitments and Revolving Loans on the Restatement Date, and shall be made on the same terms (including with respect to pricing, commitment fees and maturity date) as the Revolving Loans and the Revolving Commitments in effect on the Restatement Date.

(h) Terms of Incremental Loans. The Incremental Term Loans provided pursuant to a Term Commitment Increase shall, for purposes of prepayments, be treated substantially the same as any previously funded Term Loans and shall have the same terms as such previously funded Term Loans, except as may be mutually agreed among the Borrower, the Administrative Agent and the Required Lenders (not to be unreasonably withheld or delayed); provided that, in any case, (x) no Incremental Term Loan shall have a final maturity date that is earlier than the Term Loan Maturity Date, (y) the amortization schedule relating to any Incremental Term Loan provided pursuant to a Term Commitment Increase shall not have a weighted average life to maturity that is shorter than the remaining weighted average life to maturity of any previously funded Term Loan, and (z) to the extent the initial yield (including any original issue discount or similar yield-related discounts, deductions or payments but excluding any customary arrangement or commitment fees payable to the Administrative Agent)

applicable to any Incremental Term Loan that is in the form of a "term loan A" facility is higher than the initial yield applicable to such previously funded Term Loans (without giving effect to the application of any Default Rate), by more than 0.50%, the Borrower shall enter into an amendment to this Agreement to increase the Applicable Margin applicable to previously funded Term Loans other than such Incremental Term Loan, to the extent necessary so that the Applicable Margin on such Incremental Term Loan is no more than 0.50% greater than the applicable margin related to such previously funded Term Loans (the "***MFN Protection***").

2.25 Sustainability Adjustments.

(a) Prior to the twelve month anniversary of the Restatement Date, the Borrower, in consultation with the Administrative Agent and the Sustainability Structuring Agents, may in its sole discretion establish specified KPIs with respect to certain environmental, social and governance ("***ESG***") goals, or identify certain external ESG ratings, of the Borrower and its Subsidiaries (such KPIs or ratings, "***KPI Metrics***"), which KPI Metrics shall be subject to thresholds or targets (in either case, such thresholds or targets, "***SPTs***"). The Administrative Agent and the Borrower (each acting reasonably and in consultation with the Sustainability Structuring Agents) may propose an amendment to this Agreement (such amendment, an "***ESG Amendment***") solely for the purpose of incorporating the KPI Metrics, the SPTs and other related provisions (the "***ESG Pricing Provisions***") into this Agreement. Any such ESG Amendment shall become effective upon (i) receipt by the Lenders of a lender presentation in regard to the KPI Metrics and SPTs from the Borrower no later than five (5) Business Days before the proposed effective date of such proposed ESG Amendment, (ii) the posting of such proposed ESG Amendment to all Lenders and the Borrower, and (iii) the receipt by the Administrative Agent of executed signature pages and consents to such ESG Amendment from the Borrower, the Administrative Agent and Lenders comprising the Required Lenders. Upon the effectiveness of any such ESG Amendment, based on the Borrower's performance against the KPI Metrics and SPTs, certain adjustments (increase, decrease or no adjustment) to (x) the otherwise applicable Applicable Margin may be made (such adjustments, the "***ESG Applicable Margin Adjustments***"); *provided*, that (i) the amount of such ESG Applicable Margin Adjustments shall not exceed an increase and/or decrease of 0.05% per annum in the aggregate for all KPI Metrics (the provisions of this proviso, the "***Applicable Margin Sustainability Adjustment Limitations***") and (ii) in no event shall the Applicable Margin be less than 0% and (y) the otherwise applicable Commitment Fee may be made (such adjustments, the "***ESG Commitment Fee Adjustments***", together with the ESG Applicable Margin Adjustments, the "***ESG Adjustments***"); provided, that (i) the amount of such ESG Commitment Fee Adjustments shall not exceed an increase and/or decrease of 0.01% per annum in the aggregate for all KPI Metrics (the provisions of this proviso, the "***Commitment Fee Sustainability Adjustment Limitations***", together with the Applicable Margin Sustainability Adjustment Limitations, collectively, the "***Sustainability Adjustment Limitations***") and (ii) in no event shall the Commitment Fee be less than 0%. For the avoidance of doubt the ESG Adjustments shall not be cumulative year-over-year and shall apply on an annual basis only. The KPI Metrics, the Borrower's performance against the KPI Metrics, and any related ESG Adjustments resulting therefrom, will be determined based on certain Borrower certificates, reports and other documents, in each case, setting forth the KPI Metrics in a manner that is aligned with the Sustainability Linked Loan Principles (as last published in March 2022 by the Loan Market Association, Asia Pacific Loan Market Association and Loan Syndications & Trading Association, and as further amended, revised or updated from time to time), including with respect to the calculation, certification and measurement thereof. Following the effectiveness of an ESG Amendment, any modification to the ESG Pricing Provisions shall be subject only to the consent of the Borrower, the Administrative Agent and the Required Lenders so long as such modification does not have the effect of increasing or decreasing the Sustainability Adjustment Limitations set forth in the ESG Amendment. Each party to this Agreement hereby agrees that the

Facilities are not and shall not be a sustainability-linked loan unless and until the effectiveness of any ESG Amendment.

(b) The Lead Sustainability Structuring Agent will, to the extent requested by the Borrower in its sole discretion, assist the Borrower in (i) selecting relevant key performance indicators ("***KPIs***") and the ESG Pricing Provisions in connection with the ESG Amendment, (ii) coordination and review of the ESG Amendment and/or marketing materials focused on ESG to be used in connection with the ESG Amendment, (iii) engaging with sustainability assurance or other certification providers or external reviewers (where relevant) with respect to the KPI Metrics, and (iv) facilitating the dialogue between the Borrower and the Lenders in regard to the KPIs and assist the Borrower in responding to sustainability-related questions.

(c) This Section 2.25 shall supersede any provisions in Section 10.1 to the contrary.

SECTION 3 LETTERS OF CREDIT

3.1 L/C Commitment.

(a) Subject to the terms and conditions hereof, each Issuing Lender agrees to issue letters of credit (each, a "***Letter of Credit***" and, collectively, the "***Letters of Credit***") for the account of the Borrower on any Business Day during the Letter of Credit Availability Period in such form as may reasonably be approved from time to time by such Issuing Lender; provided that no Issuing Lender shall have any obligation to issue any Letter of Credit if, after giving effect to such issuance, either the L/C Exposure would exceed the Total L/C Commitments or the Available Revolving Commitments would be less than zero. Each Letter of Credit shall (i) be denominated in Dollars, Euros or Canadian Dollars, and
(ii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the Letter of Credit Maturity Date, provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above). For the avoidance of doubt, no commercial letters of credit shall be issued by any Issuing Lender to any Person under this Agreement.

(b) No Issuing Lender shall at any time be obligated to issue any Letter of Credit if:

(i) such issuance would conflict with, or cause such Issuing Lender or any L/C Lender to exceed any limits imposed by, any applicable Requirement of Law;

(ii) any order, judgment or decree of any Governmental Authority or arbitrator shall by its terms purport to enjoin or restrain such Issuing Lender from issuing, amending or reinstating such Letter of Credit, or any law, rule or regulation applicable to such Issuing Lender or any request, guideline or directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over such Issuing Lender shall prohibit, or request that such Issuing Lender refrain from, the issuance, amendment, renewal or reinstatement of letters of credit generally or such Letter of Credit in particular or shall impose upon such Issuing Lender with respect to such Letter of Credit any restriction, reserve or capital requirement (for which such Issuing Lender is not otherwise compensated) not in effect on the Restatement Date, or shall impose upon such Issuing Lender any unreimbursed loss, cost or expense which was not applicable on the Restatement Date and which such Issuing Lender in good faith deems material to it;

(iii) such Issuing Lender has received written notice from any Lender, the Administrative Agent or the Borrower, at least one Business Day prior to the requested date of issuance,

amendment, renewal or reinstatement of such Letter of Credit, that one or more of the applicable conditions contained in Section 5.2 shall not then be satisfied (which notice shall contain a description of any such condition asserted not to be satisfied);

(iv) any requested Letter of Credit is not in form and substance acceptable to such Issuing Lender, or the issuance, amendment or renewal of a Letter of Credit shall violate any applicable laws or regulations or any applicable policies of such Issuing Lender;

(v) such Letter of Credit contains any provisions providing for automatic reinstatement of the stated amount after any drawing thereunder;

(vi) except as otherwise agreed by the Administrative Agent and such Issuing Lender, such Letter of Credit is in an initial face amount less than the Dollar Equivalent of $500,000; or

(vii) any Lender is at that time a Defaulting Lender, unless such Issuing Lender has entered into arrangements, including the delivery of Cash Collateral pursuant to Section 3.10, satisfactory to such Issuing Lender (in its sole discretion) with the Borrower or such Defaulting Lender to eliminate such Issuing Lender's actual or potential Fronting Exposure (after giving effect to Section 2.22(a)(iv)) with respect to the Defaulting Lender arising from either the Letter of Credit then proposed to be issued or such Letter of Credit and all other L/C Exposure as to which such Issuing Lender has actual or potential Fronting Exposure, as it may elect in its sole discretion.

3.2 Procedure for Issuance of Letters of Credit. The Borrower may from time to time request that any Issuing Lender issue a Letter of Credit for the account of the Borrower by delivering to the applicable Issuing Lender at its address for notices specified herein an Application therefor, completed to the satisfaction of the applicable Issuing Lender, and such other certificates, documents and other papers and information as the applicable Issuing Lender may request. Upon receipt of any Application, the applicable Issuing Lender will process such Application and the certificates, documents and other papers and information delivered to it in connection therewith in accordance with its customary procedures and shall promptly issue the Letter of Credit requested thereby (but in no event shall any Issuing Lender be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application therefor and all such other certificates, documents and other papers and information relating thereto) by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed to by the applicable Issuing Lender and the Borrower. Each Issuing Lender shall furnish a copy of such Letter of Credit to the Borrower promptly following the issuance thereof. Each Issuing Lender shall promptly furnish to the Administrative Agent, which shall in turn promptly furnish to the Lenders, notice of the issuance (or amendment, renewal or extension) of each Letter of Credit (including the amount thereof).

3.3 Fees and Other Charges.

(a) The Borrower agrees to pay, in Dollars, with respect to each Existing Letter of Credit and each outstanding Letter of Credit issued for the account of (or at the request of) the Borrower,
(i) a fronting fee of 0.125% per annum on the Dollar Equivalent of the daily amount available to be drawn under each such Letter of Credit to the applicable Issuing Lender for its own account (a "***Letter of Credit Fronting Fee***"), (ii) a letter of credit fee equal to the Applicable Margin relating to Letters of Credit multiplied by the Dollar Equivalent of the daily amount available to be drawn under each such Letter of Credit on the drawable amount of such Letter of Credit to the Administrative Agent for the ratable account of the L/C Lenders (determined in accordance with their respective L/C Percentages) (a "***Letter of Credit Fee***"), and (iii) each Issuing Lender's standard and reasonable fees with respect to the issuance, amendment, renewal or extension of any Letter of Credit issued for the account of (or at the

request of) the Borrower or processing of drawings thereunder (the fees in this clause (iii), collectively, the "***Issuing Lender Fees***"). The Issuing Lender Fees shall be paid when required by the applicable Issuing Lender, and the Letter of Credit Fronting Fee and the Letter of Credit Fee shall be payable quarterly in arrears on the last Business Day of March, June, September and December of each year and on the Letter of Credit Maturity Date (each, an "***L/C Fee Payment Date***") after the issuance date of such Letter of Credit. All Letter of Credit Fronting Fees and Letter of Credit Fees shall be computed on the basis of the actual number of days elapsed in a year of 360 days.

(b) In addition to the foregoing fees, the Borrower shall pay or reimburse each Issuing Lender, in Dollars, for the Dollar Equivalent of such normal and customary costs and expenses as are incurred or charged by such Issuing Lender in issuing, negotiating, effecting payment under, amending or otherwise administering any Letter of Credit.

(c) The Borrower shall furnish to the applicable Issuing Lender and the Administrative Agent such other documents and information pertaining to any requested Letter of Credit issuance, amendment or renewal, including any L/C-Related Documents, as such Issuing Lender or the Administrative Agent may require. This Agreement shall control in the event of any conflict with any L/C-Related Document (other than any Letter of Credit).

(d) Any Letter of Credit Fees otherwise payable for the account of a Defaulting Lender with respect to any Letter of Credit as to which such Defaulting Lender has not provided Cash Collateral satisfactory to the applicable Issuing Lender pursuant to Section 3.10 shall be payable, to the maximum extent permitted by applicable law, in accordance with Section 2.21(a)(iii)(C).

(e) All fees payable pursuant to this Section 3.3 shall be fully-earned on the date paid and shall not be refundable for any reason.

3.4 L/C Participations; Existing Letters of Credit.

(a) L/C Participations. Each Issuing Lender irrevocably agrees to grant and hereby grants to each L/C Lender, and, to induce such Issuing Lender to issue Letters of Credit, each L/C Lender irrevocably agrees to accept and purchase and hereby accepts and purchases from such Issuing Lender, on the terms and conditions set forth below, for such L/C Lender's own account and risk an undivided interest equal to such L/C Lender's L/C Percentage in such Issuing Lender's obligations and rights under and in respect of each Letter of Credit and the amount of each draft paid by such Issuing Lender thereunder. Each L/C Lender agrees with such Issuing Lender that, if a draft is paid under any Letter of Credit for which such Issuing Lender is not reimbursed in full by the Borrower pursuant to Section 3.5(a), such L/C Lender shall pay to such Issuing Lender upon demand at such Issuing Lender's address for notices specified herein an amount equal to such L/C Lender's L/C Percentage of the amount of such draft, or any part thereof, that is not so reimbursed. Each L/C Lender's obligation to pay such amount shall be absolute and unconditional and shall not be affected by any circumstance, including
(i) any setoff, counterclaim, recoupment, defense or other right that such L/C Lender may have against such Issuing Lender, the Borrower or any other Person for any reason whatsoever, (ii) the occurrence of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5.2, (iii) any adverse change in the condition (financial or otherwise) of the Borrower, (iv) any breach of this Agreement or any other Loan Document by the Borrower, any other Loan Party or any other L/C Lender, or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

(b) Existing Letters of Credit. On and after the Restatement Date, each Existing Letter of Credit shall be deemed for all purposes, including for purposes of the fees to be collected

pursuant to Sections 3.3(a) and (b), reimbursement of costs and expenses to the extent provided herein and for purposes of being secured by the Collateral, a Letter of Credit issued and outstanding under this Agreement and entitled to the benefits of this Agreement and the other Loan Documents, and shall be governed by the applications and agreements pertaining thereto and by this Agreement (which shall control in the event of a conflict).

3.5 Reimbursement.

(a) If any Issuing Lender shall make any L/C Disbursement in respect of a Letter of Credit, such Issuing Lender shall notify the Borrower and the Administrative Agent thereof and the Borrower shall pay or cause to be paid to such Issuing Lender an amount equal to the Dollar Equivalent of the entire amount of such L/C Disbursement not later than (i) the immediately following Business Day if such Issuing Lender issues such notice before 10:00 A.M. Pacific time on the date of such L/C Disbursement, or (ii) on the second following Business Day if such Issuing Lender issues such notice at or after 10:00 A.M. Pacific time on the date of such L/C Disbursement. Each such payment shall be made to such Issuing Lender at its address for notices referred to herein in Dollars and in immediately available funds.

