Extreme Networks, Inc.

Extreme Networks designs, builds, and installs Ethernet infrastructure solutions that help solve the toughest business communications challenges. Our commitment to open networking sets us apart from the alternatives by delivering meaningful insight and unprecedented control to applications and services. We believe openness is the best foundation for growth, freedom, flexibility and choice. We focus on enterprises and service providers who demand high performance, converged networks that support voice, video and data over a wired and wireless infrastructure.

Extreme Networks is among the trademarks of Extreme Networks, Inc., that may be registered in the United States and other countries.