(b) If any Issuing Lender shall not have received from the Borrower the payment that it is required to make pursuant to Section 3.5(a) with respect to a Letter of Credit within the time specified in such Section, such Issuing Lender will promptly notify the Administrative Agent of the L/C Disbursement and the Administrative Agent will promptly notify each L/C Lender of such L/C Disbursement and its L/C Percentage thereof, and each L/C Lender shall pay to such Issuing Lender upon demand in Dollars at such Issuing Lender's address for notices specified herein an amount equal to such L/C Lender's L/C Percentage of the Dollar Amount of such L/C Disbursement (and the Administrative Agent may apply Cash Collateral provided for this purpose) and upon such payment pursuant to this paragraph to reimburse such Issuing Lender for any L/C Disbursement, the Borrower shall be required to reimburse the L/C Lenders for such payments (including interest accrued thereon from the date of such payment until the date of such reimbursement at the rate applicable to Revolving Loans that are ABR Loans plus 2% per annum) on demand; provided that if at the time of and after giving effect to such payment by the L/C Lenders, the conditions to borrowings and Revolving Loan Conversions set forth in Section 5.2 are satisfied, the Borrower may, by written notice to the Administrative Agent certifying that such conditions are satisfied and that all interest owing under this paragraph has been paid, request that such payments by the L/C Lenders be converted into Revolving Loans (a "***Revolving Loan Conversion***"), in which case, if such conditions are in fact satisfied, the L/C Lenders shall be deemed to have extended, and the Borrower shall be deemed to have accepted, a Revolving Loan in the aggregate principal amount of the Dollar Equivalent of such payment without further action on the part of any party, and the Total L/C Commitments shall be permanently reduced by such amount; any amount so paid pursuant to this paragraph shall, on and after the payment date thereof, be deemed to be Revolving Loans for all purposes hereunder; provided that such Issuing Lender, at its option, may effectuate a Revolving Loan Conversion regardless of whether the conditions to borrowings and Revolving Loan Conversions set forth in Section 5.2 are satisfied.

3.6 Obligations Absolute. The Borrower's obligations under this Section 3 shall be absolute and unconditional under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that the Borrower may have or have had against any Issuing Lender, any beneficiary of a Letter of Credit or any other Person. The Borrower also agrees with the Issuing Lenders that the Issuing Lenders shall not be responsible for, and the Borrower's obligations hereunder shall not be affected by, among other things, the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, fraudulent or forged, or any dispute between or among the Borrower and any beneficiary of any Letter of Credit or any other party to

which such Letter of Credit may be transferred or any claims whatsoever of the Borrower against any beneficiary of such Letter of Credit or any such transferee. No Issuing Lender shall be liable for any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit, except for errors or omissions found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of such Issuing Lender. The Borrower agrees that any action taken or omitted by any Issuing Lender under or in connection with any Letter of Credit or the related drafts or documents, if done in the absence of gross negligence or willful misconduct, shall be binding on the Borrower and shall not result in any liability of such Issuing Lender to the Borrower.

In addition to amounts payable as elsewhere provided in the Agreement, the Borrower hereby agrees to pay and to protect, indemnify, and save each Issuing Lender harmless from and against any and all claims, demands, liabilities, damages, losses, costs, charges and expenses (including reasonable attorneys' fees and allocated costs of internal counsel) that such Issuing Lender may incur or be subject to as a consequence, direct or indirect, of (a) the issuance of any Letter of Credit, or (b) the failure of any Issuing Lender or of any L/C Lender to honor a demand for payment under any Letter of Credit thereof as a result of any act or omission, whether rightful or wrongful, of any present or future de jure or de facto government or Governmental Authority, in each case other than to the extent solely as a result of the gross negligence or willful misconduct of such Issuing Lender or such L/C Lender (as finally determined by a court of competent jurisdiction).

3.7 Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the applicable Issuing Lender shall promptly notify the Borrower and the Administrative Agent of the date and the Dollar, Canadian Dollar, or Euro, as applicable, amount thereof. The responsibility of any Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are substantially in conformity with such Letter of Credit.

3.8 Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Section 3, the provisions of this Section 3 shall apply.

3.9 Interim Interest. If any Issuing Lender shall make any L/C Disbursement in respect of a Letter of Credit, then, unless either the Borrower shall have reimbursed such L/C Disbursement in full within the time period specified in Section 3.5(a) or the L/C Lenders shall have reimbursed such L/C Disbursement in full on such date as provided in Section 3.5(b), in each case the unpaid amount thereof shall bear interest for the account of such Issuing Lender, for each day from and including the date of such L/C Disbursement to but excluding the earlier of the date of payment by the Borrower, at the rate per annum that would apply to such amount if such amount were a Revolving Loan that is an ABR Loan; provided that the provisions of Section 2.13(c) shall be applicable to any such amounts not paid when due.

3.10 Cash Collateral.

(a) Certain Credit Support Events. Upon the request of the Administrative Agent or any Issuing Lender (i) if such Issuing Lender has honored any full or partial drawing request under any Letter of Credit and such drawing has resulted in an L/C Advance by all the L/C Lenders that is not reimbursed by the Borrower or converted into a Revolving Loan pursuant to Section 3.5(b), or (ii) if, as of the Letter of Credit Maturity Date, any L/C Exposure for any reason remains outstanding, the Borrower shall, in each case, promptly Cash Collateralize the then effective L/C Exposure in an amount

equal to 105% of such L/C Exposure.

At any time that there shall exist a Defaulting Lender, within one Business Day following the request of the Administrative Agent or the applicable Issuing Lender (with a copy to the Administrative Agent), the Borrower shall deliver to the Administrative Agent Cash Collateral in an amount sufficient to cover 105% of the Fronting Exposure relating to Letters of Credit (after giving effect to Section 2.22(a)(iv) and any Cash Collateral provided by such Defaulting Lender).

(b) Grant of Security Interest. All Cash Collateral (other than credit support not constituting funds subject to deposit) shall be maintained in blocked, non-interest bearing deposit accounts with the Administrative Agent. The Borrower, and to the extent provided by any Lender or Defaulting Lender, such Lender or Defaulting Lender, hereby grants to (and subjects to the control of) the Administrative Agent, for the benefit of the Administrative Agent, the Issuing Lenders and the L/C Lenders, and agrees to maintain, a first priority security interest and Lien in all such Cash Collateral and in all proceeds thereof, as security for the Obligations to which such Cash Collateral may be applied pursuant to Section 3.10(c). If at any time the Administrative Agent determines that Cash Collateral is subject to any right or claim of any Person other than the Administrative Agent or any Issuing Lender as herein provided, or that the total amount of such Cash Collateral is less than 105% of the applicable L/C Exposure, Fronting Exposure and other Obligations secured thereby, the Borrower or the relevant Lender or Defaulting Lender, as applicable, will, promptly upon demand by the Administrative Agent, pay or provide to the Administrative Agent additional Cash Collateral in an amount sufficient to eliminate such deficiency (after giving effect to any Cash Collateral provided by such Defaulting Lender).

(c) Application. Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under any of this Section 3.10, Section 2.22 or otherwise in respect of Letters of Credit shall be held and applied to the satisfaction of the specific L/C Exposure, obligations to fund participations therein (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) and other obligations for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein.

(d) Termination of Requirement. Cash Collateral (or the appropriate portion thereof) provided to reduce Fronting Exposure in respect of Letters of Credit or other Obligations shall no longer be required to be held as Cash Collateral pursuant to this Section 3.10 following (i) the elimination of the applicable Fronting Exposure and other Obligations giving rise thereto (including by the termination of the Defaulting Lender status of the applicable Lender), or (ii) a determination by the Administrative Agent that there exists excess Cash Collateral; provided, however, (A) that Cash Collateral furnished by or on behalf of a Loan Party shall not be released during the continuance of an Event of Default, and (B) that, subject to Section 2.22, the Person providing such Cash Collateral and the Issuing Lenders may agree that such Cash Collateral shall not be released but instead shall be held to support future anticipated Fronting Exposure or other obligations, and provided further, that to the extent that such Cash Collateral was provided by the Borrower or any other Loan Party, such Cash Collateral shall remain subject to any security interest and Lien granted pursuant to the Loan Documents or any applicable Bank Services Agreement or FX Contract.

3.11 Additional Issuing Lenders. The Borrower may, at any time and from time to time with the consent of the Administrative Agent (which consent shall not be unreasonably withheld, conditioned or delayed) and such Lender or Lenders, as applicable, designate one or more additional Lenders to act as a Letter of Credit issuing bank under the terms of this Agreement. Any Lender designated as a Letter of Credit issuing bank pursuant to this paragraph shall be deemed to be an "***Issuing Lender***" (in addition to being a Lender) in respect of Letters of Credit issued or to be issued by such Lender, and, with respect to such Letters of Credit, such term shall thereafter apply to the other

Issuing Lenders and such Lender.

3.12 Resignation of the Issuing Lender. Any Issuing Lender may resign at any time by giving at least 30 days' prior written notice to the Administrative Agent, the Lenders and the Borrower. Subject to the next succeeding paragraph, upon the acceptance of any appointment as an Issuing Lender hereunder by a Lender that shall agree to serve as successor Issuing Lender, such successor shall succeed to and become vested with all the interests, rights and obligations of the retiring Issuing Lender and the retiring Issuing Lender shall be discharged from its obligations to issue additional Letters of Credit hereunder without affecting its rights and obligations with respect to Letters of Credit previously issued by it. At the time such resignation shall become effective, the Borrower shall pay all accrued and unpaid fees pursuant to Section 3.3. 4.1 Financial Condition.

(a) The Pro Forma Financial Statements have been prepared giving effect (as if such events had occurred as of the last day of the fiscal quarter of the Borrower ended March 31, 2023) to the

consummation of the Transactions. The Pro Forma Financial Statements have been prepared based on the best information available to the Borrower as of the date thereof, and present fairly in all material respects on a Pro Forma Basis the estimated and projected consolidated financial position of Borrower and its Subsidiaries as of March 31, 2023, assuming that the events specified in the preceding sentence had actually occurred at such date.

(b) The Annual Financial Statements of the Borrower, reported on by and accompanied by an unqualified report from KPMG LLP, Grant Thornton LLP or another nationally recognized accounting firm, present fairly in all material respects the consolidated financial condition of the Borrower and its Subsidiaries as at such date (other than any qualifications as may be required as a result of (x) an actual or prospective default or event of default with respect to a financial covenant under this Agreement and the definitive documentation governing any material Indebtedness (including the financial covenants set forth in Section 7.1) or (y) the impending maturity of any material Indebtedness), and the consolidated results of its operations and consolidated cash flows for the respective fiscal year then ended. The Interim Financial Statements present fairly in all material respects the consolidated financial condition of the Borrower and its Subsidiaries as at such dates, and the consolidated results of its operations and its consolidated cash flows for the periods then ended (subject to the absence of footnotes and normal year-end audit adjustments). All such financial statements, including the related schedules and notes thereto and all financial statements delivered by the Borrower to the Administrative Agent pursuant to Section 6.1 have been prepared in accordance with GAAP applied consistently throughout the periods involved (except as approved by the aforementioned firm of accountants and disclosed therein). None of any Group Member had, as of the Restatement Date, any material Guarantee Obligations, contingent liabilities and liabilities for taxes, or any long-term leases or unusual forward or long-term commitments, including any interest rate or foreign currency swap or exchange transaction or other obligation in respect of derivatives, that, to the extent required to be shown in accordance with GAAP, are not reflected in the most recent financial statements referred to in this paragraph.

4.2 No Change. Since June 30, 2022, there has been no development or event that has had or could reasonably be expected to have a Material Adverse Effect.

Each Loan Party (a) is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization or incorporation, as applicable, (b) has the power and authority, and the legal right, to own and operate its material property, to lease the property it operates as lessee and to conduct the business in which it is currently engaged,
(c) is duly qualified as a foreign corporation or other organization and in good standing under the laws of each jurisdiction where the failure to be so qualified could reasonably be expected to have a Material Adverse Effect, and (d) is in material compliance with all Requirements of Law except in such instances in which (i) such Requirement of Law is being contested in good faith by appropriate proceedings diligently conducted and the prosecution of such contest could not reasonably be expected to result in a Material Adverse Effect, or (ii) the failure to comply therewith, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

4.4 Power, Authorization; Enforceable Obligations. Each Loan Party and Enterasys has the power and authority, and the legal right, to make, deliver and perform the Loan Documents to which it is a party and, in the case of the Borrower, to obtain extensions of credit hereunder. Each Loan Party and Enterasys has taken all necessary organizational action to authorize the execution, delivery and performance of the Loan Documents to which it is a party and, in the case of the Borrower, to authorize the extensions of credit on the terms and conditions of this Agreement. No Governmental Approval or consent or authorization of, filing with, notice to or other act by or in respect of, any other Person is required in connection with the extensions of credit hereunder or in connection with the execution, delivery, performance, validity or enforceability of this Agreement or any of the Loan Documents, except

(i) Governmental Approvals, consents, authorizations, filings and notices described in Part A of Schedule 4.4, which Governmental Approvals, consents, authorizations, filings and notices have been obtained or made and are in full force and effect, (ii) the filings referred to in Section 4.19,
(iii) Governmental Approvals described in Part B of Schedule 4.4, and (iv) any approvals, consents, exemptions, authorizations or other actions, notices or filings, the failure of which to obtain or make could not reasonably be expected to have a Material Adverse Effect. Each Loan Document has been duly executed and delivered on behalf of each Loan Party party thereto or Enterasys, as applicable. This Agreement constitutes, and each other Loan Document constitutes or, upon execution will constitute, a legal, valid and binding obligation of each Loan Party party thereto or Enterasys, as applicable, enforceable against each such Loan Party or Enterasys, as applicable, in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and by general equitable principles and principles of good faith and fair dealing (whether enforcement is sought by proceedings in equity or at law).

4.5 No Legal Bar. The execution, delivery and performance of this Agreement and the other Loan Documents, the issuance of Letters of Credit, consummation of the Transactions, the borrowings hereunder and the use of the proceeds thereof will not violate any material Requirement of Law (except as set forth in Schedule 4.5 but including any Operating Document of any Loan Party and Enterasys) or any material Contractual Obligation of any Loan Party or Enterasys and will not result in, or require, the creation or imposition of any Lien on any of their respective properties or revenues pursuant to any material Requirement of Law or any such material Contractual Obligation (other than the Liens created by the Security Documents). No Requirement of Law or Contractual Obligation applicable to the Borrower or any of its Subsidiaries could reasonably be expected to have a Material Adverse Effect. Neither the absence of obtaining the Governmental Approvals described in Part B of Schedule 4.4, nor any violation of any of the Requirements of Law referenced in Schedule 4.5, could reasonably be expected to have a Material Adverse Effect.

To the knowledge of the Loan Parties, the use of Intellectual Property by each Group Member, and the conduct of such Group Member's business, as currently conducted, does not infringe on or otherwise violate the rights of any Person, unless such infringement could not reasonably be expected to have a Material Adverse Effect, and, to the knowledge of the Borrower, there are no claims pending or threatened to such effect.

Second, to payment of that portion of the Obligations constituting fees, indemnities and other amounts (other than principal, interest and Letter of Credit Fees) payable to the Lenders, the Issuing Lenders (including any Letter of Credit Fronting Fees, Issuing Lender Fees and the reasonable fees, charges and disbursements of counsel to the respective Lenders and the respective Issuing Lenders and amounts payable under Sections 2.17, 2.18 and 2.19), any Qualified Counterparties, and to any Bank Services Providers (in their respective capacities as providers of Bank Services and FX Contracts), in each case, ratably among them in proportion to the respective amounts described in this clause Second payable to them;

Third, to payment of that portion of the Obligations constituting accrued and unpaid Letter of Credit Fees and interest in respect of any Bank Services and FX Contracts and on the Loans and L/C Disbursements which have not yet been converted into Revolving Loans, and to payment of premiums and other fees (including any interest thereon) under any Specified Swap Agreements and any Bank Services Agreements and FX Contracts, in each case, ratably among the Lenders, the Issuing Lenders, any Bank Services Providers (in their respective capacities as providers of Bank Services and FX Contracts), and any Qualified Counterparties, in each case, ratably among them in proportion to the respective amounts described in this clause Third payable to them;

Fourth, to payment of that portion of the Obligations constituting unpaid principal of the Loans, L/C Disbursements which have not yet been converted into Revolving Loans, and settlement amounts, payment amounts and other termination payment obligations under any Specified Swap Agreements and Bank Services Agreements and FX Contracts, in each case, ratably among the Lenders, the Issuing Lenders, any Bank Services Providers (in their respective capacities as providers of Bank Services and FX Contracts), and any applicable Qualified Counterparties, in each case, ratably among

them in proportion to the respective amounts described in this clause Fourth and payable to them;

Fifth, to the Administrative Agent for the account of the Issuing Lenders, to Cash Collateralize that portion of the L/C Exposure comprised of the aggregate undrawn amount of Letters of Credit pursuant to Section 3.10;

Sixth, if so elected by any Bank Services Provider, to the Administrative Agent for the account of such Bank Services Providers, to Cash Collateralize then outstanding Obligations arising in connection with Bank Services and FX Contracts;

Seventh, to the payment of all other Obligations of the Loan Parties that are then due and payable to the Administrative Agent and the other Secured Parties on such date (including any such other Obligations arising in connection with any Bank Services and FX Contracts), in each case, ratably among them in proportion to the respective aggregate amounts of all such Obligations described in this clause Seventh and payable to them;

Eighth, for the account of any applicable Qualified Counterparty, to Cash Collateralize Obligations arising under any then outstanding Specified Swap Agreements, in each case, ratably among them in proportion to the respective amounts described in this clause Eighth payable to them; and

Last, the balance, if any, after all of the Obligations have been indefeasibly paid in full (excluding, for this purpose, any Obligations which have been Cash Collateralized in accordance with the terms hereof), to the Borrower or as otherwise required by Law.

Subject to Sections 2.22(a), 3.4, 3.5 and 3.10, amounts used to Cash Collateralize the aggregate undrawn amount of Letters of Credit pursuant to clause Fifth above shall be applied to satisfy drawings under such Letters of Credit as they occur. If any amount remains on deposit as Cash Collateral for Letters of Credit after all Letters of Credit have either been fully drawn or expired, such remaining amount shall be applied to the other Obligations, if any, in the order set forth above.

Notwithstanding the foregoing, no Excluded Swap Obligation of any Guarantor shall be paid with amounts received from such Guarantor or from any Collateral in which such Guarantor has granted to the Administrative Agent a Lien (for the ratable benefit of the Secured Parties) pursuant to the Guarantee and Collateral Agreement; provided, however, that each party to this Agreement hereby acknowledges and agrees that appropriate adjustments shall be made by the Administrative Agent (which adjustments shall be controlling in the absence of manifest error) with respect to payments received from other Loan Parties in order to preserve the allocation of such payments to the satisfaction of the Obligations in the order otherwise contemplated in this Section 8.3.

SECTION 9
THE ADMINISTRATIVE AGENT

9.1 Appointment and Authority.

(a) Each of the Lenders hereby irrevocably appoints BMO to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

(b) The provisions of Section 9 are solely for the benefit of the Administrative

Agent, the Lenders and the Issuing Lenders, and neither the Borrower nor any other Loan Party shall have rights as a third-party beneficiary of any of such provisions (other than provisions that are for the express benefit of the Borrower, Enterasys and the other Loan Parties, including Sections 9.9 and 9.10). Notwithstanding any provision to the contrary elsewhere in this Agreement, the Administrative Agent shall not have any duties or responsibilities to any Lender or any other Person, except those expressly set forth herein, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent. It is understood and agreed that the use of the term "agent" herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties.

(c) The Administrative Agent shall also act as the collateral agent under the Loan Documents, and each of the Issuing Lenders and each of the other Lenders (in their respective capacities as a Lender and, as applicable, Qualified Counterparty) hereby irrevocably (i) authorize the Administrative Agent to enter into all other Loan Documents, as applicable, including the Guarantee and Collateral Agreement, any subordination agreements and any other Security Documents, and (ii) appoint and authorize the Administrative Agent to act as the agent of the Secured Parties for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Loan Parties to secure any of the Obligations, together with such powers and discretion as are reasonably incidental thereto. The Administrative Agent, as collateral agent (and any co-agents, sub-agents and attorneys-in-fact appointed by the Administrative Agent pursuant to Section 9.2 for purposes of holding or enforcing any Lien on the Collateral (or any portion thereof) granted under the Security Documents, or for exercising any rights and remedies thereunder at the direction of the Administrative Agent), shall be entitled to the benefits of all provisions of this Section 9 and Section 10 (including Section 9.7, as though such co-agents, sub-agents and attorneys-in-fact were the collateral agent under the Loan Documents) as if set forth in full herein with respect thereto. Without limiting the generality of the foregoing, the Administrative Agent is further authorized on behalf of all the Lenders, without the necessity of any notice to or further consent from the Lenders, from time to time to take any action, or permit the any co-agents, sub-agents and attorneys-in-fact appointed by the Administrative Agent to take any action, with respect to any Collateral or the Loan Documents which may be necessary to perfect and maintain perfected the Liens upon any Collateral granted pursuant to any Loan Document.

9.2 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Section shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the Facilities provided for herein as well as activities as the Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub agents.

9.3 Exculpatory Provisions. The Administrative Agent shall have no duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder and thereunder shall be administrative in nature. Without limiting the generality of the foregoing, the

Administrative Agent shall not:

(a) be subject to any fiduciary or other implied duties, regardless of whether any Default or any Event of Default has occurred and is continuing;

(b) have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents), as applicable; provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or applicable law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law; and

(c) except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and the Administrative Agent shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by any Person serving as the Administrative Agent or any of its Affiliates in any capacity.

The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 8.2 and 10.1), or (ii) in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment.

The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default or Event of Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or (v) the satisfaction of any condition set forth in Section 5.1, Section 5.2 or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

9.4 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, or the issuance, extension, renewal or increase of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Loan or the issuance of such Letter of Credit. The Administrative Agent may consult with legal counsel (who may be counsel for any of the Loan Parties), independent accountants and other experts selected by it, and shall not be liable for any

action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts. The Administrative Agent may deem and treat the payee of any Note as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders (or such other number or percentage of Lenders as shall be provided for herein or in the other Loan Documents) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders (or such other number or percentage of Lenders as shall be provided for herein or in the other Loan Documents), and such request and any action taken or failure to act pursuant thereto shall be binding upon the Lenders and all future holders of the Loans.

9.5 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default unless the Administrative Agent has received prompt notice in writing from any Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a "notice of default." In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders); provided that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action or refrain from taking such action with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders.

9.6 Non-Reliance on Administrative Agent and Other Lenders. Each Lender expressly acknowledges that neither the Administrative Agent nor any of its officers, directors, employees, agents, attorneys in fact or affiliates has made any representations or warranties to it and that no act by the Administrative Agent hereafter taken, including any review of the affairs of a Group Member or any Affiliate of a Group Member, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender. Each Lender represents to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, financial and other condition and creditworthiness of the Group Members and their affiliates and made its own credit analysis and decision to make its Loans hereunder and enter into this Agreement. Each Lender also agrees that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under or based upon this Agreement, the other Loan Documents or any related agreement or any document furnished hereunder or thereunder, and to make such investigation as it deems necessary to inform itself as to the business, operations, property, financial and other condition and creditworthiness of the Group Members and their affiliates. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, the Administrative Agent shall have no duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, property, condition (financial or otherwise), prospects or creditworthiness of any Group Member or any Affiliate of a Group Member that may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys in fact or affiliates.

9.7 Indemnification. Each of the Lenders agrees to indemnify each of the Administrative Agent, the Issuing Lenders and the Swingline Lender and each of its Related Parties in its capacity as such (to the extent not reimbursed by the Borrower or any other Loan Party pursuant to any Loan Document and

without limiting the obligation of the Borrower or any other Loan Party to do so) according to its Aggregate Exposure Percentage in effect on the date on which indemnification is sought under this Section 9.7 (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, in accordance with its Aggregate Exposure Percentage immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against the Administrative Agent or such other Person in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the Transactions contemplated hereby or thereby or any action taken or omitted by the Administrative Agent or such other Person under or in connection with any of the foregoing and any other amounts not reimbursed by the Borrower or such other Loan Party; provided that no Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements that are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted primarily from the Administrative Agent's or such other Person's gross negligence or willful misconduct, and that with respect to such unpaid amounts owed to any Issuing Lender or Swingline Lender solely in its capacity as such, only the Revolving Lenders shall be required to pay such unpaid amounts, such payment to be made severally among them based on such Revolving Lenders' Revolving Percentage (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought). The agreements in this Section shall survive the payment of the Loans and all other amounts payable hereunder.

9.8 Agent in Its Individual Capacity. The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent and the term "Lender" or "Lenders" shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, own securities of, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with the Borrower or any Subsidiary or other Affiliate thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

9.9 Successor Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, with the consent of the Borrower (not to be unreasonably withheld, conditioned or delayed) unless a Default or Event of Default then exists, to appoint a successor, which shall be a bank with an office in the State of New York, or an Affiliate of any such bank with an office in the State of New York. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the "***Resignation Effective Date***"), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders, appoint a successor Administrative Agent meeting the qualifications set forth above; provided that in no event shall any such successor Administrative Agent be a Defaulting Lender or a Disqualified Lender. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) If the Person serving as Administrative Agent is a Defaulting Lender pursuant to clause (d) of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Borrower and such Person, remove such Person as Administrative Agent (which right of removal shall be made in consultation with the Borrower unless a Default or an Event of Default then exists) and appoint a successor. If no such successor shall have been so appointed by the Required

Lenders and shall have accepted such appointment within 30 days (or such earlier day as shall be agreed by the Required Lenders) (the "***Removal Effective Date***"), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) With effect from the Resignation Effective Date or the Removal Effective Date (as applicable) (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except that in the case of any collateral security held by the Administrative Agent on behalf of the Secured Parties under any of the Loan Documents, the retiring or removed Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed and such collateral security is assigned to such successor Administrative Agent) and (ii) except for any indemnity payments owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above in this Section. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments owed to the retiring or removed Administrative Agent), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this Section). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent's resignation or removal hereunder and under the other Loan Documents, the provisions of Section 9 and Section 10.5 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as the Administrative Agent.

9.10 Collateral and Guaranty Matters. The Lenders irrevocably authorize the Administrative Agent, at its option and in its discretion,

(a) to release any Lien on any Collateral or other property granted to or held by the Administrative Agent under any Loan Document (i) upon the Discharge of Obligations, (ii) that is sold or otherwise disposed of or to be sold or otherwise disposed of as part of or in connection with any sale or other disposition permitted hereunder or under any other Loan Document, or (iii) subject to Section 10.1, if approved, authorized or ratified in writing by the Required Lenders;

(b) to subordinate any Lien on any Collateral or other property granted to or held by the Administrative Agent under any Loan Document to the holder of any Lien on such property that is permitted by Sections 7.3(b), (c), (d), (e), (g), (i), (k), (l), (o), (r), (s) and (t); and

(c) to release any Guarantor from its obligations under the Guarantee and Collateral Agreement if such Person ceases to be a Subsidiary as a result of a transaction permitted under the Loan Documents.

(d) Upon request by the Administrative Agent at any time, the Required Lenders

will confirm in writing the Administrative Agent's authority to release or subordinate its interest in particular types or items of property, or to release any Guarantor from its obligations under the Guarantee and Collateral Agreement pursuant to this Section 9.10.

(e) The Administrative Agent shall not be responsible for or have a duty to ascertain or inquire into any representation or warranty regarding the existence, value or collectability of the Collateral, the existence, priority or perfection of the Administrative Agent's Lien thereon, or any certificate prepared by any Loan Party in connection therewith, nor shall the Administrative Agent be responsible or liable to the Lenders for any failure to monitor or maintain any portion of the Collateral.

9.11 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under any Debtor Relief Law or any other judicial proceeding relative to any Loan Party, the Administrative Agent (irrespective of whether the principal of any Loan or Obligation in respect of any Letter of Credit shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated), by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, Obligations in respect of any Letter of Credit and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Sections 2.8 and 10.5) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Sections 2.8 and 10.5.

Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Obligations or the rights of any Lender to authorize the Administrative Agent to vote in respect of the claim of any Lender in any such proceeding.

9.12 No Other Duties, Etc. Anything herein to the contrary notwithstanding, none of the Lead Arrangers shall have any powers, duties or responsibilities under this Agreement or any of the other Loan Documents, except in its capacity, as applicable, as the Administrative Agent, a Lender, an Issuing Lender or the Swingline Lender hereunder.

9.13 Survival. This Section 9 shall survive the Discharge of Obligations.

9.14 Recovery of Erroneous Payments.

(a) If the Administrative Agent (x) notifies a Lender or Secured Party, or any Person who has received funds on behalf of a Lender or Secured Party (any such Lender, Secured Party or other

recipient, a "***Payment Recipient***") that the Administrative Agent has determined in its reasonable discretion (whether or not after receipt of any notice under immediately succeeding clause (b)) that any funds (as set forth in such notice from the Administrative Agent) received by such Payment Recipient from the Administrative Agent or any of its Affiliates were erroneously or mistakenly transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Lender, Secured Party or other Payment Recipient on its behalf) (any such funds, whether transmitted or received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise, individually and collectively, an "***Erroneous Payment***") and (y) demands in writing the return of such Erroneous Payment (or a portion thereof) (*provided* that, without limiting any other rights or remedies (whether at law or in equity), the Administrative Agent may not make any such demand under this clause
(a) with respect to an Erroneous Payment unless such demand is made within five Business Days of the date of receipt of such Erroneous Payment by the applicable Payment Recipient), such Erroneous Payment shall at all times remain the property of the Administrative Agent pending its return or repayment as contemplated below in this Section 9.14 and held in trust for the benefit of the Administrative Agent, and such Lender or Secured Party shall (or, with respect to any Payment Recipient who received such funds on its behalf, shall cause such Payment Recipient to) promptly, but in no event later than two Business Days thereafter (or such later date as the Administrative Agent may, in its sole discretion, specify in writing), return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made, in same day funds (in the currency so received). A notice of the Administrative Agent to any Payment Recipient under this clause (a) shall be conclusive, absent manifest error. For the avoidance of doubt, neither the Borrower nor any other Loan Party shall constitute a Payment Recipient.

(b) Without limiting immediately preceding clause (a), each Lender, Secured Party or any Person who has received funds on behalf of a Lender or Secured Party, agrees that if it receives a payment, prepayment or repayment (whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise) from the Administrative Agent (or any of its Affiliates)
(x) that is in a different amount than, or on a different date from, that specified in this Agreement or in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, (y) that was not preceded or accompanied by a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates), or (z) that such Lender or Secured Party, or other such recipient, otherwise becomes aware was transmitted, or received, in error or by mistake (in whole or in part), then in each such case:

(i) it acknowledges and agrees that (A) in the case of immediately preceding clauses (x) or (y), an error and mistake shall be presumed to have been made (absent written confirmation from the Administrative Agent to the contrary) or (B) an error and mistake has been made (in the case of immediately preceding clause (z)), in each case, with respect to such payment, prepayment or repayment; and

(ii) such Lender or Secured Party shall use commercially reasonable efforts to (and shall use commercially reasonable efforts to cause any other recipient that receives funds on its respective behalf to) promptly (and, in all events, within one Business Day of its knowledge of the occurrence of any of the circumstances described in immediately preceding clauses (x), (y) and (z)) notify the Administrative Agent of its receipt of such payment, prepayment or repayment, the details thereof (in reasonable detail) and that it is so notifying the Administrative Agent pursuant to this Section 9.14(b)

(iii) For the avoidance of doubt, the failure to deliver a notice to the Administrative Agent pursuant to this Section 9.14(b) shall not have any effect on a Payment Recipient's obligations pursuant to Section 9.14(a) or on whether or not an Erroneous Payment has been made.

(c) Each Lender or Secured Party hereby authorizes the Administrative Agent to set off, net and apply any and all amounts at any time owing to such Lender or Secured Party under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Lender or Secured Party under any Loan Document with respect to any payment of principal, interest, fees or other amounts, against any amount that the Administrative Agent has demanded to be returned under immediately preceding clause (a).

(d) (i) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after written demand therefor in accordance with immediately preceding clause (a), from any Lender that has received such Erroneous Payment (or portion thereof) (and/or from any Payment Recipient who received such Erroneous Payment (or portion thereof) on its respective behalf) (such unrecovered amount, an "***Erroneous Payment Return Deficiency***"), upon the Administrative Agent's notice to such Lender at any time, then effective immediately (with the consideration therefor being acknowledged by the parties hereto), (A) such Lender shall be deemed to have assigned its Loans (but not its Commitments) with respect to which such Erroneous Payment was made (the "***Erroneous Payment Impacted Class***") in an amount equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Loans (but not Commitments) of the Erroneous Payment Impacted Class, the "***Erroneous Payment Deficiency Assignment***") (on a cashless basis and such amount calculated at par plus any accrued and unpaid interest (with the assignment fee to be waived by the Administrative Agent in such instance)), and is hereby (together with the Borrower) deemed to execute and deliver an Assignment and Assumption with respect to such Erroneous Payment Deficiency Assignment, and such Lender shall deliver any Notes evidencing such Loans to the Borrower or the Administrative Agent (but the failure of such Person to deliver any such Notes shall not affect the effectiveness of the foregoing assignment), (B) the Administrative Agent as the assignee Lender shall be deemed to have acquired the Erroneous Payment Deficiency Assignment, (C) upon such deemed acquisition, the Administrative Agent as the assignee Lender shall become a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment and the assigning Lender shall cease to be a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment, excluding, for the avoidance of doubt, its obligations under the indemnification provisions of this Agreement and its applicable Commitments which shall survive as to such assigning Lender and (D) the Administrative Agent will reflect in the Register its ownership interest in the Loans subject to the Erroneous Payment Deficiency Assignment. For the avoidance of doubt, no Erroneous Payment Deficiency Assignment will reduce the Commitments of any Lender and such Commitments shall remain available in accordance with the terms of this Agreement.

(ii) Subject to Section 10.6 (but excluding, in all events, any assignment consent or approval requirements (whether from the Borrower or otherwise)), the Administrative Agent may, in its discretion, sell any Loans acquired pursuant to an Erroneous Payment Deficiency Assignment and upon receipt of the proceeds of such sale, the Erroneous Payment Return Deficiency owing by the applicable Lender shall be reduced by the net proceeds of the sale of such Loan (or portion thereof), and the Administrative Agent shall retain all other rights, remedies and claims against such Lender (and/or against any recipient that receives funds on its respective behalf). In addition, an Erroneous Payment Return Deficiency owing by the applicable Lender (x) shall be reduced by the proceeds of prepayments or repayments of principal and interest, or other distribution in respect of principal and interest, received by the Administrative

Agent on or with respect to any such Loans acquired from such Lender pursuant to an Erroneous Payment Deficiency Assignment (to the extent that any such Loans are then owned by the Administrative Agent) and (y) may, in the sole discretion of the Administrative Agent, be reduced by any amount specified by the Administrative Agent in writing to the applicable Lender from time to time.

(e) The parties hereto agree that (x) irrespective of whether the Administrative Agent may be equitably subrogated, in the event that an Erroneous Payment (or portion thereof) is not recovered from any Payment Recipient that has received such Erroneous Payment (or portion thereof) for any reason, the Administrative Agent shall be subrogated to all the rights and interests of such Payment Recipient (and, in the case of any Payment Recipient who has received funds on behalf of a Lender or Secured Party, to the rights and interests of such Lender or Secured Party, as the case may be) under the Loan Documents with respect to such amount (the "***Erroneous Payment Subrogation Rights***") (*provided* that the Loan Parties' Secured Obligations under the Loan Documents in respect of the Erroneous Payment Subrogation Rights shall not be duplicative of such Secured Obligations in respect of Loans that have been assigned to the Administrative Agent under an Erroneous Payment Deficiency Assignment) and (y) an Erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any Secured Obligations owed by the Borrower or any other Loan Party; *provided* that this Section 9.14(e) shall not be interpreted to increase (or accelerate the due date for), or have the effect of increasing (or accelerating the due date for), the Obligations of the Borrower relative to the amount (and/or timing for payment) of the Obligations that would have been payable had such Erroneous Payment not been made by the Administrative Agent; *provided*, *further*, that for the avoidance of doubt, immediately preceding clauses
(x) and (y) shall not apply to the extent any such Erroneous Payment is, and solely with respect to the
amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower for the purpose of making such Erroneous Payment.

(f) To the extent permitted by applicable law, no Payment Recipient shall assert any right or claim to an Erroneous Payment, and hereby waives, and is deemed to waive, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payment received, including, without limitation, any defense based on "discharge for value" or any similar doctrine.

(g) Each party's obligations, agreements and waivers under this Section 9.14 shall survive the resignation or replacement of the Administrative Agent, the termination of the Commitments and/or the repayment, satisfaction or discharge of all Secured Obligations (or any portion thereof) under any Loan Document.

(h) Notwithstanding anything to the contrary herein or in any other Loan Document, no Loan Party nor any of their respective Affiliates shall have any obligations or liabilities directly or indirectly arising out of this Section 9.14 in respect of any Erroneous Payment.

SECTION 10

(1) amend, modify or waive the pro rata requirements of Section 2.16 or any other provision of the Loan

(2)amend, modify or waive the pro rata requirements of Section 2.16 or any other provision of the Loan Documents (including Section 8.3) requiring pro rata treatment of payments to the Lenders in a manner that adversely affects Term Lenders or the L/C Lenders without the written consent of each Term Lender and/or, as applicable, each L/C Lender; (E) amend, modify or waive any provision of Section 9 without the written consent of the Administrative Agent; (F) amend, modify or waive any provision of Section 2.6 or 2.7 without the written consent of the Swingline Lender; (G) amend, modify or waive any provision of Section 3 without the written consent of each Issuing Lender; (H) amend or modify the application of payments provisions set forth in Section 8.3 or the definitions set forth in Section 1.1 that directly affect swap security or ratable treatment in a manner that adversely affects any Issuing Lender or any Qualified Counterparty, as applicable, without the written consent of each such Issuing Lender or each such Qualified Counterparty, as applicable; or (I) subordinate (1) the Liens of the Administrative Agent in the Collateral securing the Obligations to any other Liens securing any other Indebtedness for borrowed money (except to the extent contemplated by Section 9.10(b)) or (2) any Obligations in contractual right of payment to any other Indebtedness for borrowed money, in each case without the written consent of each Lender. In the case of any waiver, the Loan Parties, the Lenders and the Administrative Agent shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured during the period such waiver is effective; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon. Notwithstanding the foregoing, any Issuing Lender may amend any of the L/C Documents of such Issuing Lender without the consent of the Administrative Agent or any other Lender.

(b) Notwithstanding anything to the contrary contained in Section 10.1(a) above, in the event that the Borrower or any other Loan Party, as applicable, requests that this Agreement or any of the other Loan Documents, as applicable, be amended or otherwise modified in a manner which would

require the consent of all of the Lenders or, as applicable, all affected Lenders, and such amendment or other modification is agreed to by the Borrower and/or such other Loan Party, as applicable, the Required Lenders and the Administrative Agent, then, with the consent of the Borrower and/or such other Loan Party, as applicable, the Administrative Agent and the Required Lenders, this Agreement or such other Loan Document, as applicable, may be amended without the consent of the Lender or Lenders who are unwilling to agree to such amendment or other modification (each, a "***Minority Lender***"), to provide for:

(i) the termination of the Commitments of each such Minority Lender;

(ii) the assumption of the Loans and Commitments of each such Minority Lender by one or more Replacement Lenders pursuant to the provisions of Section 2.21; and

provided that any notice, request or demand to or upon the Administrative Agent or the Lenders shall not be effective until received.

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communications (including email and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices to any Lender pursuant to Section 2 unless otherwise agreed by the Administrative Agent and the applicable Lender. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications. Unless the Administrative Agent otherwise prescribes, (a) notices and other

communications sent to an email address shall be deemed received upon the sender's receipt of an acknowledgment from the intended recipient (such as by the "return receipt requested" function, as available, return email or other written acknowledgment); and (b) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its email address as described in the foregoing clause (a) of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (a)and (b) above, if such notice or other communication is not sent during the normal business hours of the recipient, such notice, email or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient.

(c) Any party hereto may change its address or facsimile number for notices and other communications hereunder by notice to the other parties hereto.

(d)(i) Each Loan Party agrees that the Administrative Agent and/or the Lead Arrangers may, but shall not be obligated to, make the Communications (as defined below) available to the Issuing Lenders and the other Lenders by posting the Communications on Debt Domain, Intralinks, Syndtrak or a substantially similar electronic transmission system (the "***Platform***").

(ii) The Platform is provided "as is" and "as available." The Agent Parties (as defined below) and the Lead Arrangers do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including, without limitation, any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party or any Lead Arranger in connection with the Communications or the Platform. In no event shall the Administrative Agent or any of its Related Parties (collectively, the "***Agent Parties***") or any Lead Arranger have any liability to the Borrower or the other Loan Parties, any Lender or any other Person or entity for damages of any kind, including, without limitation, direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower's, any Loan Party's or the Administrative Agent's transmission of communications through the Platform. "***Communications***" means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of any Loan Party pursuant to any Loan Document or the Transactions contemplated therein which is distributed to the Administrative Agent, any Lender or any Issuing Lender by means of electronic communications pursuant to this Section, including through the Platform.

10.3 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

10.4 Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

10.5 Expenses; Indemnity; Damage Waiver.

(a) Costs and Expenses. The Borrower shall pay (i) all reasonable documented

out-of-pocket expenses incurred by the Administrative Agent and its Affiliates (including the reasonable invoiced fees, charges and disbursements of counsel for the Administrative Agent), in connection with the syndication of the Facilities (including the syndication of the Facilities contemplated by this Agreement), the preparation, negotiation, execution, delivery and administration of this Agreement and the other Loan Documents, or any amendments, amendments and restatements, modifications or waivers of the provisions hereof or thereof (whether or not the Transactions contemplated hereby or thereby shall be consummated), (ii) all reasonable documented out-of-pocket expenses incurred by the Issuing Lenders in connection with the issuance, amendment, renewal or extension of any Letter of Credit or any demand for payment thereunder, and (iii) all documented out-of-pocket expenses incurred by the Administrative Agent or any Lender (including the fees, charges and disbursements of any counsel for the Administrative Agent or any Lender), in connection with the enforcement or protection of its rights (a) in connection with this Agreement and the other Loan Documents, including its rights under this Section, or (b)in connection with the Loans made or Letters of Credit issued or participated in hereunder, including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans or Letters of Credit.

(b) Indemnification by the Borrower. The Borrower shall indemnify the Administrative Agent (and any sub-agent thereof), each Lender (including each Issuing Lender), and each Related Party of any of the foregoing Persons (each such Person being called an "***Indemnitee***") against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and related expenses (including the fees, charges and disbursements of counsel for any Indemnitee (but limited to the fee, charges and disbursements of one counsel to all Indemnitees taken as a whole and, if reasonably necessary, a single local counsel for all Indemnitees taken as a whole in each relevant jurisdiction (which may be a single local counsel acting in multiple material jurisdictions), if reasonably necessary, a single regulatory counsel, and solely in the case of an actual or perceived conflict of interest where the Indemnitee affected by such conflict of interest informs the Borrower in writing of such conflict of interest and thereafter retains its own counsel, one additional counsel in each relevant jurisdiction and one regulatory counsel to each group of affected Indemnitees taken as a whole), in each case, except allocated costs of in-house counsel), incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Borrower or any other Loan Party) other than such Indemnitee and its Related Parties arising out of, in connection with, or as a result of (i) the execution or delivery of this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the Transactions contemplated hereby or thereby, (ii) any Loan or Letter of Credit or the use or proposed use of the proceeds therefrom (including any refusal by any Issuing Lender to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), (iii) any actual or alleged presence or release of Materials of Environmental Concern on or from any property owned or operated by the Borrower or any of its Subsidiaries, or any Environmental Liability related in any way to the Borrower or any of its Subsidiaries, or (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Borrower or any other Loan Party, and regardless of whether any Indemnitee is a party thereto; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related expenses (w) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the bad faith, gross negligence or willful misconduct of such Indemnitee, (x) result from a claim brought by the Borrower or any other Loan Party against an Indemnitee for breach in bad faith of such Indemnitee's obligations hereunder or under any other Loan Document, if the Borrower or such Loan Party has obtained a final and nonappealable judgment in its favor on such claim as determined by a court of competent jurisdiction, (y) arising from any dispute solely among Indemnitees or any of their respective Affiliates other than any claims against an Indemnitee in its capacity or in fulfilling its role as the

Administrative Agent, a Sustainability Structuring Agent, a Lead Arranger, a Lender, an Issuing Lender, or a similar role under the Facilities and other than any claims arising out of any act or omission of the Borrower or any of its Affiliates, or (z) any settlement entered into by any Indemnitee or any of its Affiliates in connection with the foregoing without the Borrower's prior written consent (such consent not to be unreasonably withheld, delayed or conditioned), but, if such settlement occurs with Borrower's written consent or if there is a final judgment for the plaintiff in any action or claim with respect to any of the foregoing, the Borrower will be liable for such settlement or such final judgment and will indemnify and hold harmless each Indemnitee from and against any and all losses, claims, damages, liabilities and reasonable and documented out-of-pocket expenses by reason of such settlement or judgment in accordance with this Section 10.5(b). This Section 10.5(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc., arising from any non-Tax claim.

(c) Reimbursement by Lenders. To the extent that the Borrower (or any other Loan Party pursuant to any other Loan Document) for any reason fails indefeasibly to pay any amount required under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent (or any sub-agent thereof), the Issuing Lenders, the Swingline Lender or any Related Party of any of the foregoing, each Lender severally agrees to pay to the Administrative Agent (or any such sub-agent), the Issuing Lenders, the Swingline Lender or such Related Party, as the case may be, such Lender's *pro rata* share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought based on each Lender's share of the Total Credit Exposure at such time) of such unpaid amount (including any such unpaid amount in respect of a claim asserted by such Lender); provided that with respect to such unpaid amounts owed to any Issuing Lender or the Swingline Lender solely in its capacity as such, only the Revolving Lenders shall be required to pay such unpaid amounts, such payment to be made severally among them based on such Revolving Lenders' Revolving Percentage (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought); and provided further, that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent (or any such sub-agent), any Issuing Lender or the Swingline Lender in its capacity as such, or against any Related Party of any of the foregoing acting for the Administrative Agent (or any such sub-agent), any Issuing Lender or the Swingline Lender in connection with such capacity. The obligations of the Lenders under this paragraph
(c) are subject to the provisions of Sections 2.1, 2.4 and 2.18(e).

(d) Waiver of Consequential Damages, Etc. To the fullest extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or instrument contemplated hereby, the Transactions contemplated hereby or thereby, any Loan or Letter of Credit, or the use of the proceeds thereof. No Indemnitee referred to in paragraph (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the Transactions contemplated hereby or thereby.

(e) Payments. All amounts due under this Section shall be payable promptly after demand therefor.

(f) Survival. Each party's obligations under this Section shall survive the resignation of the Administrative Agent, the resignation of any Issuing Lender, the resignation of the Swingline Lender, the replacement of any Lender, the termination of the Loan Documents, the termination of the Commitments and the Discharge of Obligations.

10.6 Successors and Assigns; Participations and Assignments.

(a) Successors and Assigns Generally. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (which for purposes of this Section 10.6 shall include any Bank Services Provider), except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Administrative Agent and each Lender, and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of paragraph (b) of this Section, (ii) by way of participation in accordance with the provisions of paragraph (d) of this Section, or (iii) by way of pledge or assignment of a security interest subject to the restrictions of paragraph (f) of this Section (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in paragraph (d) of this Section and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) Assignments by Lenders. Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans at the time owing to it); provided that (in each case with respect to any Facility) any such assignment shall be subject to the following conditions:

(i) Minimum Amounts.

(A) in the case of an assignment of the entire remaining amount of the assigning Lender's Commitments and/or the Loans at the time owing to it (in each case with respect to any Facility) or contemporaneous assignments to related Approved Funds (determined after giving effect to such assignments) that equal at least the amount specified in paragraph (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in paragraph (b)(i)(A) of this Section, the aggregate amount of the Commitments (which for this purpose includes Loans outstanding thereunder) or, if the applicable Commitments are not then in effect, the principal outstanding balance of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if "***Trade Date***" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than $5,000,000, in the case of any assignment in respect of the Revolving Facility, or $5,000,000, in the case of any assignment in respect of the Term Facility, unless each of the Administrative Agent and, so long as no Event of Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) Proportionate Amounts. Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Loans and/or the Commitments assigned, except that this clause (ii) shall not prohibit any Lender from assigning all or a portion of its rights and obligations among separate Facilities on a non-pro rata basis.

(iii) Required Consents. No consent shall be required for any assignment by a Lender except to the extent required by paragraph (b)(i)(B) of this Section and, in addition:

(A) the consent of the Borrower (such consent not to be unreasonably withheld or delayed) shall be required unless (x) an Event of Default has occurred and is continuing at the

time of such assignment, or (y) such assignment is to a Lender, an Affiliate of a Lender or an Approved Fund; provided that the Borrower shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within five Business Days after having received notice thereof;

(B) the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed) shall be required for assignments in respect of (i) the Revolving Facility or any unfunded Commitments with respect to the Term Loan Facility if such assignment is to a Person that is not a Lender with a Commitment in respect of such Facility, an Affiliate of such Lender or an Approved Fund with respect to such Lender, or (ii) any Term Loans to a Person who is not a Lender, an Affiliate of a Lender or an Approved Fund; and

(C) the consent of each Issuing Lender and the Swingline Lender (such consent not to be unreasonably withheld or delayed) shall be required for any assignment in respect of the Revolving Facility.

(iv) Assignment and Assumption. The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of $3,500; provided that the Administrative Agent may, in its reasonable discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent any such administrative questionnaire as the Administrative Agent may request.

(v) No Assignment to Certain Persons. No such assignment shall be made to (A) a Loan Party or any of a Loan Party's Affiliates or Subsidiaries, (B) to any Defaulting Lender or any of its Subsidiaries, or any Person who, upon becoming a Lender hereunder, would constitute a Defaulting Lender or a Subsidiary thereof, or (C) to any Disqualified Lender. The Borrower agrees that the list of Disqualified Lenders may be shared with any Lender.

(vi) No Assignment to Natural Persons. No such assignment shall be made to a natural Person (or a holding company, investment vehicle or trust for, owned and operated for the primary benefit of, a natural Person).

(vii) Certain Additional Payments. In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent, the Issuing Lenders, the Swingline Lender and each other Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full pro rata share of all Loans and participations in Letters of Credit and Swingline Loans in accordance with its Revolving Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting

Lender for all purposes of this Agreement until such compliance occurs.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to paragraph (c)of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits and subject to the obligations of Sections 2.17, 2.18, 2.19 and 10.5 with respect to facts and circumstances occurring prior to the effective date of such assignment; provided that except to the extent otherwise expressly agreed by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this paragraph shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (d) of this Section.

(c) Register. The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at one of its offices in New York a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts (and stated interest) of the Loans owing to, each Lender pursuant to the terms hereof from time to time (the "***Register***"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Participations. Any Lender may at any time, without the consent of, or notice to, the Borrower or the Administrative Agent, sell participations to any Person (other than a natural Person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural Person, a Disqualified Lender, or any Loan Party or any of any Loan Party's Affiliates or Subsidiaries) (each, a "***Participant***") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Commitments and/or the Loans owing to it); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent, the Issuing Lenders and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnities under Sections 2.18(e) and 9.7 with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver which affects such Participant and for which the consent of such Lender is required (as described in Section 10.1). The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.17, 2.18 and 2.19 (subject to the requirements and limitations therein, including the requirements under Section 2.18(f) (it being understood that the documentation required under Section 2.18(f) shall be delivered by such Participant to the Lender granting the participation)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph

(b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.21 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Sections 2.17 or 2.18, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a change in any Requirement of Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.21 with respect to any Participant. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 10.7 as though it were a Lender; provided that such Participant agrees to be subject to Section 2.16(k) as though it were a Lender. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "***Participant Register***"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(e) Certain Pledges. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or any central banking authority; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(f) Notes. The Borrower, upon receipt by the Borrower of written notice from the relevant Lender, agrees to issue Notes to any Lender requiring Notes to facilitate transactions of the type described in Section 10.6.

(g) Representations and Warranties of Lenders. Each Lender, upon execution and delivery hereof or upon succeeding to an interest in the Commitments or Loans, as the case may be, represents and warrants as of the Restatement Date or as of the effective date of the applicable Assignment and Assumption that (i) it is an Eligible Assignee; (ii) it has experience and expertise in the making of or investing in commitments, loans or investments such as the Commitments and Loans; and (iii) it will make or invest in its Commitments and Loans for its own account in the ordinary course of its business and without a view to distribution of such Commitments and Loans within the meaning of the Securities Act or the Exchange Act, or other federal securities laws (it being understood that, subject to the provisions of this Section 10.6, the disposition of such Commitments and Loans or any interests therein shall at all times remain within its exclusive control).

(h) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Lead Arrangers and their respective Affiliates, that at least one of the following is and will be true:

A. such Lender is not using "plan assets" (within the meaning of 29 CFR § 2510.3-101, as modified by Section 3(42) of ERISA) of one or more Benefit Plans in connection with the Loans, the Letters of Credit or the Commitments,

B. the prohibited transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable so as to exempt from the prohibitions of Section 406 of ERISA and Section 4975 of the Code such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement,

C. (A) such Lender is an investment fund managed by a "Qualified Professional Asset Manager" (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Letters of Credit, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement, or

D. such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, the Borrower and such Lender.

(i) In addition, unless either (1) sub-clause (A) in the immediately preceding clause (h) is true with respect to a Lender or (2) such Lender has provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (h), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Lead Arrangers and their respective Affiliates, that none of the Administrative Agent, the Lead Arrangers or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender involved in the Loans, the Letters of Credit, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto).

(j) The Administrative Agent and the Lead Arrangers hereby inform the Lenders that each such Person is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Person has a financial interest in the transactions contemplated hereby in that such Person or an Affiliate thereof (i) may receive interest or other payments with respect to the Loans, the Letters of Credit, the Commitments and this Agreement, (ii) may recognize a gain if it extended the Loans, the Letters of Credit or the Commitments for an amount less than the amount being paid for an interest in the Loans, the Letters of Credit or the Commitments by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency

fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees, amendment fees, processing fees, term out premiums, banker's acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

10.7 Adjustments; Set-off.

(a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender or to the Lenders under a particular Facility, if any Lender (a "***Benefitted Lender***") shall receive any payment of all or part of the Obligations owing to it, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set-off, pursuant to events or proceedings of the nature referred to in Section 8.1(f), or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the Obligations owing to such other Lender, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the Obligations owing to each such other Lender, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

(b) Upon the occurrence and during the continuance of any Event of Default, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, without prior notice to the Borrower or any other Loan Party, any such notice being expressly waived by the Borrower and each Loan Party, to the fullest extent permitted by applicable law, to set off and apply any and all deposits (general or special, time or demand, provisional or final), in any currency, at any time held or owing, and any other credits, indebtedness, claims or obligations, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender, its Affiliates or any branch or agency thereof to or for the credit or the account of the Borrower or any other Loan Party, as the case may be, against any and all of the obligations of the Borrower or such other Loan Party now or hereafter existing under this Agreement or any other Loan Document or any Bank Services Agreement or FX Contract to such Lender or its Affiliates, irrespective of whether or not such Lender or Affiliate shall have made any demand under this Agreement or any other Loan Document or Bank Services Agreement or FX Contract and although such obligations of the Borrower or such other Loan Party may be contingent or unmatured or are owed to a branch, office or Affiliate of such Lender different from the branch, office or Affiliate holding such deposit or obligated on such indebtedness; provided that in the event that any Defaulting Lender or any of its Affiliates shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 2.21 and, pending such payment, shall be segregated by such Defaulting Lender or Affiliate thereof from its other funds and deemed held in trust for the benefit of the Administrative Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender or Affiliate thereof as to which it exercised such right of setoff. Each Lender agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application made by such Lender or any of its Affiliates; provided that the failure to give such notice shall not affect the validity of such setoff and application. The rights of each Lender and its Affiliates under this Section 10.7 are in addition to other rights and remedies (including other rights of set-off) which such Lender or its Affiliates may have.

10.8 Payments Set Aside. To the extent that any payment or transfer by or on behalf of the Borrower is made to the Administrative Agent or any Lender, or the Administrative Agent or any Lender

exercises its right of setoff, and such payment or transfer or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any Insolvency Proceeding or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Effective Rate from time to time in effect. This Section 10.8 shall survive the Discharge of Obligations.

10.9 Interest Rate Limitation. Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable law (the "***Maximum Rate***"). If the Administrative Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the Loans or, if it exceeds such unpaid principal, refunded to the Borrower. In determining whether the interest contracted for, charged, or received by the Administrative Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable law, (a) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof, and (c) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations hereunder.

10.10 Counterparts; Electronic Execution of Assignments.

(a) This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile or other electronic mail transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent.

(b) The words "execution," "signed," "signature," and words of like import in any Assignment and Assumption shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

10.11 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 10.11, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited under or in connection with any Insolvency Proceeding, as determined in good faith by the Administrative Agent or any Issuing Lender, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

10.12 Integration. The Fee Letters, this Agreement, the other Loan Documents, the Bank Services Agreements, and the FX Contracts represent the entire agreement of the Borrower, the other Loan Parties, the Administrative Agent and the Lenders with respect to the subject matter hereof and thereof,

and there are no promises, undertakings, representations or warranties by the Administrative Agent or any Lender relative to the subject matter hereof not expressly set forth or referred to herein or therein.

10.13 GOVERNING LAW. This Agreement, the other Loan Documents and any claims, controversy, dispute or causes of actions arising therefrom (whether in contract or tort or otherwise) shall be construed in accordance with and governed by the law of the State of New York. This Section 10.13 shall survive the Discharge of Obligations.

10.14 Submission to Jurisdiction; Waivers. The Borrower hereby irrevocably and unconditionally:

(a) submits, for itself and its property, to the exclusive jurisdiction of the Supreme Court of the State of New York sitting in the Borough of Manhattan, New York County and of the United States District Court of the Southern District of New York sitting in the Borough of Manhattan, and any appellate court from any thereof, in any action or proceeding arising out of or relating to any Loan Document, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be binding (subject to appeal as provided by applicable law) and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement or any other Loan Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to this Agreement or any other Loan Document against any Loan Party or its properties in the courts of any jurisdiction;

(b) **WAIVES, TO THE EXTENT PERMITTED BY APPLICABLE LAW, ITS RIGHT TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION ARISING OUT OF OR BASED UPON THIS AGREEMENT, THE OTHER LOAN DOCUMENTS OR ANY CONTEMPLATED TRANSACTION, INCLUDING CONTRACT, TORT, BREACH OF DUTY AND ALL OTHER CLAIMS. THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE PARTIES TO ENTER INTO THIS AGREEMENT. EACH PARTY HAS REVIEWED THIS WAIVER WITH ITS COUNSEL**;

(c) consents to service of process in the manner provided for notices in Section 10.2; provided that nothing in this Agreement or any other Loan Document will affect the right of any party to this Agreement to serve process in any other manner permitted by law; and

(d) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive or consequential damages.

This Section 10.14 shall survive the Discharge of Obligations.

10.15 Acknowledgements. The Borrower hereby acknowledges that:

(a) The Administrative Agent, Lead Arrangers and each Lender and their respective Affiliates (collectively, solely for purposes of this Section 10.15, the "Lenders"), may have economic

interests that conflict with those of the Loan Parties;

(b) it has been advised by counsel and has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate in the negotiation, execution and delivery of this Agreement and the other Loan Documents;

(c) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents;

(d) no Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between the Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor;

(e) the arranging and other services regarding this Agreement described herein are arm's-length commercial transactions between the Borrower and its Affiliates, on the one hand, and the Lenders, on the other hand;

(f) no Lender has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents;

(g) the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and no Lender has any obligation to disclose any of such interests to the Borrower or its Affiliates; and

(h) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the Transactions contemplated hereby among the Lenders or among the Borrower and the Lenders.

10.16 Releases of Guarantees and Liens.

(a) Notwithstanding anything to the contrary contained herein or in any other Loan Document, the Administrative Agent is hereby irrevocably authorized by each Lender (without requirement of notice to or consent of any Lender except as expressly required by Section 10.1) to take, and for the benefit of the Borrower the Administrative Agent agrees to take, any action requested by the Borrower having the effect of releasing any Collateral or guarantee obligations (1) to the extent necessary to permit consummation of any transaction not prohibited by any Loan Document or that has been consented to in accordance with Section 10.1 or (2) under the circumstances described in Section 10.16(b) below.

(b) At such time as the Discharge of Obligations shall have occurred, the Collateral shall automatically be released from the Liens created by the Security Documents and Bank Services Agreements and FX Contracts (other than any Bank Services Agreements used to Cash Collateralize any Obligations arising in connection with Bank Services Agreements and FX Contracts), and all obligations (other than those expressly stated to survive such termination) of the Administrative Agent and each Loan Party under the Security Documents and Bank Services Agreements and FX Contracts (other than any Bank Services Agreements used to Cash Collateralize any Obligations arising in connection with Bank Services Agreements and FX Contracts) shall terminate, all without delivery of any instrument or performance of any act by any Person.

10.17 Treatment of Certain Information; Confidentiality. Each of the Administrative Agent and each Lender agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its Related Parties (it being understood that the

Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, upon the request or demand of any Governmental Authority, in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law or if requested or required to do so in connection with any litigation or similar proceeding; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or Bank Services Agreement or FX Contracts or any action or proceeding relating to this Agreement or any other Loan Document or Bank Services Agreement or FX Contracts or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement, or (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or the Facilities or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to the Facilities; (h) with the consent of the Borrower; or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent, any Lender or any of their respective Affiliates on a non-confidential basis from a source other than the Borrower provided that no disclosure shall be made to any Disqualified Lender. In addition, the Administrative Agent and the Lenders may disclose the existence of this Agreement and information about this Agreement to market data collectors, similar service providers to the lending industry and service providers to the Administrative Agent and the Lenders in connection with the administration of this Agreement, the other Loan Documents and the Commitments.

Notwithstanding anything herein to the contrary, any party to this Agreement (and any employee, representative, or other agent of any party to this Agreement) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the Transactions contemplated by this Agreement and all materials of any kind (including opinions or other tax analyses) that are provided to it relating to such tax treatment and tax structure. However, any such information relating to the tax treatment or tax structure is required to be kept confidential to the extent necessary to comply with any applicable federal or state securities laws.

For purposes of this Section, "***Information***" means all information received from the Borrower or any of its Subsidiaries relating to the Borrower or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a non-confidential basis prior to disclosure by the Borrower or any of its Subsidiaries. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

Each of the Administrative Agent and each Lender shall be permitted to use any information (not constituting Information subject to the foregoing confidentiality restrictions) related to the syndication and arrangement of the senior credit facilities contemplated by this Agreement in connection with

marketing, press releases or other transactional announcements or updates provided to investor or trade publications, including the placement of "tombstone" advertisements in publications of its choice at its own expense.

10.18 Automatic Debits. With respect to any principal, interest, fee, or any other cost or expense (including attorney costs of the Administrative Agent or any Lender payable by the Borrower hereunder) due and payable to the Administrative Agent or any Lender under the Loan Documents, the Borrower hereby irrevocably authorizes the Administrative Agent to debit any deposit account of the Borrower maintained with the Administrative Agent in an amount such that the aggregate amount debited from all such deposit accounts does not exceed such principal, interest, fee or other cost or expense. If there are insufficient funds in such deposit accounts to cover the amount then due, such debits will be reversed (in whole or in part, in the Administrative Agent's sole discretion) and such amount not debited shall be deemed to be unpaid. No such debit under this Section 10.18 shall be deemed a set-off.

10.19 Judgment Currency. If, for the purposes of obtaining judgment in any court, it is necessary to convert a sum due hereunder or any other Loan Document in one currency into another currency, the rate of exchange used shall be that at which in accordance with normal banking procedures the Administrative Agent could purchase the first currency with such other currency on the Business Day preceding that on which final judgment is given. The obligation of each Borrower and each other Loan Party in respect of any such sum due from it to the Administrative Agent or any Lender hereunder or under any other Loan Document shall, notwithstanding any judgment in a currency (the "***Judgment Currency***") other than that in which such sum is denominated in accordance with the applicable provisions of this Agreement (the "***Agreement Currency***"), be discharged only to the extent that on the Business Day following receipt by the Administrative Agent or such Lender, as the case may be, of any sum adjudged to be so due in the Judgment Currency, the Administrative Agent or such Lender, as the case may be, may in accordance with normal banking procedures purchase the Agreement Currency with the Judgment Currency. If the amount of the Agreement Currency so purchased is less than the sum originally due to the Administrative Agent or any Lender from any Borrower or any other Loan Party in the Agreement Currency, such Borrower and each other Loan Party agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Administrative Agent or such Lender, as the case may be, against such loss. If the amount of the Agreement Currency so purchased is greater than the sum originally due to the Administrative Agent or any Lender in such currency, the Administrative Agent or such Lender, as the case may be, agrees to return the amount of any excess to such Borrower or other Loan Party, as applicable (or to any other Person who may be entitled thereto under applicable law).

10.20 Patriot Act. Each Lender and the Administrative Agent (for itself and not on behalf of any other party) hereby notifies the Borrower that, pursuant to the requirements of the Patriot Act, it is required to obtain, verify and record information that identifies the Borrower, which information includes the names and addresses and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act. The Borrower will, and will cause each of its Subsidiaries to, provide, to the extent commercially reasonable or required by any Requirement of Law, such information and take such actions as are reasonably requested by the Administrative Agent or any Lender to assist the Administrative Agent and the Lenders in maintaining compliance with the Patriot Act.

(a) **Termination.** Notwithstanding anything to the contrary contained herein or in any other Loan Document: this Agreement (other than Sections 2.17, 2.18, 2.19, 10.5, 10.8, 10.13 and 10.14, Section 9 and any other agreement set forth in a Loan Document that expressly survives the termination of the Commitments and the Discharge of Obligations) and any Commitment of any Lender hereunder shall terminate upon the occurrence of the Discharge of Obligations.

10.21 Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any

Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

10.22 Acknowledgement Regarding Any Supported QFCs. To the extent that the Loan Documents provide support, through a guarantee or otherwise, for any Swap Agreement or any other agreement or instrument that is a QFC (such support, "***QFC Credit Support***", and each such QFC, a "***Supported QFC***"), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the "***U.S. Special Resolution Regimes***") in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States): In the event a Covered Entity that is party to a Supported QFC (each, a "***Covered Party***") becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

10.23 No Advisory or Fiduciary Responsibility. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), Borrower acknowledges and agrees that: (i) (A) the arranging and other services regarding this Agreement provided by the Lenders are arm's-length commercial transactions between the Borrower and its Affiliates, on the one hand, and the Lenders, on the other hand, (B) Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) each of the Lenders is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any of its Affiliates, or any other Person and (B) no Lender has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) each of the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and no Lender has any obligation to disclose any of such interests to the Borrower or its Affiliates. To the fullest extent permitted by law, Borrower hereby waives and releases any claims that it may have against each of the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 11 AMENDMENT AND RESTATEMENT

11.1 Amendment and Restatement. Upon the execution and delivery of this Agreement, and the satisfaction of the conditions set forth herein, including Section 5.1 hereof, the "Obligations" under, and as such term is defined in, the Existing Credit Agreement shall continue in full force and effect, but shall now be governed by the terms and conditions set forth in this Agreement as amended hereby. Such Obligations, together with any and all additional Obligations incurred by the Borrower hereunder or under any of the other Loan Documents, shall continue to be secured by the assets of the Borrower and the other Loan Parties and Enterasys whether now existing or hereafter acquired and wheresoever located subject to the exceptions set forth herein and in the Security Documents, all as more specifically set forth in the Security Documents. The Borrower hereby reaffirms such Obligations, grants of security interests, pledges and the validity of all covenants contained in any and all Security Documents. The execution and delivery of this Agreement shall not constitute a novation of the Obligations under the Existing Credit Agreement.

EXTREME NETWORKS, INC.
INSIDER TRADING POLICY
Adopted February 12, 2013
As Amended Effective February 14, 2024

I. TRADING IN COMPANY SECURITIES WHILE IN POSSESSION OF MATERIAL NONPUBLIC INFORMATION IS PROHIBITED

The purchase or sale of securities by any person who possesses material nonpublic information is a violation of federal and state securities laws. These laws also prohibit anyone who is aware of material nonpublic information from providing this information to others who may trade. Violating such laws can undermine investor trust, harm the reputation and integrity of Extreme Networks, Inc. (together with its subsidiaries, the "***Company***"), and result in dismissal from the Company or even serious criminal and civil charges against the individual and the Company. It is the policy of the Company that any person subject to this Insider Trading Policy (this "***Policy***") (each, an "***Insider***") who possesses material nonpublic information pertaining to the Company may not trade in the Company's securities, advise anyone else to do so, or communicate the information to anyone else until you know that the information has been disseminated to the public.

For the purposes of this Policy, employees, officers, and directors of the Company and its subsidiaries, as well as any other persons whom the Company's insider trading Compliance Officers may designate because they have access to material nonpublic information concerning the Company, are included within the term "***Insider***."

No Insider who is aware of material nonpublic information relating to the Company may, directly or through family members or other persons or entities,

- buy or sell securities of the Company, other than pursuant to a trading plan that complies with Rule 10b5-1 promulgated by the Securities and Exchange Commission ("***SEC***"),
- engage in any other action to take personal advantage of that information, or
- pass that information on to others outside the Company, including friends and family (a practice referred to as "tipping").

In addition, it is the policy of the Company that no Insider who, in the course of working for the Company, learns of material nonpublic information of another company with which the Company does business, such as a customer or supplier or a company with which the Company may be negotiating a major transaction, may trade in that company's securities until that information becomes public or is no longer material.

When an Insider is prohibited from trading in the Company's securities because he or she is aware of material nonpublic information, he or she may not have a third-party trade in securities on his or her behalf or disclose such information to any third party, other than on a need-to-know basis. Any trades made by a third party on behalf of an Insider will be attributed to that Insider. Thus, trades in the Company's securities held in street name in an Insider's account or for his or her benefit at a brokerage firm are also prohibited if the Insider is otherwise prohibited from trading in the Company's securities. If an Insider invests in a "managed account" or arrangement (other than pursuant to a trading plan that complies with

SEC Rule 10b5-1), he or she should instruct the broker or advisor not to trade in the Company's securities on his or her behalf.

II. ALL INSIDERS AND THEIR FAMILY MEMBERS AND AFFILIATES ARE SUBJECT TO THIS POLICY

This Policy applies to all Insiders, all members of the Insiders' household, and any entities (such as trusts, limited partnerships and corporations) controlled by such individuals subject to the Policy and transactions by these entities should be treated for the purposes of this Policy as if they were for the individual's own account. Insiders are responsible for ensuring compliance by family members and members of their households and by entities controlled by such individuals.

III. EXECUTIVE OFFICERS, DIRECTORS AND CERTAIN NAMED EMPLOYEES ARE SUBJECT TO ADDITIONAL RESTRICTIONS

A. Section 16 Insiders. "***Section 16 Insiders***" means the members of the Board of Directors and those individuals who meet the definition of "officer" under Section 16 of the Securities Exchange Act of 1934, as amended (the "***Exchange Act***"). The Company will maintain a list of Section 16 Insiders and amend such list from time to time as necessary to reflect the addition and the resignation or departure of Section 16 Insiders in accordance with Section IX of the Appendix to this Policy.

B. Designated Insiders. The Company will maintain a list of "***Designated Insiders***," as more fully described in Section IX of the Appendix to this Policy, and will amend such list from time to time as necessary to reflect the addition or removal of individuals as their role or access to such information changes.

C. Additional Restrictions on Designated Insiders. Because Designated Insiders are more likely than other Insiders to possess material nonpublic information about the Company, and in light of the reporting requirements to which Section 16 Insiders are subject under Section 16 of the Exchange Act, Designated Insiders are subject to the additional restrictions set forth in the Appendix to this Policy.

IV. INSIDER TRADING COMPLIANCE OFFICERS

The Company has designated its Chief Administrative Officer and its Principal Financial Officer as its Insider Trading Compliance Officers (the "***Compliance Officers***").

The duties of the Compliance Officers will include the following:

- Administering this Policy and monitoring and enforcing compliance with all Policy provisions and procedures.
- Responding to all inquiries relating to this Policy and its procedures.
- Designating and announcing special trading blackout periods during which no Insiders may trade in Company securities.
- Providing copies of this Policy and other appropriate materials to all current and new Insiders.
- Administering, monitoring and enforcing compliance with federal and state insider trading laws and regulations.

- Revising the Policy as necessary to reflect changes in federal or state insider trading laws and regulations.

- Maintaining as Company records originals or copies of all documents required by the provisions of this Policy or the procedures set forth herein, and copies of all required SEC reports relating to insider trading, including without limitation Forms 3, 4, 5 and 144 and Schedules 13D and 13G.

- Maintaining the accuracy of the list of Designated Insiders and updating such list periodically as necessary to reflect additions or deletions.

Each Compliance Officer may designate one or more individuals who may perform the Compliance Officer's duties in the event that the Compliance Officer is unable or unavailable to perform such duties. In fulfilling his or her duties under this Policy, the Compliance Officers shall be authorized to consult with the Company's outside counsel.

V. APPLICABILITY OF THIS POLICY TO TRANSACTIONS IN COMPANY SECURITIES

A. General Rule. This Policy applies to all transactions in the Company's securities, including common stock and any other securities the Company may issue from time to time, such as preferred stock, warrants and convertible debentures, as well as to derivative securities relating to the Company's stock, whether or not issued by the Company, such as exchange-traded options. For purposes of this Policy, the term "***trade***" includes any transaction in the Company's securities, including purchases and sales. These definitions extend to a broad range of transactions, including conventional cash-for-stock transactions, conversions, the exercise of stock options, and acquisitions and exercises of warrants or puts, calls or other derivative securities.

B. Transactions Exempt from the Policy.

Transactions with the Company. The trading prohibitions and restrictions set forth in this Policy do not apply to purchases of the Company's securities from the Company, or sales of the Company's securities to the Company.

Equity Incentive Plans. The trading prohibitions and restrictions set forth in this Policy do not apply to the exercise of stock options or other equity awards or the surrender of shares to the Company in payment of the exercise price or in satisfaction of any tax withholding obligations in a manner permitted by the applicable equity award agreement, or vesting of equity-based awards, in each case, that do not involve a market sale of the Company's securities. The "cashless exercise" of a Company stock option or other equity award through a broker does involve a market sale of the Company's securities, and therefore would not qualify under this exception.

Employee Stock Purchase Plans. The trading prohibitions and restrictions set forth in this Policy do not apply to periodic contributions by the Company or employees to employee stock purchase plans or employee benefit plans (e.g., a pension or 401(k) plan) which are used to purchase Company securities pursuant to the employee's advance instructions. Any sale of securities acquired under such plans is subject to the prohibitions and restrictions of this Policy.

Gift Transactions. The trading prohibitions and restrictions set forth in this Policy do not apply to bona fide gifts of the Company's securities, unless the individual making the gift knows, or is reckless in not knowing, the recipient intends to sell the securities while the donor is in possession of material nonpublic information about the Company.

10b5-1 Plans. The trading prohibitions and restrictions set forth in this Policy do not apply to transactions made pursuant to a plan adopted to comply with Rule 10b5-1 and that complies with the requirements in Section X of the Appendix to this Policy.

VI. DEFINITION OF "MATERIAL NONPUBLIC INFORMATION"

A. "***Material***". Information is considered "material" if there is a substantial likelihood that a reasonable investor would consider it important in making a decision to buy, sell, or hold a security, or if the information is likely to have a significant effect on the market price of the security. Material information can be both positive and negative and can relate to virtually any aspect of a company's business or to any type of security, debt, or equity. While it is not possible to identify all information that would be deemed material, the following types of information ordinarily would be considered material:

- Financial performance, especially quarterly and year-end operating results, and significant changes in financial performance or liquidity.
- Company projections and strategic plans.
- Potential mergers or acquisitions, the sale of Company assets or subsidiaries, tender offers or major partnering agreements.
- New major contracts, orders, suppliers, customers or finance sources or the loss thereof.
- Major discoveries or significant changes or developments in products or product lines, research or technologies.
- Significant changes or developments in supplies or inventory, including significant vendor issues, product defects, recalls or product returns.
- Significant pricing changes.
- Stock splits, public or private securities/debt offerings, or changes in Company dividend policies or amounts.
- The establishment or termination of a repurchase program of the Company's securities.
- A change in auditors or notification that the auditor's reports may no longer be relied upon.
- Defaults on borrowings or bankruptcy.
- Significant changes in senior management or membership of the Board of Directors.
- Actual or threatened major litigation, or the resolution of such litigation.
- Receipt or denial of regulatory approval for products.
- A significant cybersecurity incident, such as a data breach.
- The existence of event-specific special blackout periods.

This list is intended to provide examples of the types of issues which might give rise to material information and is not intended to be exhaustive.

B. "***Nonpublic***". Material information is "nonpublic" if it has not been widely disseminated to the general public through a report filed with the SEC, through major newswire services, national news services or financial news services, or through a Regulation FD compliant conference call. The circulation of rumors, even if accurate and reported in the media, does not constitute effective public dissemination. For the purpose of this Policy, information will be considered public after the close of trading on the second full trading day following the Company's widespread public release of the information.

C. Consult One of the Compliance Officers When in Doubt. Any Insiders who are unsure whether the information that they possess is material or nonpublic should consult with one of the Compliance Officers for guidance before trading in any Company securities.

VII. INSIDERS MAY NOT DISCLOSE MATERIAL NONPUBLIC INFORMATION TO OTHERS OR MAKE RECOMMENDATIONS REGARDING TRADING IN COMPANY SECURITIES

No Insider may disclose material nonpublic information concerning the Company to any other person (including family members) where such information may be used by such person to his or her advantage in the trading of the securities of companies to which such information relates, a practice commonly known as "tipping." No Insider or related person may make recommendations or express opinions as to trading in the Company's securities while in possession of material nonpublic information, except such person may advise others not to trade in the Company's securities if doing so might violate the law or this Policy.

VIII. INSIDERS MAY NOT PARTICIPATE IN CHAT ROOMS OR BLOGS

Insiders are prohibited from participating in chat room discussions, blogs or other Internet forums or similar means of electronic communication regarding the Company's securities.

IX. ONLY DESIGNATED COMPANY SPOKESPERSONS ARE AUTHORIZED TO DISCLOSE MATERIAL NONPUBLIC INFORMATION

Federal securities laws prohibit the Company from the selective disclosure of material nonpublic information. The Company has established procedures for releasing material information in a manner that is designed to achieve broad dissemination of the information immediately upon its release. Insiders may not, therefore, disclose material nonpublic information to anyone outside the Company, including family members and friends, other than in accordance with those established procedures. Any inquiries from outsiders regarding material nonpublic information about the Company should be forwarded to one of the Compliance Officers.

X. CERTAIN TYPES OF TRANSACTIONS ARE PROHIBITED OR LIMITED

A. Short Sales. Short sales of the Company's securities, or sales of shares that the insider does not own at the time of sale, or sales of shares against which the insider does not deliver the shares within 20 days after the sale, evidence an expectation on the part of the seller that the securities will decline in value, and therefore signal to the market that the seller has no confidence in the Company or its short-term prospects. In addition, short sales may reduce the seller's incentive to improve the Company's performance. For these reasons, short sales of the Company's securities are prohibited by this Policy. In addition, Section 16(c) of the Exchange Act expressly prohibits Section 16 Insiders from engaging in short sales.

B. Publicly Traded Options. A transaction in options is, in effect, a bet on the short-term movement of the Company's stock and therefore creates the appearance that the Insider is trading based on inside information. Transactions in options also may focus the Insider's attention on short-term performance at the expense of the Company's long-term objectives. Accordingly, transactions in puts, calls or other derivative securities involving the Company's equity securities, on an exchange, on an over-the-counter market, or in any other organized market, are prohibited by this Policy (Option positions arising from certain types of hedging transactions are governed by the section below captioned "***Hedging Transactions***").

C. Hedging Transactions. Hedging transactions involving the Company's securities, such as prepaid variable forward contracts, equity swaps, collars and exchange funds, or other transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of the Company's equity securities, are prohibited by this Policy. Such transactions allow the Insider to continue to own the covered securities, but without the full risks and rewards of ownership. When that occurs, the Covered Person may no longer have the same objectives as the Company's other stockholders.

D. Margin Accounts and Pledges. Securities held in a margin account may be sold by the broker without the customer's consent if the customer fails to meet a margin call. Similarly, securities pledged (or hypothecated) as collateral for a loan may be sold in foreclosure if the borrower defaults on the loan. Because a margin sale or foreclosure sale may occur at a time when the pledgor is aware of material nonpublic information or otherwise is not permitted to trade in Company securities, Insiders are prohibited from holding Company securities in a margin account or pledging Company securities as collateral for a loan, except if a specific exception to this restriction is approved by the Company's Board of Directors, or a committee thereof. This prohibition does not apply to cashless exercises of stock options under the Company's equity plans.

E. Standing and Limit Orders. Standing and limit orders (except standing and limit orders under approved plans adopted to comply with Rule 10b5-1) create heightened risks for insider trading violations. There is no control over the timing of purchases or sales that result from standing instructions to a broker, and as a result the broker could execute a transaction when an Insider is in possession of material nonpublic information. Therefore, limit or standing orders may be open for a maximum of five (5) business days and should otherwise comply with the restrictions and procedures of this Policy.

XI. THE COMPANY MAY SUSPEND ALL TRADING ACTIVITIES BY INSIDERS

In order to avoid any questions and to protect both Insiders and the Company from any potential liability, from time to time the Company may impose a "special blackout" period during which some or all of the Company's Insiders may not buy or sell the Company's securities. One of the Compliance Officers may impose such a special blackout period if, in his or her judgment, there exists nonpublic information that would make trades by the Company's Insiders (or certain of the Company's Insiders) inappropriate in light of the risk that such trades could be viewed as violating applicable securities laws. In addition, Designated Insiders are subject to quarterly blackout periods as stated in Section II of the Appendix to this Policy.

XII. VIOLATIONS OF INSIDER TRADING LAWS OR THIS POLICY CAN RESULT IN SEVERE CONSEQUENCES

A. Civil and Criminal Penalties. The consequences of prohibited insider trading or tipping can be severe. Persons violating insider trading or tipping rules may be required to disgorge the profit made or the loss avoided by the trading, pay civil penalties up to three times the profit made or loss avoided, face

private action for damages, as well as being subject to criminal penalties. The Company and/or the supervisors of the person violating the rules may also be required to pay major civil or criminal penalties.

B. Company Discipline. Violation of this Policy or federal or state insider trading laws by any Insider may subject the director to removal proceedings, the officer or employee to disciplinary action by the Company, including termination for cause, and the consultant to action by the Company, including termination of the consulting relationship.

C. Reporting Violations. Any person who violates this Policy or any federal or state laws governing insider trading or knows of any such violation by any other person, must report the violation immediately to one of the Compliance Officers or the Audit Committee of the Company's Board of Directors. Upon learning of any such violation, the Compliance Officers or Audit Committee, in consultation with the Company's Chief Financial Officer, will determine whether the Company should release any material nonpublic information or whether the Company should report the violation to the SEC or other appropriate governmental authority.

XIII. EVERY INSIDER IS RESPONSIBLE

Every Insider has the individual responsibility to comply with this Policy against illegal insider trading. An Insider may, from time to time, have to forego a proposed transaction in the Company's securities even if he or she planned to make the transaction before learning of the material nonpublic information and even though the Insider believes that he or she may suffer an economic loss or forego anticipated profit by waiting.

XIV. THIS POLICY CONTINUES TO APPLY FOLLOWING TERMINATION OF EMPLOYMENT

The Policy continues to apply to transactions in the Company's securities even after termination of employment or other relationship with the Company. If an employee is in possession of material nonpublic information when his or her employment terminates, he or she may not trade in the Company's securities until that information has become public or is no longer material.

XV. THE COMPLIANCE OFFICERS ARE AVAILABLE TO ANSWER QUESTIONS ABOUT THIS POLICY

Please direct all inquiries regarding any of the provisions or procedures of this Policy to the Compliance Officers.

XVI. THIS POLICY IS SUBJECT TO REVISION

The Company may change the terms of this Policy from time to time to respond to developments in law and practice. The Company will take steps to inform all affected persons of any material change to this Policy.

XVII. ALL INSIDERS MUST ACKNOWLEDGE THEIR AGREEMENT TO COMPLY WITH THIS POLICY

The Policy will be made available on the Company's intranet and delivered to all Insiders upon its adoption by the Company, and to all new Insiders at the start of their employment or relationship with the Company. Upon first receiving a copy of the Policy, each Insider must sign an acknowledgment that he or she has received a copy and agrees to comply with the Policy and its terms. This acknowledgment and

agreement will constitute consent for the Company to issue any necessary stop-transfer orders to the Company's transfer agent to enforce compliance with this Policy. The Company may also impose sanctions for violation of this Policy.

APPENDIX

Special Restrictions on Transactions in Company Securities

I. OVERVIEW

To minimize the risk of apparent or actual violations of the rules governing insider trading, we have adopted these special restrictions relating to transactions in Company securities by Insiders. As with the other provisions of this Policy, Insiders are responsible for ensuring compliance with this Appendix, including restrictions on all trading during certain periods, by family members and members of their households and by entities over which they exercise control. Insiders should provide each of these persons or entities with a copy of this Policy.

II. TRADING WINDOW FOR DESIGNATED INSIDERS

In addition to the restrictions that are applicable to all Insiders, any trade by a Designated Insider that is subject to this Policy will be permitted only during the quarterly open "trading window." The trading window generally opens following the close of trading on the second full trading day following the public issuance of the Company's earnings release for the most recent fiscal quarter and closes at the close of trading on the fifteenth day of the third month of the fiscal quarter in which the earnings were released. In addition to the times when the quarterly trading window is scheduled to be closed, the Company may impose on certain Designated Insiders a special blackout period at its discretion due to the existence of material nonpublic information, such as a pending acquisition.

If a Designated Insider terminates during a closed window, the Designated Insiders will continue to be subject to the quarterly trading window, as well as any special blackout period in effect at the time of termination, until the trading window re-opens.

Even when the quarterly trading window is open, Designated Insiders (whether employed or terminated) are prohibited from trading in the Company's securities while in possession of material nonpublic information in accordance with federal securities laws. The Company's Compliance Officers will advise Designated Insiders when the quarterly trading window opens and closes.

III. HARDSHIP EXEMPTIONS

The Compliance Officers may, on a case-by-case basis, authorize a transaction in the Company's securities outside of the quarterly trading window (but in no event during a special blackout period) due to financial or other hardship. Any request for a hardship exemption must be in writing and must describe the amount and nature of the proposed transaction and the circumstances of the hardship. (The request may be made as part of a pre-clearance request, so long as it is in writing.) The Designated Insider requesting the hardship exemption must also certify to the Compliance Officers within two business days prior to the date of the proposed trade that he or she is not in possession of material nonpublic information concerning the Company. Approval may be granted by a single Compliance Officer, or, in the case of a member of the Board of Directors, the Board of Directors.

The existence of the foregoing procedure does not in any way obligate the Compliance Officers to approve any hardship exemption requested by a Designated Insider.

IV. PRE-CLEARANCE OF TRADES

As part of the Policy, all purchases and sales of equity securities of the Company by Insiders who are member of the Company's Board of Directors or at the Vice President level and above (collectively, the "***Insiders Subject to Pre-Clearance***"), other than transactions that are not subject to the Policy or transactions pursuant to a plan adopted to comply with Rule 10b5-1 and approved in accordance with this Policy, must be pre-cleared by one of the Compliance Officers. The intent of this requirement is to prevent inadvertent violations of the Policy, avoid trades involving the appearance of improper insider trading, facilitate timely Form 4 reporting and avoid transactions that are subject to disgorgement under Section 16(b) of the Exchange Act.

Requests for pre-clearance should be submitted in writing to one of the Compliance Officers at least two business days in advance of each proposed transaction. If the Insider Subject to Pre-Clearance leaves a voicemail message or submits the request by email and does not receive a response from one of the Compliance Officers within 24 hours, the Insider Subject to Pre-Clearance will be responsible for following up with the Compliance Officers to ensure that the message was received.

A request for pre-clearance should provide the following information:

- The nature of the proposed transaction and the expected date of the transaction.
- The number of shares or stock options involved.
- If the transaction involves a stock option exercise, the manner of exercise (e.g., "same day sale" or "cashless exercise").
- The contact information for the broker that will execute the transaction.

Once the proposed transaction is pre-cleared, the Insider Subject to Pre-Clearance may proceed with it on the approved terms, provided that he or she complies with all other securities law requirements, such as Rule 144 and prohibitions regarding trading on the basis of inside information, and with any special trading blackout imposed by the Company prior to the completion of the trade. Pre-cleared trades must be executed within five (5) business days of receiving pre-clearance. If the trade is not executed within that time frame, the Insider Subject to Pre-Clearance must request approval again. The Insider Subject to Pre-Clearance and his or her broker will be responsible for immediately reporting the results of the transaction as further described below.

In addition, pre-clearance is required for the establishment of a plan adopted to comply with Rule 10b5-1 for Insiders Subject to Pre-Clearance. However, pre-clearance will not be required for individual transactions effected pursuant to a pre-cleared plan adopted to comply with Rule 10b5-1 that specifies or establishes a formula for determining the dates, prices and amounts of planned trades. The results of transactions effected by a Section 16 Insider under a trading plan must be reported immediately to the Company since the trade may need to be reported on a Form 4 generally within two business days following the execution of the trade.

Notwithstanding the foregoing, any transactions by one of the Compliance Officers shall be subject to pre-clearance by the other Compliance Officer or, in the event of his or her unavailability, the Company's Chief Executive Officer.

V. DESIGNATED BROKERS

Each market transaction in the Company's stock by a Section 16 Insider, or any person whose trades must be reported by that Insider on Form 4 (such as a member of the Section 16 Insider's immediate family who lives in the Section 16 Insider's household), must be executed by a broker designated by the Company unless the Section 16 Insider has received authorization from the Compliance Officers to use a different broker.

A Section 16 Insider and any broker that handles the Section 16 Insider's transactions in the Company's stock will be required to enter into an agreement whereby:

- The Section 16 Insider authorizes the broker to immediately report directly to the Company the details of all transactions in Company equity securities executed by the broker in the Section 16 Insider's account and the accounts of all others designated by the Section 16 Insider whose transactions may be attributed to the Insider.

- The broker agrees not to execute any transaction for the Section 16 Insider or any of the foregoing designated persons (other than under a pre-approved plan adopted to comply with Rule 10b5-1) until the broker has verified with the Company that the transaction has been pre-cleared.

- The broker agrees to immediately report the transaction details (including transactions under plans adopted to comply with Rule 10b5-1) directly to the Company and to the Section 16 Insider by telephone and in writing (by email).

Should a Section 16 Insider wish to use a broker other than one of the Company's designated brokers, the Section 16 Insider should submit a request to use that broker to one of the Compliance Officers.

VI. REPORTING OF TRANSACTIONS FOR SECTION 16 INSIDERS

To facilitate timely reporting under Section 16 of the Exchange Act of transactions in Company securities, Section 16 Insiders are required to (a) report the details of each transaction immediately after it is executed and (b) arrange with persons whose trades must be reported by the Section 16 Insider under Section 16 (such as immediate family members living in the Section 16 Insider's household) to immediately report directly to the Company and to the Section 16 Insider the details of any transactions they have in the Company's stock. Transactions shall be reported in the time frame specified in Section X below.

Transaction details to be reported include:

- Transaction date (trade date).

- Number of shares involved.

- Price per share at which the transaction was executed (before addition or deduction of brokerage commissions and other transaction fees).

- If the transaction was a stock option exercise, the specific option exercised.

- Contact information for the broker that executed the transaction.

The transaction details must be reported to one of the Compliance Officers, with copies to the Company personnel who will assist the Section 16 Insider in preparing his or her Form 4, if required.

VII. INTERPRETATION, AMENDMENT, AND IMPLEMENTATION OF THIS POLICY

The Board of Directors or a designated committee of the Board of Directors will be responsible for monitoring and recommending any necessary or advisable modifications to the Policy including modifications to this Appendix. The Compliance Officer shall have the authority to interpret and update this Policy and all related policies and procedures. In particular, such interpretations and updates of this Policy, as authorized by the Compliance Officer, may include amendments to or departures from the terms of this Policy to the extent consistent with the general purpose of this Policy and applicable securities laws. Actions taken by the Company, the Compliance Officers, or any other Company personnel do not constitute legal advice, nor do they insulate you from the consequences of noncompliance with this Policy or with securities laws.

VIII. FORM 4 REPORTING

Under Section 16, most trades and gifts by Section 16 Insiders are subject to reporting on Form 4 within two business days following the trade date (which in the case of an open market trade is the date when the broker places the buy or sell order, not the date when the trade is settled). To facilitate timely reporting, all transactions that are subject to Section 16 must be reported to the Company ***on the same day as the trade date***, or, with respect to transactions effected pursuant to a plan adopted to comply with Rule 10b5-1, on the day the Section 16 Insider is advised of the terms of the transaction. The Section 16 Insider should report the information specified in Section VI above.

IX. NAMED EMPLOYEES CONSIDERED DESIGNATED INSIDERS

The Compliance Officers will review, on a quarterly basis, those individuals deemed to be "***Designated Insiders***" for purposes of the Policy and this Appendix. Designated Insiders shall include Section 16 Insiders as defined in Section III(A) of the Policy, Insiders who are in the position of Vice President or above, Insiders who are employees within the finance or legal departments with access to material nonpublic information, Insiders who are on the Company's disclosure committee, and such other persons as the Compliance Officers deem to be Designated Insiders. Generally, Designated Insiders shall be any person who by function of their employment or relationship to the Company is *consistently* in possession of material nonpublic information *or* performs an operational role, such as head of a division or business unit, which is material to the Company as a whole.

X. SPECIAL GUIDELINES FOR 10B5-1 TRADING PLANS

Notwithstanding the foregoing, an Insider will not be deemed to have violated the Policy if he or she effects a transaction that meets all of the enumerated criteria below.

A. **Plan Requirements**. The transaction must be made pursuant to a documented plan (the "***Plan***") entered into and acted upon in good faith that complies with all provisions of Rule 10b5-1 (the "***Rule***"), including, without limitation:

1. Each Plan must:

    a. specify the amount of securities to be purchased or sold and the price at which and the date on which the securities are to be purchased or sold, or

    b. include a written formula or algorithm, or computer program, for determining the amount of securities to be purchased or sold and the price at which and the date on which the securities are to be purchased or sold.

2. Each Plan must prohibit the Insider and any other person who possesses material nonpublic information from exercising any subsequent influence over how, when, or whether to effect purchases or sales.

3. Each Plan must have a duration of at least six months and no more than two years.

B. **Approval of Plan**. Each Plan must be approved prior to the effective time of any transactions under such Plan by one of the Compliance Officers. The Company reserves the right to withhold approval of any Plan or a modification or termination of a Plan that one of the Compliance Officers determines, in his or her sole discretion:

1. fails to comply with Rule 10b5-1, including the requirement to enter into the Plan in good faith and act in good faith with respect to the Plan;

2. exposes the Company or the Insider to liability under any other applicable state or federal rule, regulation or law;

3. creates any appearance of impropriety;

4. fails to meet the guidelines established by the Company; or

5. otherwise fails to satisfy review by one of the Compliance Officers for any reason, such failure to be determined in the sole discretion of the Compliance Officers.

None of the Company, either of the Compliance Officers nor any of the Company's officers, employees or other representatives shall be deemed, solely by their approval of an Insider's Plan, to have represented that any Plan complies with Rule 10b5-1 or to have assumed any liability or responsibility to the Insider or any other party if such Plan fails to comply with Rule 10b5-1.

C. **Establishment of Plan**. Each Plan must be established at a time when the trading window is open and the person establishing the Plan is not in possession of material nonpublic information. No transactions may be commenced under the Plan until thirty (30) days after the Plan is adopted (the "Cooling-Off Period"). An Insider may not have more than one Plan in effect at any time, except under the limited circumstances permitted by Rule 10b5-1 and subject to preapproval by one of the Compliance Officers. A Cooling-Off Period for a successive Plan may overlap with the execution period of a previous Plan, provided that trades under the new successor Plan are not scheduled to begin until after all trades under the previous Plan are completed or have expired without termination. If, however, the earlier plan is terminated, the full applicable Cooling-Off

Period for the successor Plan must be completed prior to any trades being executed under the successor Plan.

D. **Single-Trade Plans**. Only one single-trade plan is permitted during any 12-month period. A single-trade plan is one that is "designed to effect" the purchase or sale of securities as a single transaction when the plan has the practical effect of requiring such a result. Plan platforms may impose additional requirements regarding the number of trades required for a Plan.

E. **Modifications to Plans**. A Plan may only be modified when the person modifying the Plan is not in possession of material nonpublic information and the trading window is open. Modifications to a Plan that change the amount, price, or timing of the purchase or sale of the securities (or a modification or change to a written formula or algorithm, or computer program that affects the amount, price, or timing of the purchase or sale of the securities) underlying a Plan is deemed a termination and adoption of a new plan and will trigger a Cooling-Off Period of 30 days, or, for Section 16 Insiders, a Cooling-Off Period as outlined in Section X(J) of this Appendix. Any such modifications or deviations are subject to the approval of one of the Compliance Officers in accordance with Section X(B) of this Appendix. Any modifications to the Plan or deviations from the Plan without prior approval of one of the Compliance Officers will result in a failure to comply with the Policy.

F. **Trading Outside the Plan**. Trades outside the Plan are subject to Pre-Clearance, even if the employee would not otherwise be subject to pre-clearance obligations. The Compliance Officer will review the trades to confirm that the trade does not appear to have the effect of reducing or eliminating the economic consequences of the transactions under the Plan.

G. **Compliance with Law**. Each Plan must provide appropriate mechanisms to ensure that the Insider establishing the Plan complies with all rules and regulations, including Rule 144 and Section 16(b), applicable to securities transactions under the Plan.

H. **Suspension of Plan by Company**. Each Plan must provide for the suspension of all transactions under such Plan in the event that the Company, in its sole discretion, deems such suspension necessary and advisable, including suspensions necessary to comply with trading restrictions imposed in connection with any lock-up agreement required in connection with a securities issuance transaction or other similar events.

I. **Termination of Plan**. An Insider may terminate a Plan prior to its original expiration date, subject to the approval of one of the Compliance Officers in accordance with X(B) of this Appendix. Following a Plan termination, the Insider may enter into a new Plan with the approval of one of the Compliance Officers, but will be subject to the applicable Cooling-Off period before any trades may be made in the new Plan. A Plan termination is subject to the approval of one of the Compliance Officers in accordance with Section X(B) of this Appendix. If a Plan is terminated early by an Insider, then the Insider must wait at least thirty days before trading outside of the Plan.

J. **Special Rules for Section 16 Insiders**. If you are a Section 16 Insider, additional rules apply.

1. No transactions may be commenced under a Plan until expiration of the Cooling-Off Period, which, for Section 16 Insiders, shall consist of the later of:

a. 90 days after adoption of the Plan; or

b. two business days after the release of the Form 10-Q or Form 10-K for the fiscal period in which the Plan was adopted (but, in any event, this required cooling-off period is subject to a maximum of 120 days after adoption).

2. Modifications of the amount, price, or timing of the transactions are subject to the above Cooling-Off Period.

3. The Plan must contain a certification that the Section 16 Insider is not in possession of material nonpublic information and is adopting the Plan in good faith and not as a part of a plan or scheme to evade prohibitions of Rule 10b5.

K. **Public Disclosure of Plans**. The Company reserves the right to publicly disclose, announce, or respond to inquiries from the media regarding the adoption, modification, or termination of a Plan and non-Rule 10b5-1 arrangements, or the execution of transactions made under a Plan.

XI. QUALIFIED TAX WITHHOLDING ELECTIONS

Sales of securities in an amount with the intent solely to provide proceeds equal to the tax withholding obligation with respect to the vesting of such securities, provided that the order to make such sale is given to the broker during a period when the quarterly window period is open and when the Insider does not possess material nonpublic information, and if the Insider is an employee that the broker pays the proceeds to the Company (a "***Qualified Tax Withholding Election***") shall be exempt from the Policy. Sales of shares materially in excess of the amount needed to pay taxes, and same day sales of options, are not considered to be Qualified Tax Withholding Elections.

EXTREME NETWORKS, INC.

POLICY FOR RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION

Extreme Networks, Inc. (the "***Company***") has adopted this Policy for Recovery of Erroneously Awarded Compensation (the "***Policy***"), effective as of October 2, 2023 (the "***Effective Date***"). Capitalized terms used in this Policy but not otherwise defined herein are defined in Section 11. This Policy replaces and supersedes in its entirety the Company's Recoupment Policy adopted October 1, 2013 (the "Prior Policy"); provided that, notwithstanding the foregoing, any cash-based or share-based compensation, the earning or vesting of which was based on the attainment of a financial measure, and any profits realized from the sale of securities of the Company that is received prior to the Effective Date shall continue to remain subject to the Prior Policy.

1. Persons Subject to Policy

This Policy shall apply to current and former Officers of the Company.

2. Compensation Subject to Policy

This Policy shall apply to Incentive-Based Compensation received on or after the Effective Date. For purposes of this Policy, the date on which Incentive-Based Compensation is "received" shall be determined under the Applicable Rules, which generally provide that Incentive-Based Compensation is "received" in the Company's fiscal period during which the relevant Financial Reporting Measure is attained or satisfied, without regard to whether the grant, vesting or payment of the Incentive-Based Compensation occurs after the end of that period.

3. Recovery of Compensation

In the event that the Company is required to prepare a Restatement, the Company shall recover, reasonably promptly, the portion of any Incentive-Based Compensation that is Erroneously Awarded Compensation, unless the Committee has determined that recovery would be Impracticable. Recovery shall be required in accordance with the preceding sentence regardless of whether the applicable Officer engaged in misconduct or otherwise caused or contributed to the requirement for the Restatement and regardless of whether or when restated financial statements are filed by the Company. For clarity, the recovery of Erroneously Awarded Compensation under this Policy will not give rise to any person's right to voluntarily terminate employment for "good reason," or due to a "constructive termination" (or any similar term of like effect) under any plan, program or policy of or agreement with the Company or any of its affiliates.

4. Manner of Recovery; Limitation on Duplicative Recovery

The Committee shall, in its sole discretion, determine the manner of recovery of any Erroneously Awarded Compensation, which may include, without limitation, reduction or cancellation by the Company or an affiliate of the Company of Incentive-Based Compensation or

Erroneously Awarded Compensation, reimbursement or repayment by any person subject to this Policy of the Erroneously Awarded Compensation, and, to the extent permitted by law, an offset of the Erroneously Awarded Compensation against other compensation payable by the Company or an affiliate of the Company to such person. Notwithstanding the foregoing, unless otherwise prohibited by the Applicable Rules, to the extent this Policy provides for recovery of Erroneously Awarded Compensation already recovered by the Company pursuant to Section 304 of the Sarbanes-Oxley Act of 2002 or Other Recovery Arrangements, the amount of Erroneously Awarded Compensation already recovered by the Company from the recipient of such Erroneously Awarded Compensation may be credited to the amount of Erroneously Awarded Compensation required to be recovered pursuant to this Policy from such person.

5. Administration

This Policy shall be administered, interpreted and construed by the Committee, which is authorized to make all determinations necessary, appropriate or advisable for such purpose. The Board of Directors of the Company (the "***Board***") may re-vest in itself the authority to administer, interpret and construe this Policy in accordance with applicable law, and in such event references herein to the "Committee" shall be deemed to be references to the Board. Subject to any permitted review by the applicable national securities exchange or association pursuant to the Applicable Rules, all determinations and decisions made by the Committee pursuant to the provisions of this Policy shall be final, conclusive and binding on all persons, including the Company and its affiliates, equityholders and employees. The Committee may delegate administrative duties with respect to this Policy to one or more directors or employees of the Company, as permitted under applicable law, including any Applicable Rules.

6. Interpretation

This Policy will be interpreted and applied in a manner that is consistent with the requirements of the Applicable Rules, and to the extent this Policy is inconsistent with such Applicable Rules, it shall be deemed amended to the minimum extent necessary to ensure compliance therewith.

7. No Indemnification; No Liability

The Company shall not indemnify or insure any person against the loss of any Erroneously Awarded Compensation pursuant to this Policy, nor shall the Company directly or indirectly pay or reimburse any person for any premiums for third-party insurance policies that such person may elect to purchase to fund such person's potential obligations under this Policy. None of the Company, an affiliate of the Company or any member of the Committee or the Board shall have any liability to any person as a result of actions taken under this Policy.

8. Application; Enforceability

Except as otherwise determined by the Committee or the Board, the adoption of this Policy does not limit, and is intended to apply in addition to, any other clawback, recoupment, forfeiture or similar policies or provisions of the Company or its affiliates, including any such policies or provisions of such effect contained in any employment agreement, bonus plan, incentive plan, equity-based plan or award agreement thereunder or similar plan, program or agreement of the Company or an affiliate or required under applicable law (the "***Other Recovery Arrangements***"). The remedy specified in this Policy shall not be exclusive and shall be in addition to every other right or remedy at law or in equity that may be available to the Company or an affiliate of the Company.

9. Severability

The provisions in this Policy are intended to be applied to the fullest extent of the law; provided, however, to the extent that any provision of this Policy is found to be unenforceable or invalid under any applicable law, such provision will be applied to the maximum extent permitted, and shall automatically be deemed amended in a manner consistent with its objectives to the extent necessary to conform to any limitations required under applicable law.

10. Amendment and Termination

The Board or the Committee may amend, modify or terminate this Policy in whole or in part at any time and from time to time in its sole discretion. This Policy will terminate automatically when the Company does not have a class of securities listed on a national securities exchange or association.

11. Definitions

"***Applicable Rules***" means Section 10D of the Exchange Act, Rule 10D-1 promulgated thereunder, the listing rules of the national securities exchange or association on which the Company's securities are listed, and any applicable rules, standards or other guidance adopted by the Securities and Exchange Commission or any national securities exchange or association on which the Company's securities are listed.

"***Committee***" means the committee of the Board responsible for executive compensation decisions comprised solely of independent directors (as determined under the Applicable Rules), or in the absence of such a committee, a majority of the independent directors serving on the Board.

"***Erroneously Awarded Compensation***" means the amount of Incentive-Based Compensation received by a current or former Officer that exceeds the amount of Incentive-Based Compensation that would have been received by such current or former Officer based on a restated Financial Reporting Measure, as determined on a pre-tax basis in accordance with the Applicable Rules.

"***Exchange Act***" means the Securities Exchange Act of 1934, as amended.

"***Financial Reporting Measure***" means any measure determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, and any measures derived wholly or in part from such measures, including GAAP, IFRS and non-GAAP/IFRS financial measures, as well as stock or share price and total equityholder return.

"***GAAP***" means United States generally accepted accounting principles.

"***IFRS***" means international financial reporting standards as adopted by the International Accounting Standards Board.

"***Impracticable***" means (a) the direct costs paid to third parties to assist in enforcing recovery would exceed the Erroneously Awarded Compensation; provided that the Company (i) has made reasonable attempts to recover the Erroneously Awarded Compensation, (ii) documented such attempt(s), and (iii) provided such documentation to the relevant listing exchange or association, (b) to the extent permitted by the Applicable Rules, the recovery would violate the Company's home country laws pursuant to an opinion of home country counsel; provided that the Company has (i) obtained an opinion of home country counsel, acceptable to the relevant listing exchange or association, that recovery would result in such violation, and (ii) provided such opinion to the relevant listing exchange or association, or (c) recovery would likely cause an otherwise tax-qualified retirement plan, under which benefits are broadly available to employees of the Company, to fail to meet the requirements of 26 U.S.C. 401(a)(13) or 26 U.S.C. 411(a) and the regulations thereunder.

"***Incentive-Based Compensation***" means, with respect to a Restatement, any compensation that is granted, earned, or vested based wholly or in part upon the attainment of one or more Financial Reporting Measures and received by a person: (a) after beginning service as an Officer; (b) who served as an Officer at any time during the performance period for that compensation; (c) while the issuer has a class of its securities listed on a national securities exchange or association; and (d) during the applicable Three-Year Period.

"***Officer***" means each person who serves as an executive officer of the Company, as defined in Rule 10D-1(d) under the Exchange Act.

"***Restatement***" means an accounting restatement to correct the Company's material noncompliance with any financial reporting requirement under securities laws, including restatements that correct an error in previously issued financial statements (a) that is material to the previously issued financial statements or (b) that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period.

"***Three-Year Period***" means, with respect to a Restatement, the three completed fiscal years immediately preceding the date that the Board, a committee of the Board, or the officer or officers of the Company authorized to take such action if Board action is not required, concludes, or reasonably should have concluded, that the Company is required to prepare such Restatement, or, if earlier, the date on which a court, regulator or other legally authorized body directs the

Company to prepare such Restatement. The "Three-Year Period" also includes any transition period (that results from a change in the Company's fiscal year) within or immediately following the three completed fiscal years identified in the preceding sentence. However, a transition period between the last day of the Company's previous fiscal year end and the first day of its new fiscal year that comprises a period of nine to 12 months shall be deemed a completed fiscal year.
